

# Nupo Temporary Shelter

## Profile

October 2016

### Verified Population - October 2016

11,081 \*

### Population profile

#### Gender

Female 51% Male 49%

#### Age

18 years and above: 54%

5-17 years: 32%

Below 5 years: 14%

#### Ethnicity

Karen 86% Burman 10% Other 4%

#### Religion

Christian 49% Buddhist 43% Muslim 8%

*\*According to Verification Exercise conducted from Jan-Apr 2015 and subsequent data changes to-date*

### Governance

The Ministry of Interior (MOI) is responsible for administration in nine camps. Nupo Camp Commander is the Deputy District Officer of Umphang District. A refugee Camp Committee is directly involved in camp governance, and received support from the Karen Refugee Committee.

A Thai Ranger Unit is stationed near the camp to monitor security. Territory Defense Volunteers, known as Or Sors, are employed and trained by the MOI to provide internal camp security.

### Background

Nupo camp was established in 1997 to accommodate refugees fleeing offensive attacks from Myanmar. It is the smallest and the most remote camp in Tak Province.

In March 2005, a number of refugees recognized under UNHCR's mandate in Mae Sot were transferred to Nupo camp, in line with the policy of the Royal Thai Government that all recognized refugees from Myanmar must reside in the temporary shelters.

### Location

Nupo camp is in Umphang District, approximately 10 kilometers from the Thai-Myanmar border and 228 kilometers from Mae Sot. It has a surface area of 158 acres (0.64 sq.km.).

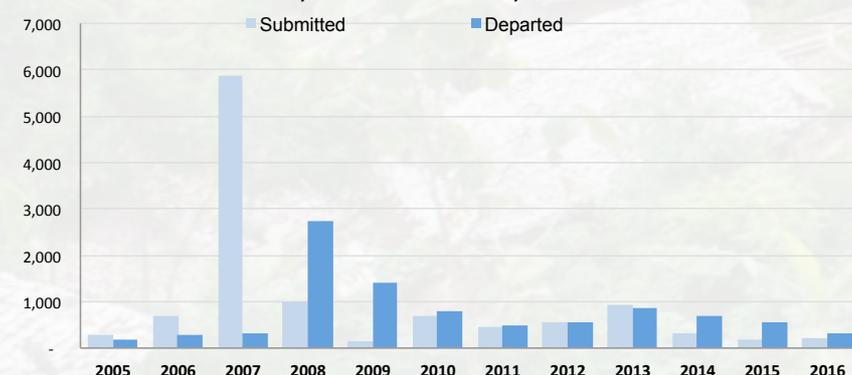

### UNHCR Activities

- Ensure access to asylum, legal, material and physical protection.
- Work towards the elimination of sexual and gender-based violence and improve the quality of response.
- Ensure child protection through the promotion and application of a Child Protection Framework.
- Strengthen self-reliance and help secure livelihood opportunities.
- Secure durable solutions for all refugees from Myanmar.

### Resettlement Statistics\*

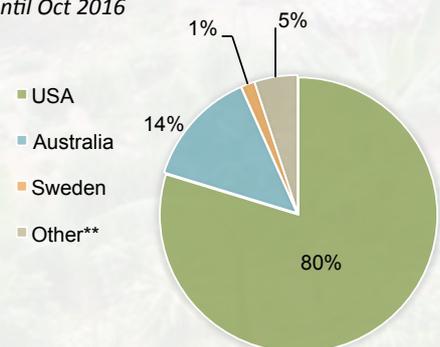

#### Total (persons)

until Oct 2016

### Departures by Country of Resettlement

until Oct 2016

\*\*Norway, New Zealand, Canada, Finland, Netherlands, UK & N. Ireland, Denmark, and Japan

\*Adjusted figures as of Nov 2016

## Access to Asylum

Thailand is not a signatory to the 1951 Refugee Convention and its 1967 Protocol and does not have legislation regulating the status of refugees. In accordance with MOI regulations, admission to the camps and access to asylum in Thailand is the responsibility of the Provincial Admission Boards (PAB). At the end of 2005, the Tak PAB, assessed the status of “persons fleeing fighting” and “persons fleeing political persecution” for thousands of asylum seekers in Nupo. Between 2005 and 2006 the PAB recognized virtually all of the unregistered population at that time.

With UNHCR support in 2012, RTG started conducting a "Fast Track" procedure that provides access to the PAB to the unregistered camp residents in the nine temporary shelters if they are immediate family members of those who were already resettled and/or of the registered camp residents who are in process of resettlement. There have also been submissions for persons with protection and medical concerns. This is not a general registration PAB exercise and the conditions are strict.

## Humanitarian Organizations

 <b>Health</b>	
• Health services	American Refugee Committee (ARC)
