Governance

The Ministry of Interior (MOI) is responsible for administration in nine camps. Umpiem Camp Commander is the Deputy District Officer of Phop Phra District. A refugee Camp Committee is directly involved in camp governance, and received support from the Karen Refugee Committee.

A Thai Ranger Unit is stationed near the camp to monitor security. Territory Defense Volunteers, known as Or Sors, are employed and trained by the MOI to provide internal camp security.

Background

Umpiem camp was established in 1999 to accommodate refugees relocated from Huaykalok and Mawker which were subject to cross-border attacks at that time, requiring the transfer of their residents to a new and safer location.

The population of Umpiem largely comprises refugees from south east Myanmar who fled an armed conflict.

Location

Umpiem camp is in Phop Phra District, approximately 13 kilometers from the Thai-Myanmar border and 86 kilometers from Mae Sot. It has a surface area of 195 acres (0.8 sq. km.)

Access to Asylum

Thailand is not a signatory to the 1951 Refugee Convention and its 1967 Protocol and does not have legislation regulating the status of refugees. In accordance with MOI regulations, admission to the camps and access to asylum in Thailand is the responsibility of the Provincial Admission Boards (PAB). At the end of 2005, the Tak PAB, assessed the status of “persons fleeing fighting” and “persons fleeing political persecution” for thousands of asylum seekers in Umpiem. Between 2005 and 2006 the PAB recognized virtually all of the unregistered population at that time.

With UNHCR support in 2012, RTG started conducting a "Fast Track" procedure that provides access to the PAB to the unregistered camp residents in the nine temporary shelters if they are immediate family members of those who were already resettled and/or of the registered camp residents who are in process of resettlement. There have also been submissions for persons with protection and medical concerns. This is not a general registration PAB exercise and the conditions are strict.
