Tips for Humanitarians

- UNHCR provides protection and monitors delivery of services to all refugees in Buramino Camp.
- Camp Management is done **by ARRA with support from UNHCR**.
- Camp Coordination Meetings**, co-chaired by ARRA and UNHCR, are held weekly in Buramino Camp with humanitarian actors.
- All refugees in Buramino Camp are **individually registered** in UNHCR's proGres database and hold **ration cards**. Ration card numbers are useful for referral between partners and for distribution events. Refugees have been given a **Proof of Registration** document showing family-related and individual details, including **each person's photo**.
- Biometrics (fingerprinting)** has been used for registering refugees living in Buramino. Biometrics assists in preventing double registration. No refugee household should have more than one ration card.
- Treatment of SAM (Severe Acute Malnutrition) and Treatment of MAM (Moderate Acute Malnutrition), for both Under 5's and MOC (Malnourished Other Categories) Programme, a targeted feeding programme for severely malnourished children between 5 years and 18 years
