June 2017 Daily Arrivals

Cumulative Arrivals (Month to Month)

The current Burundi refugee situation in Tanzania began late April 2015. The months that followed saw significantly high number of persons of concern arriving in Tanzania, mainly through Kagunga, a tiny border village along Lake Tanganyika, and other entry points in Kigoma region. New arrivals were relocated to Nyarugusu camp, which was already host to 65,000 persons of concern, mainly DR Congolese. The camp quickly ran out of capacity, prompting the opening of a new camp, Nduta, in Kibondo district on 07-Oct-2015. A second camp, Mtendeli was also opened on 14-Jan-2016 to host the continuing new arrivals. Mtendeli reached its full capacity of 50,000 in mid October 2016. Since then all Burundian new arrivals are being hosted in Nduta camp, while arrivals from DR Congo and other countries continue to be hosted in Nyarugusu. The 2015 prima facie declaration for Burundian asylum seekers was revoked on 20-Jan-2017; with all Burundian new arrivals expected to undergo a status determination process being conducted by an ad hoc committee.
