## 1.2. Academic publications & articles

### **Publications**

### ***The Youth Olympic Games***

Dag Vidar Hanstad, Milena M. Parent, Barrie Houlihan. Routledge, 2014, 270 p.

*This is the first book to be published on the YOG. It critically examines the origins of the Games and the motives of the Games organisers, as well as the organisation and management of the Games and their wider impact and significance.*

**Olympische Jugendspiele. Chance oder Gefahr**

Kauerhof, Rico, ed. Leipziger Uni-Verl., 2010, 87 p.

*Die Teilnehmer des 3. Leipziger Sportrechtstages (2009) diskutierten das Chancen- und Gefahrenpotential der Olympischen Jugendspiele.*

**Articles**

[Challenges for the Youth Olympic Games, summer and winter](#)

Steffie Lucidarme, Jim Parry. IN: Academic coordination centre journal, 17B, 2011, pp.165-173.

*This paper looks at the development of the YOG, first held in Singapore in August 2010, from the European Youth Olympic Festival (EYOF), first held in Brussels in 1991. With about 3500 athletes between 14 and 18 years of age from all 205 National Olympic Committees, a full Olympic sports programme, a Youth Olympic Village, and a Culture and Education Programme (CEP), the YOG is a very significant development requiring investigation and consideration.*

**From the editor's desk: Olympic agenda 2020: is the Youth Olympic Games facilitating the long term development of elite weightlifting athletes?**

Greg Wilson. IN: Journal of Australian strength & conditioning, June 2014, volume 22, issue 2, pp. 9-15.

*The purpose of this paper was to track the progress of the 33 medal winning weightlifting athletes who competed in the 1st Summer YOG Singapore 2010.*

[From the World Youth Games 1998 in Moscow to the Youth Olympic Games.](#)

Lev Kofman. IN: Journal of Olympic History, volume 20, no 3, 2012, pp. 30-37.

*Lev Kofman writes about the 1998 World Youth Games in Moscow, for whose success he was responsible as Executive Director and which were the forerunners of today's YOG.*

[Gender and type of sport differences on perceived coaching behaviors, achievement goal orientations and life aspirations of youth Olympic games Singaporean athletes](#)

Koon Teck Koh, Chee Keng John Wang. IN: International journal of sport & exercise psychology, June 2015, volume 13, issue 2, pp. 91-103.

*This study examined the gender and type of sport differences on perceived coaching behaviours, achievement goal orientations and life aspirations in a new international event - YOG. Singaporean athletes (61 males and 40 females) who took part in the YOG were recruited for the study.*

[Genèse et attribution des premiers Jeux Olympiques de la Jeunesse](#)

Eric Monnin. IN: Revue européenne de management du sport, n°22 (2008), pp. 87-101.

*Cet article examine la genèse des Jeux Olympiques de la Jeunesse (JOJ) et la procédure menant à leur première attribution.*

[Making the millennial mark: lessons learned by Youth Olympic Games](#)

Lawrence W. Judge, Karin D. Surber, Jeffrey Petersen. IN: International journal of sport management, April 2014, volume 15, issue 2, 22 p.

*The purpose of this research study was to collect data from undergraduate physical education students in the United States regarding their awareness and perceptions of the YOG. A survey instrument was developed to assess personal and perceived public awareness, event logo identification, social and traditional media use, and intention to attend or watch the YOG.*

[Olympic education and the Youth Olympic Games](#)

Jim Parry. IN: Acta Universitatis Carolinae: Kinanthropologica 2012, vol. 48, issue 1, 9 p.

*This paper examines the YOG from the educational point of view– and in particular through a consideration of the CEP at the Summer YOG Singapore 2010. It is based on an analysis of the development of the idea of the YOG, and on contemporary information and reports.*

### [The promotion of the Youth Olympic Games: a Greek perspective](#)

Lawrence W. Judge, Jeffrey C. Petersen, David Bellar... [et al.]. IN: Journal of research in health, physical education, recreation, sport & dance, Spring/Summer 2011, volume 6m Issue 1, pp. 6-12.

*The purpose of this research was to collect awareness and opinion data from the sports community in Greece regarding the upcoming YOG. These findings are described and evaluated in comparison to prior research data in order to provide insight related to the launch of this new international sport festival.*

### [The promotion and perception of the Youth Olympic Games: a Korean perspective](#)

Lawrence W. Judge, Jeffrey C. Petersen, David Bellar... [et al.]. IN: Journal of research in health, physical education, recreation, sport & dance, Fall/Winter 2013, volume 8, issue 2, pp. 12-18.

*The purpose of this research study was to assess how attitudes, public awareness, and access to social media impact the sports community in Korea regarding YOG engagement via television viewing or event attendance.*

### [The promotion and perception of the Youth Olympic Games: the case of figure skating.](#)

Lawrence W. Judge, Jeffrey C. Petersen, David Bellar... [et al.]. IN: Olympika, XXI, 2012, pp. 33-57.

*The purpose of this particular investigation was to collect data from figure skating coaches in the United States regarding their awareness and perceptions of the YOG approximately one year prior to the inaugural event.*

### [The Youth Olympic Games: do the risks outweigh the rewards?](#)

James A. Hutchison, Lawrence W. Judge, Shannon T Dieringer. IN: AHPERD journal, Spring 2014, pp. 17-21.

*The purpose of this manuscript is to investigate the relationship between the YOG and the effects on its major stakeholders and to examine the sustainability (survival and success) through an analysis of how the network of stakeholders exerts various forms of pressure on the YOG.*

### [The sustainability of the Youth Olympic Games: stakeholder networks and institutional perspectives](#)

Milena M. Parent, Elsa Kristiansen, Eivind Å Skille... [et al.]. IN: International review for the sociology of sport, 2015, volume 50, issue 3, pp. 326-348.

*This paper explored the YOGs' potential sustainability (survival and success) through an analysis of how actors exert various forms of pressure on the YOG.*

### [The Youth Olympic Games from the athlete's perspective](#)

Jörg Krieger. IN: Problems, possibilities, promising practices: critical dialogues on the Olympic and Paralympic Games, 2012, pp. 40-44.

*This article focuses on the need to take the experiences of participating athletes into consideration in order to evaluate the event.*

### [The Youth Olympic Games: the best of the Olympics or a poor copy?](#)

Elsa Kristiansen, Dag Vidar Hanstad, Milena Parent IN: European sport management quarterly, volume 13, issue 3, 2013, pp. 315-338.

*This paper explores the new event in the Olympic Movement, the YOG in Innsbruck, Austria, in 2012, and examines the similarities and differences between the winter editions of the YOG and the Olympic Games.*

### [The Youth Olympic Games: past, present and future](#)

Donna Wang. IN: The International journal of the history of sport vol. 28, n°13 (2011), pp. 1831-1851

*This paper charts the chronological development of the YOG through a broad overview of little-known Youth Olympic Festivals, which the YOG is reported to be modelled after, and traces the political/economical/ideological contexts for the conception of the YOG.*

### [The Youth Olympic Games: some ethical issues](#)

Jim Parry. IN: Sport, ethics and philosophy vol. 6, n°2 (2012), pp. 138-154.

*This paper presents some of the background to the development of the YOG the principles underlying them, and some of the practical challenges in implementing them. Regarding the sports programme, modifications from the Olympic Games programme are noted, and innovations examined in terms of underlying values, such as immaturity and harm, talent identification, and the exploitation of young athletes.*

### [The Youth Olympic Games, their programs, and Olympism](#)

Cesar R. Torres. IN: Kinesiology, sport studies and physical education presentations and papers. Paper 3. 2010, 25 p.

*Focused around a vision to inspire young people to participate in sport and learn about the values of Olympism, the YOG implemented an extensive CEP and an innovative Competitive Program. This paper evaluates both these programs and the extent to which they embody and advance Olympism. It identifies strengths as well as potential areas of improvements.*

### [Youth Olympic Games: a new paradigm in the quest for transnationalism](#)

Nao Masumoto. IN: Problems, possibilities, promising practices: critical dialogues on the Olympic and Paralympic Games, 2012, pp. 35-39.

*The purpose of this paper is to clarify the significance and future tasks of the transnational directions of the 2010 SYOG and the 2012 IWYOG, with a special focus on the CEP and the new competition styles. The methods of data collection included an on-site survey in the host cities, interviews with Japanese athletes, and a review of the official report from the Japanese Olympic Committee.*

### [Youth Olympic Games: challenges and impact on the different youth sports policies of the world](#)

Steffie Lucidarme, Marc Maes. IN: 17th International seminar on Olympic Studies for Postgraduate Students: proceedings, 2010, pp. 224-240.

*This paper wants to point out some of the challenges the IOC will be faced with in organising the first YOG. This overview indicates that specifying an excellent idea into a real organisation involves dealing with unexpected dilemmas and ethical questions.*

### [Youth Olympic Games: connecting the ideals of Olympism with high school sports](#)

Kiley Yates, Chris White, John Fernstrum. IN: Indiana AHPERD journal, Winter 2014, pp. 11-15.

*The purpose of this literature review is to provide readers with a comprehensive overview of the benefits and potential unintended consequences of the YOG. Additionally, this paper will provide strategies that may assist coaches and educators in their efforts to promote the ideals of Olympism that are associated with the YOG to 14-18 year old high school students.*

## 2. Youth Olympic Games - By edition

For each edition of the YOG, you will first find the link to the *official publications* produced by the IOC and the Youth Organizing Committees in electronic format, and then a list of selected *academic publications and articles*.

Note that *The Olympic Studies Centre* also makes available on-site in Lausanne a complementary selection of *official publications* in hard copy. These are not included in this bibliographical list: to have an overview of what is available, use our [online research tools](#).

Martin Schnitzer. IN: International journal of the history of sport, June 2014, volume 31, issue 9, pp. 1178-1193.

*Being a new international sports event targeting young athletes, a major innovation of the YOG is its unique CEP. To date, very little literature deals with the CEP and its influence on the athletes' overall experience. Thus, the objective of this study was to give a deeper insight into the athletes' perception of the CEP.*

[Perception of the new competition formats in the Innsbruck 2012 Youth Olympic Games sports programme: a spectators' perspective](#)

Martin Schnitzer. IN: Sport management review, November 2014, volume 17, issue 4, pp. 432-443.

*The objective of this study was to assess the spectators' perception of the new sports competitions at the 1<sup>st</sup> Winter YOG Innsbruck 2012. The aim was to understand how the Games were perceived by on-site spectators attending the event. For this purpose a quantitative research approach was chosen.*

['Stuck in structure': how young leaders experienced the institutional frames at the Youth Olympic Games in Innsbruck, 2012](#)

Annika Bodemar, Eivind Skille. IN: International review for the sociology of sport, 15 December 2014, Ahead of print. 17 p.

*The aim of this paper is to explore how young leaders within the Organising Committee of the Winter YOG Innsbruck 2010 experienced the degree of freedom within the institutionalized structure of the International Olympic Committee.*
