

# IRAQ: Camps Intention Survey Snapshot Analysis: September 2017

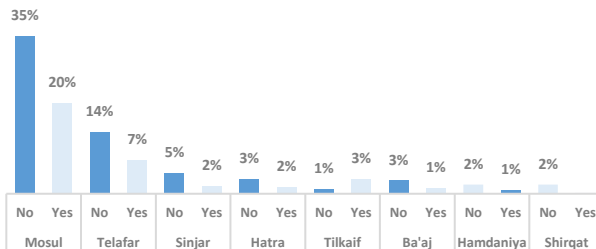

This Intention Survey was carried out by the CCCM partners ((DRC, IOM, NRC, UNHCR, ACTED and RNVDO) across **14 Emergency Camps and Sites** of the **Mosul response** hosting a total of **56,634 households (311,843 individuals)**. The survey was administered to **4,916 households**, corresponding to **28,267 individuals** through a random sample<sup>1</sup> between 18 August to 8 September.

## Area of Origin

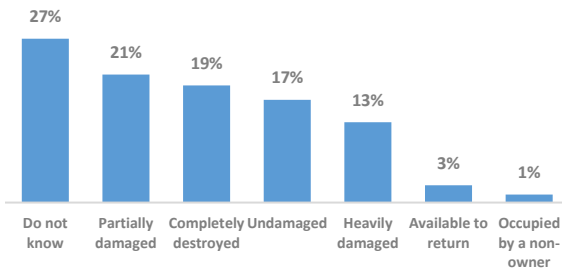

**Are you currently planning on returning to your area of origin?**

**Are you currently planning on returning to your area of origin? By Area of Origin**

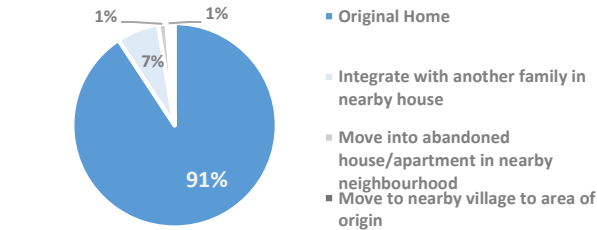

**What is the condition of your house in area of origin?**

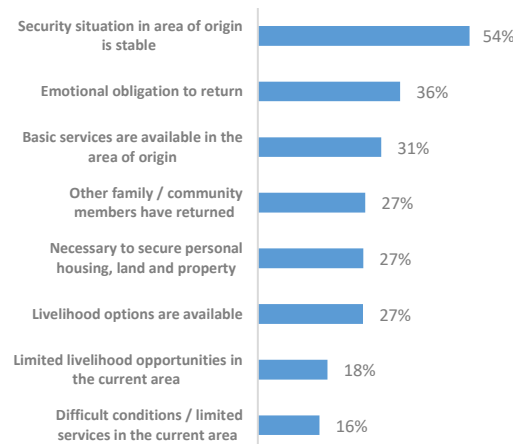

## Planning to Return to Area of Origin

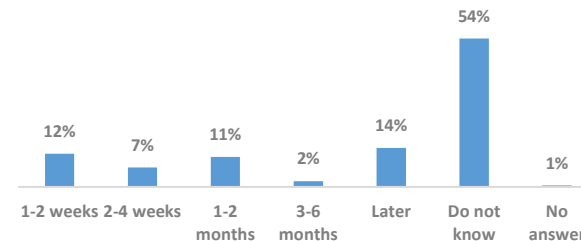

**If Yes: will you be going to your original home in Area of Origin or you live somewhere else?**

**If Yes! What are the main reason why you would like to return now to your area of Origin?**

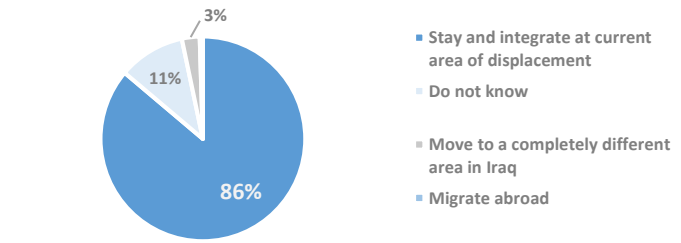

**If Yes! When do you think will return?**

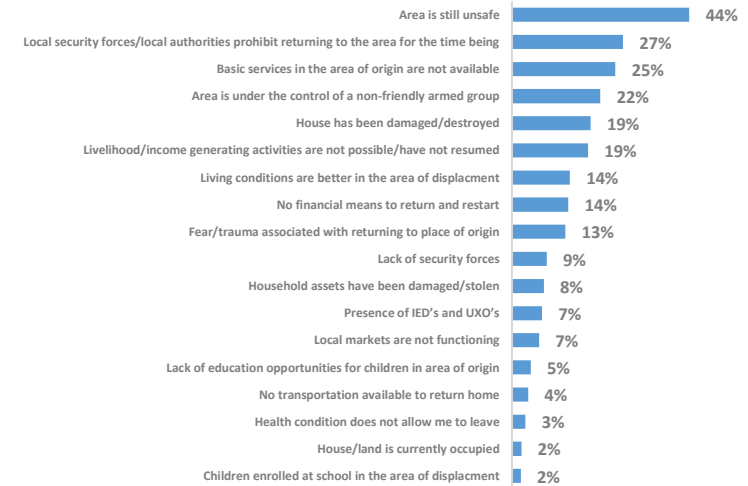

## Not Planning to Return to Area of Origin

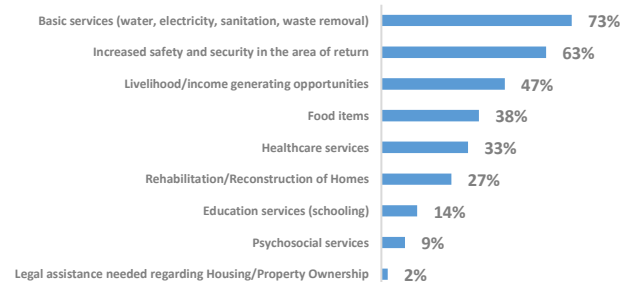

**If not planning to return to place of origin, where will you go?**

**If No! Why can't you now return to your place of origin?**

**If it were possible, what are the main needs you or your family require in order to return safely and dignified to your area of origin?**

<sup>1</sup>A simple random technique with an interval of confidence of 95% was applied in each of the 14 Mosul camps Therefore, selecting a total of 8% of the camp population (4916 households). Sampling was supported by REACH Initiative
