

Hiloweyn

Camp Snapshot

February 2012

Camp Opened: 5 August 2011

Camp Phase: Care & Maintenance

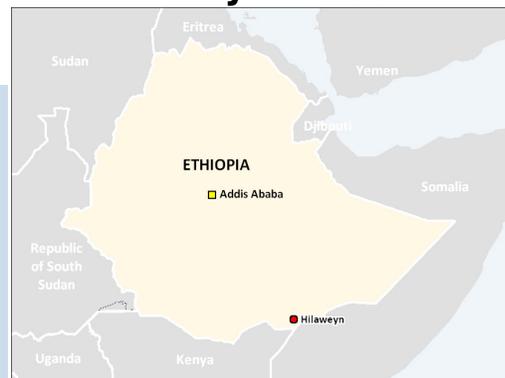

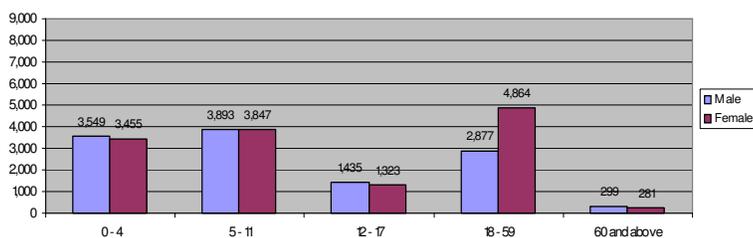

Refugee Population

25,823 as of 05th February 2012

Photo: Hiloweyn refugee camp © UNHCR / Dec 2011

Figure 1: Population breakdown by age-group

Geographic Snapshot

GPS Coordinates	E: 41°51'39.1" N: 4°22'09.6"
Size of Camp Area	395.5 hectares
Number of Sector Divisions	4
Number of Blocks	60
Number of Communities	510
Number of Family Plots	8,160
Average Plot Size per Household	180m ²
Distance from Border	42

Contextual Background

Pattern in Population Change	Organized large-scale relocation from the Transit Centre began 5 August 2011 and will complete early September 2011, during which time Hiloweyn Camp has grown rapidly.
Areas of Origin	46% of residents are from Gedo; 35% are from Bay; 15% are from Bakol, remaining are from various areas
Cultural Background	Sunni Muslim 64% May May speakers from Rahanweyn clan, 22% Mahatiri speakers from Maheren clan; remaining are from various other Somali clans
Main Occupations	Pastoralists (livestock herding: goats, camels, cows, sheep and donkeys)

Tips for Humanitarians

Administrative Structure

- UNHCR provides protection and monitors delivery of services to all refugees in Hiloweyn Camp.
- Camp Management is done **by ARRA with support from UNHCR**.
- Camp Coordination Meetings**, co-chaired by ARRA and UNHCR, are held weekly in Hiloweyn Camp with humanitarian actors.
- All refugees in Hiloweyn Camp are **individually registered** in UNHCR's proGres database and hold **ration cards**. Ration card numbers are useful for referral between partners and for distribution events. Refugees have been given a **Proof of Registration** document showing family-related and individual details, including **each person's photo**.
- Biometrics (fingerprinting)** has been used for registering refugees living in Hiloweyn. Biometrics assists in preventing double registration. No refugee household should have more than one ration card.
- Treatment of SAM (Severe Acute Malnutrition) and Treatment of MAM (Moderate Acute Malnutrition), for both Under 5's and MOC (Malnourished Other Categories) Programme, a targeted feeding programme for severely malnourished children between 5 years and 18

Role of Ethiopian Government in Hiloweyn

- ARRA is active in the following sectors:**
 - ▶ Camp Management
 - ▶ Registration
 - ▶ Protection & Camp Security
 - ▶ Food & CRI Distribution
- ARRA staff posted inside the camp include:**
 - ▶ Camp Coordinator
 - ▶ Protection Officer
 - ▶ Site Planner
 - ▶ Distribution Staff

Role of Camp Residents in Self-Management

- Refugee Central Committee (RCC)** – a Refugee Chairperson and four other refugees are acting in a coordination role until the RCC can be elected. The RCC will be a resident coordination and leadership body that is consulted on multi-sectoral issues pertaining to camp life. It will be made up of a Chairman, a Deputy, Zone Leaders and women representatives. Zone Leaders gather information on each zone in the camp, provide information to people living in each zone and advocate on behalf of their respective zone residents.
- Women's Association** - the Women's Association, made up of 35 women elected by camp residents, runs a grinding mill (income generation project), mobilizes women's groups and represents women's interests in camp coordination.
- Food Distribution Committee** – provide information about food distribution to the community, monitoring scooping and provide feedback on the quality and quantity of food.
- Child Welfare Committee**
- Plans are underway to establish the following resident self-governance associations:
 - ▶ **Youth Committee**
 - ▶ **Neighbourhood Watch Programme**
 - ▶ **Disability Committee**
 - ▶ **Refugee / Host Community Committee**

Local Administration

- ❖ The Kebele Chairman is responsible for local (non-refugee) administration on behalf of Dollo Ado Woreda, Somali Regional State, Ethiopia. The Kebele Chairman and his administrative committee are consulted about refugee-host community relationship, natural resource use and managing conflicts between the refugee and host communities, with the help of local elders.

Hiloweyn Camp: Who Does What Where

Health 	
Activities	Actors
<ul style="list-style-type: none"> Primary Health Care offers in-patient, out-patient, basic laboratory services, Immunization (EPI) and reproductive health including basic emergency obstetric and neonatal care services 	MSF-Holland
<ul style="list-style-type: none"> Mobile Vaccination Teams conducted a vaccination campaign for measles in the Transit Centre prior to relocation to Hilaweyn 	UNICEF
<ul style="list-style-type: none"> Community Health workers identify new malnutrition cases, assist in health education, community referrals to the health facilities and following up on patients already in the health programmes.among other activities 	MSF-Holland
<ul style="list-style-type: none"> Rehabilitation programmes for disabled people 	RADO
