Notes:

1. The financial requirements for Eritrea are those of the operation's regular programme.
2. The percentage funded is calculated using earmarked contributions pending the eventual allocation of broadly earmarked and unearmarked contributions.
3. Contributions are shown by the level of flexibility in the earmarking. Contributions earmarked to a situation within a country are classified as country level.
4. The broadly earmarked contributions listed are those which can potentially be used for Eritrea due to their earmarking to a related situation or theme, or to the region or sub-region. The total amount of the contributions is shown for donors who have contributed \$2 million and more.
5. The total amount of unearmarked contributions is shown for donors who have contributed \$10 million and more.
