Operational support and management

Crossing at Forcolom to reach Nigerian refugees living in Ngouboua, Chad.

UNHCR's Headquarters staff, located in Geneva, Budapest, Copenhagen and other regional capitals, work to ensure that the Office carries out its mandate in an effective, coherent and transparent manner.

Throughout 2015, Headquarters' divisions and bureaux continued to provide leadership and support for field operations, including through their responsibilities for the following key functions:

- Developing doctrine and policy
- Articulating strategic directions
- Directing and supporting fundraising and resource mobilization
- Prioritizing and allocating resources
- Servicing the Executive Committee and other governance bodies, allowing them to assume their oversight functions
- Ensuring financial control in accordance with United Nations and UNHCR rules and regulations
- Directing organizational development and management

- Monitoring, measuring and reporting (including results-based management)
- Oversight (inspection, evaluation, investigation and audit)
- Coordinating and directing communications and external relations
- Supporting inter-agency relations and strategic partnerships
- Ensuring organization-wide emergency, security and supply management.

In addition to its country and regional operations, UNHCR undertakes a range of projects and activities of a global nature. These global programmes are designed to be implemented at the field level, but are budgeted for and managed at Headquarters.

Tables and charts showing budgets, expenditures and voluntary contributions in 2015 for Global Programmes and Headquarters are presented on the following pages. A more detailed description of Headquarters functions and activities can be found on the *Global Focus* website at http://reporting.unhcr.org.
