INTRODUCTION

The procedure leading to the election of the Host City for the Olympic Games is governed by the Olympic Charter (Rule 37 and its bye-law). Rule 37 was last amended at the 110th IOC Session in December 1999 when, among fundamental changes, a two-phase procedure was introduced.

1. **PHASE 1: CANDIDATURE ACCEPTANCE PROCEDURE**

The Candidature Acceptance Procedure is conducted under the authority of the IOC Executive Board.

No city is considered a "Candidate City" until it is accepted as such by the IOC Executive Board. During this entire phase, therefore, all cities will be considered as "Applicant Cities". For the 2012 bid process, this phase will last until mid-June 2004.

Applicant Cities are required to answer a questionnaire in writing. Applications will be assessed by the IOC Administration and experts, under the authority of the Executive Board. There may or may not be visits to the Applicant Cities by experts for the performance of their duties but there will be no formal presentations by Applicant Cities to the Executive Board.

In concluding this Candidature Acceptance Procedure, the IOC Executive Board will determine which cities are to be accepted as "Candidate Cities".

2. **PHASE 2: CANDIDATURE PHASE**

Those cities accepted as "Candidate Cities" by the IOC Executive Board will go through to a second phase, during which they will be required to submit a Candidature File to the IOC.

An Evaluation Commission, composed of, inter alia, members representing the IFs, members representing the National Olympic Committees (NOCs), IOC members, representatives of the Athletes' Commission and the International Paralympic Committee, as well as IOC experts, will then examine the cities' candidatures and prepare an evaluation report, based on which the IOC Executive Board will draw up the list of Candidate Cities to be submitted to the IOC Session for election.

Throughout the entire bid process (pre-applicant, applicant and candidature phases), great emphasis is placed on the role and responsibilities of NOCs. Indeed, according to the Olympic Charter, "the NOC shall supervise and shall be jointly responsible for the actions and conduct of its city in relation to the city's candidature to host the Olympic Games". Close cooperation is therefore required between NOC and city.

It is also important to note that all cities wishing to organise the Olympic Games and their NOCs are required to comply with the Olympic Charter, the IOC Code of Ethics, the "Rules of Conduct applicable to all cities wishing to organise the Olympic Games" and all other rules, instructions and conditions which may be established by the IOC.

Finally, the IOC expects that all cities wishing to organise the Olympic Games and their NOCs bear in mind at all times that this is an Olympic competition, to be conducted in the best Olympic spirit, with respect, friendship and fair-play.

GENERAL RULES

In view of paragraph 2 of the Bye-law to Rule 37 of the Olympic Charter which states:

“All cities applying to become candidate cities to host the Olympic Games shall be subject to a candidature acceptance procedure, conducted under the authority of the IOC Executive Board, which shall determine the details of such procedure. The IOC Executive Board shall determine which cities shall be accepted as candidate cities”.

The IOC Executive Board has adopted the following rules:

1.1 Definitions

1.1.1 “Applicant Cities” :

_____	_____
_____	_____
_____	_____

1.1.2 “2012 Olympic Games”: Games of the XXX Olympiad

1.1.3 “Candidate City”: An Applicant City, the candidature of which is accepted by the IOC Executive Board as a Candidate City to host the 2012 Olympic Games.

1.1.4 “Application”: The application made to the IOC by the Applicant NOC/City for the latter to be accepted by the IOC as a Candidate City.

1.1.5 “Olympic meetings”: All meetings or events of the IOC, an IF, an NOC or their organs, commissions, working groups, committees or other bodies or associations.

1.2 Assessment of Applications

- 1.2.1 The Applicant NOCs/Cities will provide the IOC with all requested information relative to their Applications and their plans for organising the 2012 Olympic Games.
- 1.2.2 The Applicant Cities shall respond, in written files and within the time limit established by the IOC, to the list of questions submitted to them.
- 1.2.3 The IOC may appoint experts to assess the cities, including experts from the IFs, NOCs and the IOC Athletes' Commission. If so requested, the Applicant Cities shall receive such experts in their respective cities and shall respond to their questions.
- The above-mentioned experts shall be at the disposal of the IOC Executive Board for the performance of their duties.
- 1.2.4 The Executive Board shall take its decision pursuant to Rule 37 of the Olympic Charter and paragraph 1.4 below.

1.3 Criteria for Assessment of Applications

The following criteria will be considered when assessing the applications:

- 1.3.1 The potential of the Applicant Cities – including their countries – to host, organise and stage successful high level international multi-sports events;
- 1.3.2 Compliance with the Olympic Charter, the IOC Code of Ethics, the Olympic Movement Anti-doping Code, this Candidature Acceptance Procedure and all other rules, instructions and conditions which may be established by the IOC;
- 1.3.3 Any other criteria, which the IOC Executive Board, at its sole discretion, may deem reasonable to consider.

1.4 Criteria for Acceptance of Applications

When deciding which Applicant Cities shall be accepted as Candidate Cities, the IOC Executive Board will consider the criteria referred to under paragraph 1.3 above. In addition, the IOC Executive Board reserves its right to take into account any other consideration relating to the reinforcement of the principles and rules which are at the basis of Olympism.

1.5 Acceptance of Applications

The IOC Executive Board shall decide, at its sole discretion, not later than mid-June 2004, which Applicant Cities shall be accepted as Candidate Cities. It may subject its acceptance to the implementation of general or particular conditions by the Candidate Cities and/or their NOCs.

1.6 Candidature Acceptance Fee

1.6.1 Applicant NOCs/Cities shall be required to pay a non-refundable Candidature Acceptance Fee to the IOC of USD 150,000 by end of August 2003.

1.6.2 This fee shall entitle the Applicant NOCs/Cities to the following:

- All documents/information produced by the IOC for Applicant Cities;
- Protection of the word mark "[City] 2012";
- Access to the IOC's Olympic Games Knowledge Management Programme;
- Accreditation for the IOC Applicant City Information Seminar;
- Assessment of the Application by the IOC.

1.7 Abiding by Various Rules and Conditions

The Applicant NOCs/Cities shall abide, in all aspects, by all provisions of the Olympic Charter, the IOC Code of Ethics, this Candidature Acceptance Procedure and its appendices, as well as all other rules, instructions and conditions which may be established by the IOC Executive Board.

1.8 Term

The present Rules came into effect on 20 February 2003 and shall remain in force until further notice.

Lausanne, 20 February 2003

The IOC Executive Board

The City of _____ hereby certifies to have received a copy of the document entitled "Candidature Acceptance Procedure" and declares to have duly noted its contents.

The NOC of _____ hereby certifies to have received a copy of the document entitled "Candidature Acceptance Procedure" and declares to have duly noted its contents.

IOC CODE OF ETHICS

PREAMBLE

The International Olympic Committee and each of its members, the Cities wishing to organise the Olympic Games, the Organising Committees of the Olympic Games and the National Olympic Committees (hereinafter “the Olympic parties”) restate their commitment to the Olympic Charter and in particular its fundamental principles. The Olympic parties affirm their loyalty to the Olympic ideal inspired by Pierre de Coubertin.

Consequently, within the framework of the Olympic Games, the Olympic parties and the participants undertake to respect, and ensure respect of the following rules:

A. DIGNITY

1. Safeguarding the dignity of the individual is a fundamental requirement of Olympism.
2. There shall be no discrimination between participants on the basis of race, sex, ethnic origin, religion, philosophical or political opinion, marital status or other grounds.
3. No practice constituting any form of physical or mental injury to the participants will be tolerated. All doping practices at all levels are strictly prohibited. The provisions against doping in the Olympic Movement Anti-Doping Code shall be scrupulously observed.
4. All forms of harassment against participants, be it physical, mental, professional or sexual, are prohibited.
5. The Olympic parties shall guarantee the athletes conditions of safety, well-being and medical care favourable to their physical and mental equilibrium.

B. INTEGRITY

1. The Olympic parties or their representatives shall not, directly or indirectly, solicit, accept or offer any concealed remuneration, commission, benefit or service of any nature connected with the organisation of the Olympic Games.
2. Only gifts of nominal value, in accordance with prevailing local customs, may be given or accepted by the Olympic parties, as a mark of respect or friendship. Any other gift must be passed on to the organisation of which the beneficiary is a member.
3. The hospitality shown to the members and staff of the Olympic parties, and the persons accompanying them, shall not exceed the standards prevailing in the host country.

4. The Olympic parties shall avoid any conflict of interest between the organisation to which they belong and any other organisation within the Olympic Movement. If a conflict of interest arises, or if there is a danger of this happening, the parties concerned must inform the IOC Executive Board, which will take appropriate measures.
5. The Olympic parties shall use due care and diligence in fulfilling their mission. They must not act in a manner likely to tarnish the reputation of the Olympic Movement.
6. The Olympic parties must not be involved with firms or persons whose activity is inconsistent with the principles set out in the Olympic Charter and the present Code.
7. The Olympic parties shall neither give nor accept instructions to vote or intervene in a given manner within the organs of the IOC.

C. RESOURCES

1. The resources of the Olympic parties may be used only for Olympic purposes.
2. The income and expenditure of the Olympic parties shall be recorded in their accounts, which must be maintained in accordance with generally accepted accounting principles. These accounts will be checked by an independent auditor. They may be subjected to auditing by an expert designated by the IOC Executive Board.
3. The Olympic parties recognise the significant contribution that broadcasters, sponsors, partners and other supporters of sports events make to the development and prestige of the Olympic Games throughout the world. However, such support must be in a form consistent with the rules of sport and the principles defined in the Olympic Charter and the present Code. They must not interfere in the running of sports institutions. The organisation and staging of sports competitions is the exclusive responsibility of the independent sports organisations recognised by the IOC.

D. CANDIDATURES

The Olympic parties shall in all points respect the IOC Manual for cities bidding to host the Olympic Games. Candidate Cities shall, *inter alia*, refrain from approaching another party, or a third authority, with a view to obtaining any financial or political support inconsistent with the provisions of such Manual.

E. RELATIONS WITH STATES

1. The Olympic parties shall work to maintain harmonious relations with state authorities, in accordance with the principle of universality and of political neutrality of the Olympic Games. However, the spirit of humanism, fraternity and respect for individuals which inspires the Olympic ideal requires the governments of countries that are to host the Olympic Games to undertake that their countries will scrupulously respect the fundamental principles of the Olympic Charter and the present Code.

2. The Olympic parties are free to play a role in the public life of the states to which they belong. They may not, however, engage in any activity or follow any ideology inconsistent with the principles and rules defined in the Olympic Charter or set out in the present Code.
3. The Olympic parties shall endeavour to protect the environment on the occasion of any events they organise. In the context of the Olympic Games, they undertake to uphold generally accepted standards for environmental protection.

F. CONFIDENTIALITY

The Olympic parties shall not disclose information entrusted to them in confidence. Disclosure of information must not be for personal gain or benefit, nor be undertaken maliciously to damage the reputation of any person or organisation.

G. IMPLEMENTATION

1. The Olympic parties shall see to it that the principles and rules of the Olympic Charter and the present Code are applied.
2. The Olympic parties shall notify the Ethics Commission of any breach of the present Code.
3. Each year, the Ethics Commission will submit to the IOC President and Executive Board a report on the application of the present Code, noting any breaches of its rules. The Commission will propose to the IOC Executive Board sanctions, which might be taken against those responsible.
4. The Ethics Commission may set out the provisions for the implementation of the present Code in a set of bye-laws.

RULES OF CONDUCT

APPLICABLE TO ALL CITIES WISHING TO ORGANISE THE OLYMPIC GAMES

Article 1: SCOPE OF APPLICATION

These rules of conduct apply to cities wishing to organise the Olympic Games and to their National Olympic Committees (NOCs), as well as any person or organisation acting on their behalf.

The cities are successively: cities wishing to organise the Olympic Games, Applicant Cities and finally Candidate Cities. In the present text, the term “cities” applies to all three categories.

In the absence of any provision to the contrary, these rules are applicable until the end of the candidature procedure, without prejudice to subsequent operations linked to the end of such procedure.

Article 2: PRINCIPLES

The cities have the right to promote their candidature subject to these rules of conduct.

The promotion of a candidature must take place with dignity and moderation. The conduct of the cities must conform strictly to the provisions of the Olympic Charter, the IOC Code of Ethics and its Implementing Provisions. It must also respect the procedure for evaluating the candidature established by the IOC.

The NOC of a country with one or more cities wishing to organise the Olympic Games will supervise the activities and conduct of the city/cities and will be held jointly responsible.

Article 3: AUDIT

As soon as an entity or any organisation in charge of the promotion of a city, notably a bid committee, is created, it must designate an independent expert (auditor) responsible for controlling the financial operation of the bid and must immediately inform the IOC Ethics Commission and the IOC of the name of the chosen expert. The Ethics Commission and the IOC may not approve this expert if his/her independence is questionable. The expert will provide, in particular, to the IOC and the Ethics Commission, the information mentioned in Appendix 1.

Article 4: LOGO

Before becoming a Candidate City, cities may not use a logo featuring the Olympic symbol.

In accordance with the provisions of the Olympic Charter, Candidate Cities may adopt a logo, to be submitted to the IOC for approval, featuring the Olympic symbol, subject to the provisions mentioned in Appendix 2.

Article 5: INTERNET

The cities may create their own Internet site for informative purposes only.

While taking into account the previous paragraph, the site may list sponsors of the candidature. The Ethics Commission has the right to require modifications to certain pages.

Article 6: PROMOTION

The cities are authorised to promote their candidature in their NOC's territory. The territory must be understood in a restrictive manner excluding, inter alia, diplomatic representations abroad and aircraft of foreign companies serving the country.

All forms of promotion at an international level (for example newspaper or magazine articles or television programmes) are forbidden to cities wishing to organise the Olympic Games and Applicant Cities.

Only after the IOC acceptance of their Candidature File, in the final stage of the procedure, may the Candidate Cities undertake promotion at an international level.

The cities must ensure that any person or organisation acting on their behalf respect these restrictions; these persons or organisations may not, directly or indirectly, refer to the Olympic Games in their promotion abroad.

Article 7: MEETINGS AND EVENTS

A) INTERNATIONAL EVENTS HELD OUTSIDE THE COUNTRY

The cities will refrain from taking advantage of any international event held outside their NOC's territory.

Cities must not, under any circumstances, organise exhibitions, receptions or meetings, public or private, in relation to the candidature outside their country.

Subject to the IOC's consent, Candidate Cities may participate in international meetings or events on condition that the organisers offer each city equal opportunities to promote their candidatures. The methods used must take into consideration the need to limit the costs for the cities, while avoiding, in particular, presentation tables, exhibition rooms and registration costs.

The cities may be invited to events organised by the IOC, IFs, NOCs and IF and NOC associations.

B) INTERNATIONAL EVENTS HELD IN THE COUNTRY

The cities will refrain from taking advantage of any international event held in their NOC's territory.

Upon publication by the IOC of the list of Applicant Cities, the NOC will provide the IOC with a list of international Olympic sports competitions and of meetings of organisations recognised by the IOC to be held in their territory from that date until the date of the election of the host city. Any addition to this list of meetings and competitions must be previously submitted to the IOC Ethics Commission for its review.

Article 8: GIFTS

No gift should be given to or received by Olympic parties.

The same principle applies to third parties. A sense of moderation should particularly prevail concerning hospitality and accommodation.

Article 9: VISITS BY THE IOC EVALUATION COMMISSION, IFs AND THE MEDIA

The IOC Evaluation Commission will pay a working visit to each Candidate City. The Evaluation Commission will determine the period and the programme of the visit. The details of this will be provided to the Candidate Cities in due time.

The Candidate Cities may organise working visits by International Olympic Winter/Summer (as applicable) Sports Federations if these visits are necessary for the preparation of the candidature. The Candidate Cities will inform the IOC and the Ethics Commission in advance of the programme of these visits. They will respect, in particular, the provisions of article 8.

The Candidate Cities may organise visits for information purposes for representatives of the media, at the latter's cost, while strictly respecting the provisions of article 8.

The Ethics Commission may decide to take part in some of these visits.

Article 10: OTHER TRIPS AND VISITS

There will be no visits by IOC members to the cities, or from the cities to IOC members, for the promotion of their candidature.

If an IOC member must travel to a city for any reason, the city may not take advantage of this occasion for the promotion of its candidature, nor cover the costs and other expenses linked to such a visit, in particular, travel and accommodation costs.

Article 11: ASSISTANCE TO NOCs

The NOCs of cities wishing to organise the Olympic Games will provide the Ethics Commission and the IOC with the list of existing NOC aid programmes and will submit any new programmes proposed during the bid process to the IOC for its approval.

If a city is planning a sports development programme, by giving equipment or operational assistance, the programme must be placed under the responsibility of the IOC, which alone has authority to determine the rules of allocation. The development programme must include a financial amount; this amount must be considered as a commitment.

Article 12: PROMISES AND COMMITMENTS

A city must ensure that, in its file and at its presentation to the Session, it gives only such undertakings as it is certain it will be able to fulfil. If an undertaking appears disproportionate, explanations can be requested from the city concerned and, where appropriate, observations made public.

Article 13: ELECTION OF THE HOST CITY

The Ethics Commission supervises the Host City election procedure, in accordance with the provisions made by the IOC. The Commission may request an amendment to the procedure.

Article 14: RELATIONS BETWEEN CITIES

Each city must, in all circumstances and at all times, respect the other cities, as well as IOC members and the IOC itself.

The cities must refrain from making any comment, spoken or written, or portrayal of any nature, likely to tarnish the image of a rival city or be prejudicial to it.

In a spirit of fair play, any comparison with other cities is strictly forbidden.

No agreement, coalition nor collusion between cities aimed at influencing the result is permitted.

Article 15: DEBRIEFING MEETING

Six to nine months after the election of the Host City, a debriefing meeting will be organised for the Applicant and Candidate NOCs/Cities. These cities will then be invited to convey their suggestions for the future candidature processes.

Article 16: INTERPRETATION

The cities may seek the guidance of the Ethics Commission on the interpretation of the present text. Any written interpretation will be brought to the attention of all of the cities.

Article 17: SANCTIONS

Any violation of the present Rules of Conduct may be brought to the attention of the Ethics Commission, which will proceed with an inquiry. Such referral must be confirmed in writing. The Ethics Commission will keep this confidential.

Where proof of a breach of the present rules is established, the Ethics Commission may make observations or issue warnings to the city, which will be made public. In the event of a very serious or repeated violation, the Commission may also propose to the IOC Executive Board the withdrawal of the candidature.

If violations are proved to be attributable to the NOC concerned, the Ethics Commission may propose to the Executive Board to prohibit the NOC from submitting any future candidatures.

Paralympic Games

It is the obligation of the Host City to also host the Paralympic Games. The Paralympic Games will be held after the Olympic Games, with a specified period between the two events to be agreed between the IOC and the IPC.

QUESTIONNAIRE INTRODUCTION

In 2002, in keeping with IOC policy, the IOC President asked for, on the one hand, a revision of the content of the Olympic Games to be undertaken by the Olympic Programme Commission and, on the other hand, a study of the size, complexity and cost of the Olympic Games to be carried out by the Olympic Games Study Commission.

Both commissions presented reports and recommendations to the IOC Executive Board and 114th IOC Session in Mexico City in November 2002. The principal decisions taken and recommendations made are summarised below. However, it is important to note that the work of both commissions is ongoing and could therefore impact the programme for the Games of the XXX Olympiad in 2012.

1. OLYMPIC PROGRAMME COMMISSION

The task of the Olympic Programme Commission is to review and analyse the programme of sports, disciplines and events, as well as the number of athletes in each sport for the Games of the Olympiad and the Olympic Winter Games, in order to develop recommendations on the principles and structure of the Olympic Programme for the Olympic Games and Olympic Winter Games.

For the first time since 1936, the Olympic Programme Commission made a full review of the sports programme and presented its report to the 114th IOC Session in Mexico City where the principal decision of capping the number of sports at 28, the number of events at 300 and the number of athletes at 10,500 for the Games of the Olympiad was unanimously adopted.

As mentioned above, and in view of the ongoing review of the Olympic programme, the programme included in this Candidature Acceptance Procedure (Athens 2004 programme) will be subject to change for the Games of the XXX Olympiad in 2012.

The programme for the Games of the XXX Olympiad is expected to be finalised at the 117th IOC Session in Singapore in 2005.

2. OLYMPIC GAMES STUDY COMMISSION

The Olympic Games Study Commission was established with a mandate to study past, current and future Games (both summer and winter) and make recommendations on the means by which the costs, complexity and size of the Games can be controlled, while recognising that the Games remain the foremost sporting event in the world.

The Commission reviewed, amongst other things, such matters as construction, transport, competition, non-competition and training venues, accreditation, information technology, media and broadcast requirements and services, accounting and legal requirements, security and hospitality with a view to assisting host cities and host countries to control the expenditures incurred by the Olympic Games.

An interim report was presented to the IOC Session in Mexico City and five key principles were approved:

PRINCIPLE 1 – GAMES FORMAT

The IOC re-affirms the following Olympic Charter principles:

- The Olympic Games are awarded to one host city.
- The duration of the competitions shall not exceed sixteen days.
- Only sports practised on snow and ice may be considered as winter sports.

PRINCIPLE 2 – SERVICE LEVELS

Stop the ever increasing “benchmark inflation” that arises from comparisons of services provided at past Games or other major events. Service levels should be of a reasonable standard and be adapted to each client group’s real needs. Acceptable risk levels must also be addressed with some key stakeholders.

PRINCIPLE 3 – VENUES AND FACILITIES

Minimise the costs and maximise the use of competition, non-competition and training venues and guarantee an efficient usage in terms of time, space and services, while taking into consideration the needs of the Olympic Family.

PRINCIPLE 4 – NUMBER OF ACCREDITED PERSONS

The IOC should establish appropriate guidelines and find ways of containing (and ideally decreasing) the overall number of accredited persons on the occasion of the Games. The focus should be on groups that have experienced the most dramatic increases, those which have more flexible rules and those that do not have any maximum numbers.

PRINCIPLE 5 – GAMES MANAGEMENT

Recognising the fact that the Games are evolving, the IOC should clearly define its role and responsibilities within the Olympic Movement vis-à-vis all involved parties with the objective of improving Games governance. The OCOG should adopt more effective business processes with the objective of creating a more efficient and coordinated Games management through work practices that maximise all resources.

Recommendations were also made for changes to the Olympic Charter. The most significant of these recommendations concerns sustainable development and stresses the importance of leaving a positive legacy from the Olympic Games to the host city and host country. All Olympic constituents have to contribute to achieve this common goal.

The complete interim report of the Olympic Games Study Commission can be found on the IOC website at the following address: www.olympic.org

The IOC Session agreed in Mexico City that the study would be furthered and more concrete measures recommended in the final report to be submitted at the next IOC Session in Prague in July 2003.

3. OGGI (OLYMPIC GAMES GLOBAL IMPACT)

Conscious of the important impact that the organisation of the Olympic Games has on a host city and of the need for a more comprehensive understanding of the overall Games’ impact, the IOC decided to set up a new project: the Olympic Games Global Impact (OGGI) project. OGGI is a tool for analysing the impact of the Olympic Games on the host region and its residents. Its three main objectives are:

- to improve understanding of the overall Games' impact;
- to provide Organising Committees with a consistent methodology to capture the Games' effects;
- to help Applicant/Candidate Cities and future organisers identify the Games' potential benefits and burdens.

OGGI is a three-dimensional process, taking into account economic, social and environmental impact and the evolution of the context of the host city and region, through the use of a combination of 160 event and context indicators. The main goal of setting up such a process is to provide the opportunity to learn and constitute a body of knowledge, forming part of the organisers' and host city's legacy. The OGGI findings will contain information gathered from the conception of a bid, right through to the realisation of the Games and will form part of the Organising Committee's official report after the Games of the XXX Olympiad. This type of data will be of great assistance to any city, when carrying out its own impact studies with a view to putting forward a bid to host the Olympic Games

Further information regarding OGGI will be forwarded to you in due course.

4. QUESTIONNAIRE

The aim of the following questionnaire is to provide the IOC with an overview of your project to host the Olympic Games and to determine whether this corresponds to the needs of the Olympic Movement. We hope the above information will prove useful to you when developing your projects and we will endeavour to keep you informed of any new decisions and recommendations made.

We draw your attention to the fact that the IOC reserves the right to send experts to your city and to carry out any other independent study it feels may be necessary for the analysis of your application. We would be grateful if you would ensure that access is granted to any information that might be required.

The IOC will assess Applicant Cities on the basis of your replies to this questionnaire and on the results of any independent studies carried out by the IOC.

PRESENTATION OF REPLIES INSTRUCTIONS

Applicant Cities are requested to respond to 25 questions and provide two guarantees.

The presentation of replies should be as simple and economical as possible (the IOC is interested in the facts, not the presentation).

- 1 – Replies should be presented in A4 format (20.9cm x 29.6cm), vertical presentation.
- 2 – All answers shall be provided in French and English in one document.
- 3 – The answer to each question shall be limited to one A4 page (one page French, one page English), plus one page for each of the appendices requested.
Maximum number of pages: 50 = 25 French + 25 English
(Excluding cover pages and appendices)
- 4 – **Layout:**
The document shall be bilingual (French and English).
For the answers to each of the questions, the French text shall be presented on the left-hand page and the English text on the right -hand page.
- 5 – No other form of communication or material (including video cassettes, CD ROM or other publications of an artistic or promotional nature) may accompany the answers to the questions.
- 6 – **Maps:**
Applicant Cities are required to provide two maps (see appendices)
In both cases, the basic map is the same, it is the information you are asked to superimpose on the map that changes.
The basic map should be a recent map of your City/Region, on which the scale is clearly shown.
All maps shall be A4 format.
Map A –
This is a general map representing your Games concept – no colour coding required.
Map B –
The following colour code should be used for this map:
 - Blue: existing infrastructure
 - Yellow: planned infrastructure (signed contracts)
 - Red: additional infrastructure required for the Olympic Games

II. POLITICAL SUPPORT

4.

GOVERNMENT SUPPORT:

- a- What is the status of support of the national, regional, local government and city authorities for your bid and for the organisation of the Olympic Games in your City/Region?
- b- **Provide a covenant from the government of your country stating the following:**
- "Name(s) of the duly authorised representative(s) hereby confirm(s) that the government of name of the host country guarantees the respect of the Olympic Charter; guarantees that it will take all the necessary measures in order that the city fulfils its obligations completely; and guarantees free access to and free movement around the host country for all accredited persons on the basis of a passport (or equivalent document) and the Olympic identity and accreditation card referred to in the Olympic Charter"***
- c- Please provide dates of any elections due to take place in your City/Region/Country between now and the election of the Host City (July 2005).

NOC AND CITY SUPPORT:

Provide a letter of guarantee signed by both your country's NOC and your City authorities, stating the following:

"Names of the duly authorised representatives hereby confirm that the name of the host country's NOC and name of the City authorities will respect and comply with all obligations set out in the Olympic Charter"

5.

FUTURE CANDIDATURE COMMITTEE:

Should you be accepted as a Candidate City to host the 2012 Olympic Games, how would your Candidature Committee be structured and composed?

- NOC representatives must be members of your Candidature Committee (see Olympic Charter, Paragraph 1 of the Bye-law to Rule 37);
- IOC members in your country, should they so request, must also be members of your Candidature Committee.

Specify which public or private institutions, organisations or bodies would be represented in your Candidature Committee and their respective levels of authority.

II. POLITICAL SUPPORT (Continued)

6.

LEGAL ASPECTS:

- a- What are the legal obstacles, if any, to the organisation of the Olympic Games in your country?
- b- Do you envisage the implementation of any new laws to facilitate the organisation of the Olympic Games? Explain.
- c- Does legislation in your country require you to carry out a referendum for a project of this nature?*
- d- What are the existing laws, if any, in your country that relate to sport?
- e- What are the laws, or other means, in your country, if any, that combat doping in sport?
- f- Have the relevant authorities in your country signed an agreement with the World Anti-Doping Agency (WADA)? **
Does your country currently apply an anti-doping code? Explain.

*

If a referendum is required, this should be carried out prior to the acceptance of Candidate Cities (by mid-June 2004)

**

Please note that in the candidature phase you will be required to provide a guarantee from the relevant national authority confirming that the Olympic Movement Anti-Doping Code in effect at the time will be implemented and fully respected.

III. FINANCE

7.	<p><u>CANDIDATURE BUDGET :</u></p> <p>Should you be accepted as a Candidate City to host the 2012 Olympic Games, describe how and by whom your candidature will be financed. What is your budget (in USD) for:</p> <ul style="list-style-type: none"> – Phase I (Application) – Phase II (Candidature)
8.	<p><u>GAMES BUDGET :</u></p> <p>How will your Games budget be structured (private vs. public financing)?</p> <p><u>GOVERNMENT CONTRIBUTIONS :</u></p> <p>What financial commitments have you obtained from your national, regional or local government and City authorities?</p> <p>Please note that in the candidature phase it will be essential for you to obtain, inter alia, the following commitments from your public authorities as they are vital to the successful staging of the Olympic Games:</p> <ul style="list-style-type: none"> • A commitment to provide all security, medical, customs and other government related services at no cost to the Organising Committee (OCOG); • A commitment to make available all sport and non-sport venues owned by the public authorities to the OCOG either at no cost or at a rental cost to be pre-approved by the IOC; • Coverage of a potential economic shortfall of the OCOG; • A commitment to undertake and finance the necessary infrastructure developments. *
9.	<p><u>OCOG REVENUE GENERATING POTENTIAL:</u></p> <p>In addition to the financial contribution you will receive from the IOC, what other revenue do you expect to be able to generate? Please indicate source, estimated amount and background information on how these estimates were reached.</p>

* **N.B.** In considering plans for the financing of the Olympic Games, it should be borne in mind that there are two distinct budgets:

- **OCOG budget:** this is the operations budget for the organisation of the Olympic Games. Infrastructure development costs for sports venues, the Olympic Village, the IBC and MPC or other major infrastructure projects must not be included in the OCOG budget.
- **Non-OCOG budget:** for financing the construction of the main and sports infrastructure required for the Games which will be a long-term legacy. The financing of such investments should be undertaken by the public authorities or the private sector.

IV. VENUES

A. COMPETITION VENUES

- 10.** By means of Chart I (see model in appendices), fill in the following:
- a- **EXISTING SPORTS VENUES:**
Indicate the existing sports venues, which you expect will be used for the Olympic Games. Complete all other details requested in the chart.
