Total number of households: 244.

Average daily arrival rate of registered individuals: 151.3.

Average daily arrival rate of registered households: 34.9.

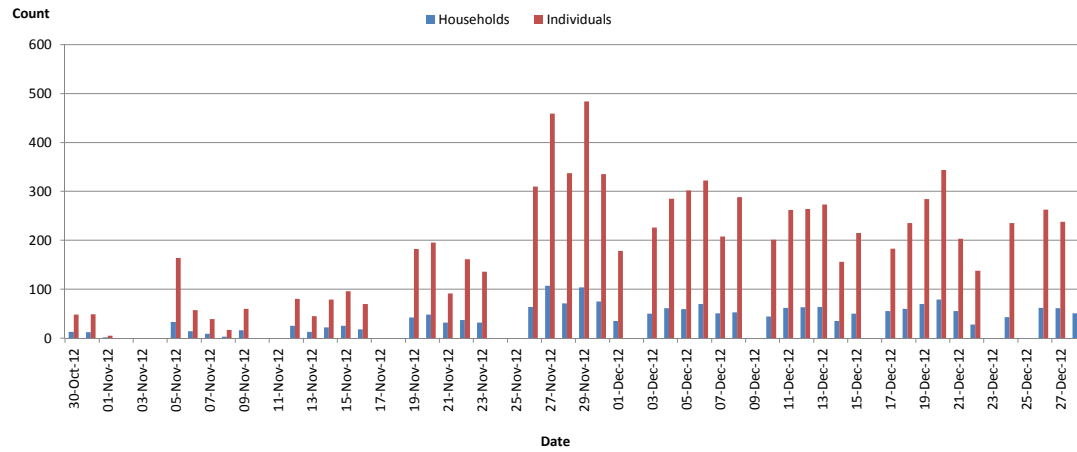

Household Size Distribution

Average household size: 4.3.

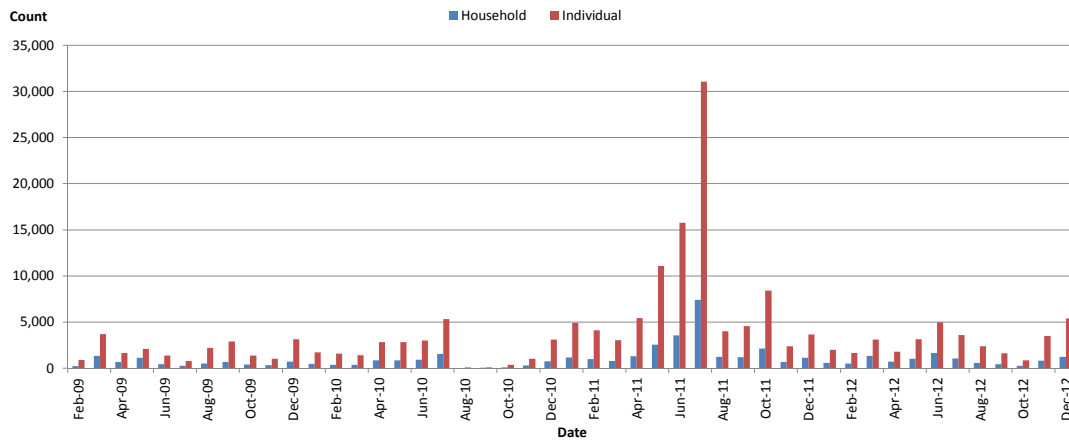

Asylum seekers arrive at the Reception Centre where they are screened by the Ethiopian government agency, ARRA and subsequently registered by UNHCR

New Arrivals (UNHCR Registered) - Last 60 Days

Having been successfully screened, the refugees are interviewed and registered by UNHCR.

New Arrivals Registered by UNHCR Per Month

The registration process records basic bio-data of each individual including a photograph and fingerprints. Fingerprint matching is performed in real time to identify and prevent individuals from being registered more than once: Weekly number of individuals with fingerprints already registered: 10 (in 3 households).

The refugees stay in the Reception Centre until they are relocated to a refugee camp, currently Buramino.
Number of households / individuals in the Reception Centre: Households: 108 Individuals: 400

New Arrivals: Characteristics I
