Correlation of movements

Regions	People	Top 10 Districts	People
Banadir	5,300	Banadir	5,300
Juba Hoose	2,900	Jamaame	1,400
Bay	2,600	Jilib	1,300
Juba Dhexe	1,900	Kismaayo	1,200
Gedo	1,200	Diinsoor	1,200
Shabelle Dhexe	680	Baydhaba	940
Shabelle Hoose	670	Jowhar	530
Hiraan	450	Baardheere	450
Bakool	350	Qansax Dheere	410
Galgaduud	55	Belet Weyne	380

Regions	People	Top 10 Districts	People
Juba Hoose	5,700	Banadir	5,000
Banadir	5,000	Kismaayo	3,400
Gedo	3,900	Afmadow	2,300
Bay	2,600	Doolow	2,100
Shabelle Hoose	560	Baydhaba	1,500
Shabelle Dhexe	500	Diinsoor	1,000
Bakool	280	Ceel Waaq	710
Galgaduud	-	Baardheere	700
Hiraan	-	Afgooye	470
Juba Dhexe	-	Belet Xaawo	350

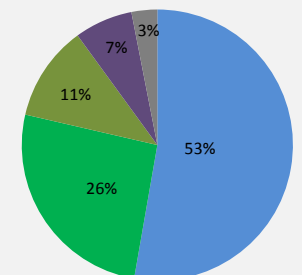

Between 1st Oct and 21st Dec 2012, displacements were mainly recorded in South Central with approximately 18,000 out of a total 20,000 displacements recorded in all three zones. 5,200 displaced people reported IDP temporary return as the major cause of displacement in South Central followed by Eviction (3,500), Insecurity (3,300), Cross border movement (2,700). The movements originated mainly from Banadir (5,300), Juba Hoose (2,900), Bay (2,600) and Juba Dhexe (1,900) regions. The top three regions people moved to were, Juba Hoose (5,700), Banadir (5,000), Gedo (3,900) among other regions.

Reason	People
IDP Temporary Return	5,200
Eviction	3,500
Insecurity	3,300
Cross border movement	2,700
Lack of livelihood	1,900

Priority Needs

- Food
- Shelter
- Livelihood support
- Transport
- Agricultural/pastoralist support

01-Oct-12 By Week 21-Dec-12
This data has been collected through the Population Movement Tracking (PMT) system. PMT is designed to capture population movement trends, not cumulative population data. Due to the fluid nature of displacement in Somalia and in order to avoid capturing multiple displacements, UNHCR limits the reporting range to a period of three months - these figures should therefore not be added and used cumulatively.

* Please note figures have been rounded using a three tier method as follows. Figures below 100 were not rounded at all. Figures between 100 and 1,000 were rounded off to the nearest tenth, figures between 1,000 and 10,000 were rounded off to the nearest hundredth and all figures above 10,000 were rounded off to a thousandth. This rounding rule was applied to the final result after all computations were undertaken.

The boundaries and names used on this map do not imply official endorsement or acceptance by the United Nations.
