IOC Executive Board, Lausanne, on 7 June 2015

During its meeting in Lausanne on 7 June 2015, following the letter of Mr Pál Schmitt, dated 10 March 2015, requesting a review of his situation and having taken into consideration the position of the IOC Ethics Commission, the IOC Executive Board took into consideration both the actual suspension of Mr Pál Schmitt's right to participate in IOC commission for three years as well as his personal situation, which has been revised at the highest level, allowing him to again exercise his role of former President of the Republic of Hungary in his country as well as in numerous official international missions. As consequence the IOC President has been allowed to again appoint him to participate in an IOC commission.
