Situation overview

From 1 to 31 May, UNHCR's Protection & Returns Monitoring System (PRMN), recorded around 46,000 individuals nationwide displaced by the drought, bringing the total of drought driven displaced since November 2016 to 739,000. The number of newly displaced by the drought has decreased significantly compared to previous months (April: 131,000, March: 278,000). Baidoa and Mogadishu remain two of the most affected areas with 4,900 and 9,000 new arrivals in May. Some 7,700 IDP returns were recorded during the month primarily from IDP sites in Baidoa town to home locations within Baidoa district and elsewhere in Bay region.

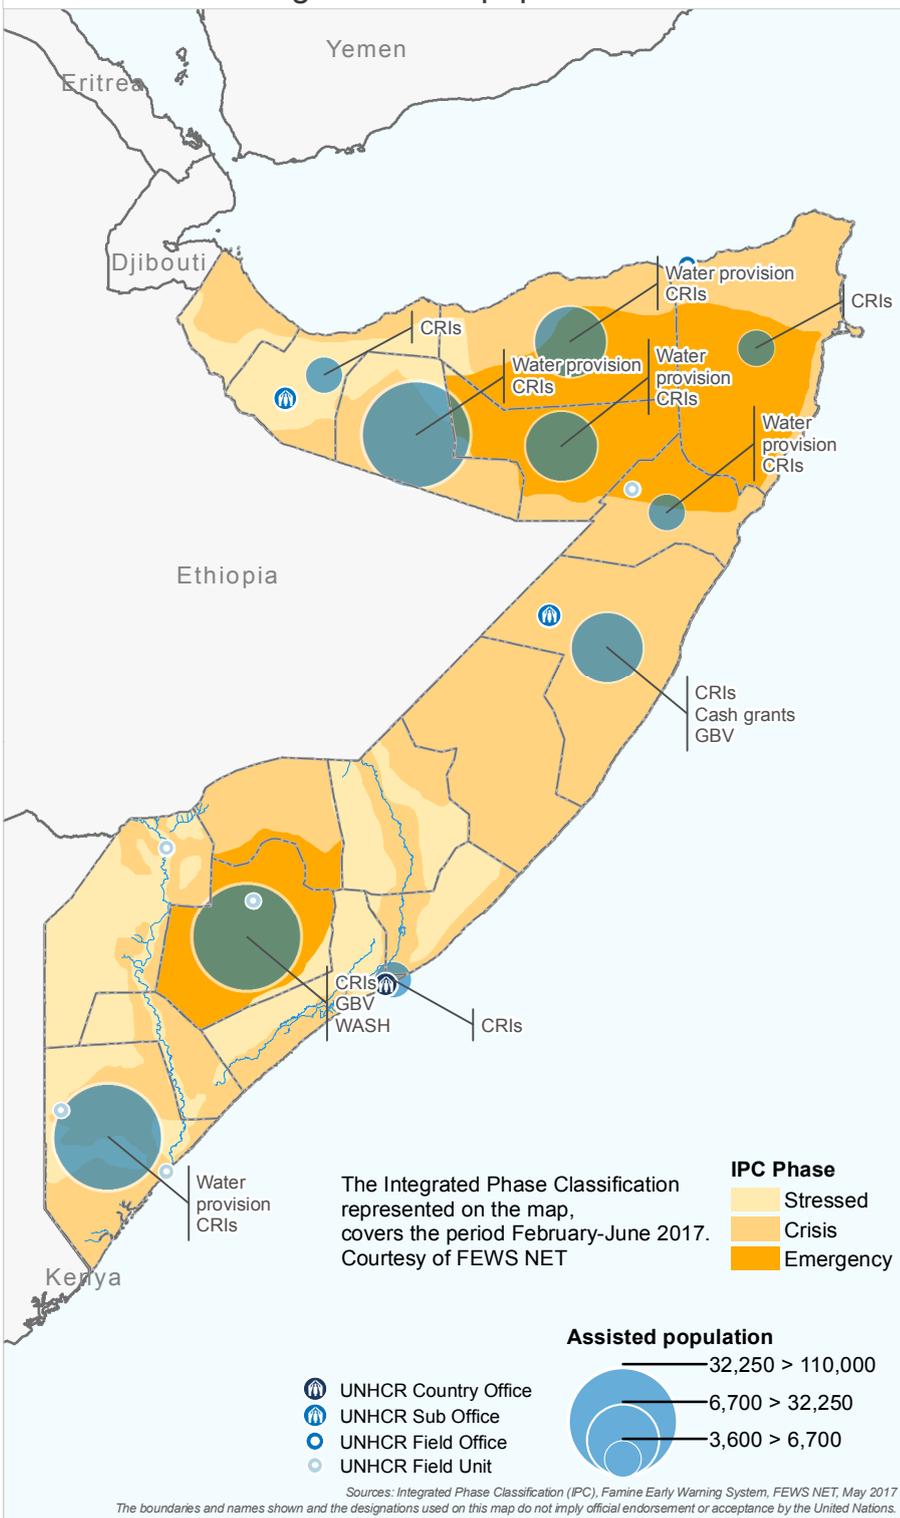

Breakdown of assistance during May 2017
