

List of Build Change resources for Shelter/NFI Working group

- 1) ***Challenges and Opportunities in the Production and Purchase of Good Quality Blocks [EN]**
http://buildchange.org/tech/Challenges_Opportunities_Production_Purchase_Good_Quality_Blocks.pdf
General recommendations for block makers and an insight into some of the research conducted by Build Change. How agencies can help promote the general use of good quality blocks by purchasing responsibly and supporting certified block makers.
- 2) ***Sekre Konstriksyon Masonri Chene [KR]**
<http://www.buildchange.org/wp-content/uploads/2016/12/SEKRE-KONSTRIKSYON-MASONRI-CHENE.pdf>
Key messages about confined masonry building construction practices.
- 3) ***Retrofit Picture Guide [EN]**
http://www.buildchange.org/wp-content/uploads/2016/12/13-11-13_BCH_Retrofit-Picture-Guide_EN.pdf
Visual guide in the execution of seismic retrofits of masonry buildings.
- 4) ***Retrofit Picture Guide [KR]**
[http://www.buildchange.org/pdfs/13-11-13_BCH_Retrofit%20Picture%20Guide_\(KR\).pdf](http://www.buildchange.org/pdfs/13-11-13_BCH_Retrofit%20Picture%20Guide_(KR).pdf)
Visual guide in the execution of seismic retrofits of masonry buildings.
- 5) **Implementing a homeowner-driven construction program [EN]**
http://www.buildchange.org/wp-content/uploads/2016/12/ImplementingHODconstruction-programs_-Build-Change-2015.pdf
Facilitate the implementation of homeowner-driven construction programs. General methods that can serve as references when assembling more detailed procedures adapted to local contexts and needs. Build Change's internal quality control procedures for project implementation and management.
- 6) **Homeowner-Driven Housing Reconstruction and Retrofitting in Haiti [EN]**
<http://www.buildchange.org/wp-content/uploads/2016/12/Haiti-HODR-Lessons-Learned-Build-Change-.pdf>
Lessons learned, 4 years after the earthquake, on the implementation of the homeowner-driven approach in Haiti. Appendix 1 includes steps for project implementation. Appendix 2 contains a summary of the Build Change retrofit evaluation, design, and implementation procedure, using our locally hired and trained staff.
- 7) ***Haiti Post-Hurricane Recon Report [EN]**
http://www.buildchange.org/wp-content/uploads/2016/11/2016-11-28_Haiti-Post-Hurricane-Recon-Report-1.pdf
Report of Build Change reconnaissance mission after Hurricane Matthew. Analysis of main structural typologies, damage observation and discussion and recommendations.
