ACTIVITYINFO- STEP BY STEP GUIDE

SECTOR ACTIVITIES 2016 - INTER-SECTOR COORDINATION

Abstract

This Document details the steps required for all partners and agencies to follow to review and add information on sector activities available for POCs and host community.

SECTION I: INTRODUCTION

Definition

Activity Info is an online humanitarian monitoring tool, which helps humanitarian organizations to collect, manage, map and analyze indicators according to a specific sector objective, output and indicators. ActivityInfo has been developed to simplify reporting and allow real time monitoring. It facilitate data Entry and reports generation (charts, maps, pivot tables and custom reports).

Advantages of Activity info

- Track sector activities all across Greece (mainland and island) in a standards applicable system that will ensure inter-operable approaches to data collection and analysis.
- Reduce duplication of efforts locations and show locations that are not receiving adequate coverage.
- Facilitate monitoring of responses under and outside of the RRMRP through a unified database for collection of information on activities, response and gaps.
- Produce data analysis and reports.
- Accessible to any organization in any location in Greece who is part of the emergency response.
- Partners spend less time reporting and donors can view real-time information.
- Easy data entry – no technical or advanced computer skills are necessary.
- Complete integration of your data with GIS.
- Maintain an overview of activity progress in a rapidly changing environment.
- Greater capacity for analysis of trends and gaps.

Information Captured

- Locations, types of activities, performance indicators and progress towards sectors targets.
- Type of groups assisted (Refugees, Migrants and Host Community).
- 4Ws data: who; when; where, and what.
- Funded project under RRMRP and outside RRMRP.

Functions

- View/add/edit and export the activities and responses by location, partners, and beneficiaries.
- View/ add/edit and export different reports, charts and Maps.

Comments: here you can input a short description of your activity that helps other users to better understand what the site is about. You can include information on your intake criteria or more details on your program.

After finishing click on **“Save”** and go back to the main page to check your information.

Step 4: Enter your monthly intervention. Choose the site that you have created and click on the monthly report. A list of indicators has been shared by sector leads. (Annex II: Sector object, output and indicators). Indicators are represented in capital letters. They represent either the total number or the disaggregation by gender and age or both of them. The information that agency will enter in the indicators represents the data of the previous month. (For example: in august, you are reporting for July).

The screenshot shows a web-based form for reporting activities. On the left, there is a 'Filter' sidebar with various categories like 'Child Protection WG', 'Protection SGBV WG', and 'Site Management Support (SMS)'. The main area displays the title '2016 Sector Working Group Activities- Greece - Humanitarian actors coordinate effectively at site level'. Below the title, there are options for 'Grouping' and 'New Submission', 'Edit', 'Delete', 'Import', 'Export', 'Print Form', and 'Publish to website'. A table lists partners: DRC (Elinko I (Hockey), Attiki) and UNHCR (Andravidas, Peloponnisos). The 'Monthly Reports' section is highlighted with a red box, showing a dropdown for 'Month: Aug 2016' and a table with columns for months from Jul 16 to Jan 17. The table contains indicators such as '[SITE COORDINATION MEETING] # of Site Coordination meetings organized/facilitated', '[GOVERNMENT] # of Government entities actively coordinating with humanitarian partners at site ...', and '[AGENCIES] # of agencies participating in SMS SWG at national and sub-national levels'. At the bottom, the 'Monthly Reports' tab is highlighted with a red box.

IMPORTANT: For the period January to July 2016, sector lead will identify two indicators that will be shared with partners to report their information retroactively covering this period.

Step 5: Edit your information. You can edit the information by clicking on the “Edit” tab after you have clicked on your site.

IMPORTANT: you cannot edit or delete sites that have been entered by a different organization, you can only edit/delete activities that have been entered from your organization even from a different user. However, all changes can be tracked by clicking on “History”.

This screenshot shows the same form as above, but with the 'Edit' button in the top right corner highlighted with a red box. The 'Monthly Reports' section is no longer visible. The 'Filter' sidebar and the partner list are still present. The status at the bottom indicates 'Status: Ongoing', 'Donor(s): UNHCR, UNICEF', and 'Funded by RRMRP: Yes'.

After clicking on “Edit” the following window will appear. Make the necessary changes (see also Step 2 and 3 of this guide) and don’t forget to “Save”, click on the bottom right hand.
