Enclosure

Belize's Counter-terrorism preliminary report pursuant to Security Council resolution 1373 (2001)

1. The following questions indicated by 'operative paragraph' and 'sub-paragraphs' refers to each numbered paragraph of the UN resolution 1373 that is due before or on the 27th December 2001. This particular reporting format was developed by the United Nations Counter Terrorism Committee for implementation by member states.

Operative Paragraph 1

Sub-paragraph (a) - What measures if any have been taken to prevent and suppress the financing of terrorist acts in addition to those listed in your responses to questions on 1(b) to (d)?

The Government of Belize has adopted a three-pronged approach to implement UN Security Council resolutions, including Resolution 1373: (1) to enact a United Nations Resolutions and Conventions (Enforcement) Act to give effect to UN Resolutions and Conventions; (2) to strengthen the Money Laundering (Prevention) Act to freeze the assets of terrorists and money launderers without delay and (3) to accede to and ratify the relevant UN conventions.

- i. In this regard, the United Nations Resolutions and Conventions (Enforcement) Bill, 2001, was introduced into the House of Representatives on 7 December 2001. It is an enabling measure that empowers the Minister of Foreign Affairs to make an order containing such provisions as may be necessary to implement a resolution of the Security Council, passed under Chapter 7 of the UN Charter. It also enables the Minister of Foreign Affairs to give effect to any UN Convention signed by Belize. Every such Order shall be laid before the National Assembly and shall be subject to negative resolution.
- ii. The Money Laundering (Prevention) (Amendment) Bill, 2001, was introduced into the House of Representatives on 7 December 2001; it amends the Money Laundering (Prevention) Act, 1996 to make improved provisions to combat terrorism and to provide for the speedy freezing of funds and other financial assets of terrorists and money launderers.

Sub-paragraph (b) - What are the offences and penalties in your country with respect to the activities listed in this sub-paragraph?

Punishment for offences will be the same for Money Laundering offences outlined in the Money Laundering Act, Chapter 104, Part II, No. 4 provides: A person of an offence is guilty of an offence under the provisions of the Money Laundering Prevention Act (1996) shall be punishable on conviction with a fine which shall not be less than \$25,000 but which may extend to \$100,000 or with imprisonment for a term which shall not be less than three years, but which may extend to \$100,000 or with imprisonment for a term which shall not be less than three years, but which may extend to six years, or to both such fine and terms of imprisonment.

Sub-paragraph (c) - What legislation and procedures exist for freezing accounts and assets at banks and financial institutions? It would be helpful if States supplied examples of any relevant action taken.

Please refer to Section 19 of the Money Laundering Prevention Act, which details the existing procedures for freezing of accounts and assets at banks and financial institutions.

The main amendments contained in the Money Laundering (Prevention) (Amendment) Bill, 2001 are summarized as follows:

- i. It would enable the Supervisory Authority (Governor Central Bank) to instantly freeze funds and financial assets of any person, to facilitate any investigation, prosecution or proceeding for a money laundering offence, whether in Belize or elsewhere.
- ii. A new Section 11A is being added to make a specific provision to freeze funds connected with terrorism: the power to freeze funds is given to the Supervisory Authority, but the affected person will have a right to apply to the Supreme Court to have the Order set aside.
- iii. Section 23 of the principal Act, which deals with international cooperation in money laundering offences, is being amended to delete subsection (6) which states that "assistance referred to in this section shall be provided only to those countries with whom Belize has entered into mutual legal assistance treaties on a bilateral or multilateral basis."
- iv. In the context of international cooperation, the Supervisory Authority is being empowered to take such action as may be necessary, including the freezing of assets, to give effect to a decision or recommendation of the Security Council.
- v. The First Schedule to the principal Act which contains a list of activities falling within the purview of the Money Laundering (Prevention) Act is being expanded to include international financial services, legal services and accounting services.

Sub-paragraph (d) - What measures exist to prohibit the activities listed in this sub-paragraph?

See Section 20 of the Act which provides for the forfeiture of property, proceeds and instrumentalities derived from or related to the offence.

Section 13 of the Act places an obligation upon financial institutions to report any suspicious business transactions.

In addition, the Supervisory Authority of Central Bank has circulated the lists of names of individuals and organizations suspected to be involved in terrorism to financial institutions, including offshore practitioners, requesting them to check their customers' database and notify Central Bank if any of the listed persons has conducted business.

Currently financial institutions are being encouraged to implement new measures in compliance with international standards to combat terrorism.

Operative Paragraph 2

Sub-paragraph (a) - What legislation or other measures are in place to give effect to this sub-paragraph? In particular, what offences in your country prohibit (i) recruitment to terrorist groups and (ii) the supply of weapons to terrorists? What other measures help prevent such activities?

The Special Branch of the Belize Police Department, under its terms of reference, is to gather intelligence and target terrorists/ subversive groups.

Under the firearms act, any person or persons carrying a firearm without a license commits an offence. Similarly under our Customs Regulations, a person can be charged up to three times the value of the goods for not declaring it.

Sub-paragraph (b) - What other steps are being taken to prevent the commission of terrorist acts, and in particular, what early warning mechanisms exist to allow exchange of information with other states?

At present, the Belize Police Department has in place the Joint Intelligence Coordinating Center (JICC) which collates all intelligence on criminal matters from all government agencies. JICC also has the INTERPOL desk which gives the most recent, up dated, list of any wanted persons. In turn, this information is then disseminated to the relevant agencies, including all ports of entry. JICC is also tasked to share information with their respective foreign counterparts. There is also a close working relationship between JICC and the U.S.A.'s resident Drug Enforcement Agency (DEA) office in Belize in terms of foreign requests and intelligence gathering.

Sub-paragraph (c) - What legislation or procedures exist for denying safe haven to terrorists, such as laws for excluding or expelling the types of individuals referred to in this sub-paragraph? It would be helpful if States supplied examples of any relevant action taken.

Providing that the Unit's whose responsibility within the Belize Police Department is to identify and gather intelligence are notified within a reasonable time, they can update their watch list at all ports of entry in order to stop unwanted persons from entering the country.

If the person has entered the country under the immigration law, once the identity of the person has been confirmed, such a person can be extradited.

Presently, immigration law does not include specific reference to terrorism. Nevertheless, the law does have procedures whereby any person who, in the Minister's view, is a threat to security of Belize can be expelled immediately or refused entry by an Immigration Officer. If and when that individual may have obtained Belizean citizenship the law also states the Minister can revoke citizenship on the basis that he/she was granted citizenship by error or false pretence.

Sub-paragraph (d) - What legislation or procedures exists to prevent terrorists acting from your territory against other states or citizens? It would be helpful if States supplied examples of any relevant action taken.

Once a person is identified as a terrorist, or as being involved in terrorist activities, he/she may be extradited under the provisions of the Extradition Act and his/her assets may be forfeited under the Money Laundering Prevention Bill.

Sub-paragraph (e) - What steps have been taken to establish terrorist acts as serious criminal offences and to ensure that the punishment reflects the seriousness of such terrorist acts? Please supply examples of any convictions obtained and the sentence given.

At present, this offence concurs with the enactment of legislation entitled the "Suppression of Terrorism Act" geared toward making acts specifically related to terrorism offences.

Sub-paragraph (f) - What procedures and mechanisms are in place to assist other states? Please provide any available details of how these have been used in practice.

The Extradition Act, Chapter 112 of the Laws of Belize, includes a clause which states that a person who commits offences relating to the law of terrorism can be extradited.

In January 2002, Belize ratified a Mutual Assistance Treaty on Criminal matters with the United States of America. This treaty provides for the sharing of information/ documents and the freezing and seizure of assets. The USA has not yet ratified the treaty. However, the Money Laundering Prevention Bill allows

for general information sharing and assistance by withdrawing such obligations to occur solely through Mutual Assistance Treaties.

Sub-paragraph (g) - How do border controls in your country prevent the movement of terrorists? How do your procedures for issuance of identity papers and travel documents support this? What measures exist to prevent their forgery etc?

At present the Belize Defence Force (BDF) and Belize Police Department conduct border patrols at key border crossing areas, especially between the Belize/Guatemala border. In other instances, (police, BDF, Customs and Immigration) using the multi-agency approach, conduct operations within our borders and territorial waters, targeting offences pertaining to their respective agency.

Our Immigration ports of entry do not yet have computers so everyone passing in and out of Belize is processed manually. However, many of our officers have training in identification of false documentation and from time to time at the Belize Western border some persons have been detected with false passports. Our ports of entry also have ultraviolet lamps ("Black Lights") which officers can use in the event they are suspicious of a document especially if the document used (i.e.) passports has security features which can be seen under the said mechanism.

Operative Paragraph 3

Sub-paragraph (a) - What steps have been taken to intensify and accelerate the exchange of operational information in the areas indicated in this sub-paragraph?

(See responses at sub-paragraph c below.)

Sub-paragraph (b) - What steps have been taken to exchange information and cooperate in the areas indicated in this sub-paragraph?

Information has been shared both formally and informally on intelligence/criminal matters. Formally, we have been using the Money Laundering Prevention Act and the Code of Conduct (IFSP)-International Financial Services Practitioners (Code of Conduct) –to respond to request made through the Attorney General's Office. Informally, intelligence has been shared between several foreign agencies, including the U.S. Drug Enforcement Agency (DEA).

Sub-paragraph (c) - What steps have been taken to cooperate in the areas indicated in this sub-paragraph?

At present, we have a bilateral Mutual Assistance Treaty with the USA. Some Conditions under the treaty include the transfer of persons in custody and the service of documents and search and seizure etc.

Belize is a signatory to the Central American Plan for Comprehensive Cooperation to Prevent and Combat Terrorism and Related Activities.

Belize is working with Caribbean countries in adopting bilateral and multilateral treaties to combat terrorism and related activities.

Sub-paragraph (d) - What are your government's intentions regarding signing and/or ratifying the conventions and protocols referred to in this sub-paragraph?

The Government of Belize as mentioned in Operative Paragraph 1 will accede to relevant UN Conventions.

Sub-paragraph (e) - Provide any relevant information on the implementation of the conventions, protocols and resolutions referred to in this sub-paragraph.

Belize has signed or ratified the following specialized conventions which provide the international legal framework for combating terrorism:

- a. International Convention for the Suppression of the Financing of Terrorism (1999)
- b. Convention on the Prevention and Punishment of Crimes Against Internationally Protected Persons (1973)
- c. International Convention for the Suppression of Terrorist Bombings (1998)
- d. Convention on the Marking of Plastic Explosives for the Purpose of Detection (1991)
- e. Protocol for the Suppression of Unlawful Acts of Violence at Airports Serving International Civil Aviation (1988)
- f. Hague Convention for the Unlawful Seizure of Aircraft (1970)
- g. Tokyo Convention on Offences and Certain Other Acts Committed on Board Aircraft (1963)
- h. Convention on the Physical Protection of Nuclear Materials (1979)
- i. Montreal Convention for the Suppression of Unlawful Acts Against the Safety of Civil Aviation (1971)

In addition, the Cabinet has approved signing or ratifying the remaining three conventions in this framework:

- j. Convention for the Suppression of Unlawful Acts Against the Safety of Maritime Navigation (1988).
- k. Protocol for the Suppression of Unlawful Acts Against the Safety of Fixed Platforms Located on the Continental Shelf (1988)
- l. Convention Against the Taking of Hostages (1979)

Sub-paragraph (f) - What legislation, procedures and mechanisms are in place for ensuring asylum seekers have not been involved in terrorist activity before granting refugee status? Please supply examples of any relevant cases.

The Refugee Act of 1991 allows for the appointment of an Eligibility Committee to determine whether or not a person will be accepted as a recognized Refugee in Belize. Since 1998 no new refugee application has been processed. Under the present law an applicant is required to undergo security vetting before he or she is granted refugee status in Belize.

Every person who now comes to Belize and requests refugee status goes to Help for Progress. Help for Progress is a local non-governmental agency which the UNHCR has assigned residual liaison responsibility since the return to peace and stability in Central America and the withdrawal of the agency from Belize. These persons who are referred to the Immigration Department from Help for Progress are assisted with obtaining legal status and advised to apply for residency or citizenship when they have satisfied the legal requirements. Any person who acquires Belizean citizenship must be cleared by a Security/ Interpol check done by the Special Branch of the Belize Police Department.

Sub-paragraph (g) - What procedures are in place to prevent the abuse of refugee status by terrorists? Please provide details of legislation and/or administrative procedures which prevent claims of political motivation being recognized as grounds for refusing requests for the extradition of alleged terrorists. Please supply examples of any relevant cases.

As mentioned above, due to the return to peace in Central America, no application for refugee status has been processed since 1998.

Assistance requested of the UN Counter-Terrorism Committee

Belize's law enforcement agencies need assistance in the forms of technical and advisory services, so as to better prevent and prove crimes of conspiracy, aiding and abetting.

- (a) the offence or matter under investigation;
- (b) the person who is believed to be in possession of the property;
- (c) the grounds for the belief that an order of forfeiture may be made under this Act; and
- (d) a description of the property.

(3) Where an application for a restraint order is made to a Judge under subsection (1), the Judge may, if satisfied that there are reasonable grounds to believe that there exists any property in respect of which an order of forfeiture may be made under this Act, make an order-

- (a) prohibiting any person from disposing of, or otherwise dealing with, any interest in the property specified in the order otherwise than in such manner as may be specified in the order; and

person appointed under subparagraph (i).

(4) The Court or Judge in making an order under subsection (3) may give directions as to the disposal of that property for the purpose of -

- (a) determining any dispute as to the ownership of the property or any part thereof;
- (b) its proper administration during the period of freezing;
- (c) the payment of moneys to that person for the reasonable subsistence of that person and his family;
- (d) meeting the reasonable business and legal expenses of the person referred to in subsection (1); and
- (e) permitting the use of the property in order to enter into a recognizance required of that person by a court.

(5) For the purpose of determining the reasonableness of business and legal expenses referred to in subsection (4) (d), a Judge may hold a hearing in chambers.

(6) Before making an order under subsection (3), the Judge may require the competent authority to give such undertakings as the Judge considers appropriate with respect to the payment of damages or costs, or both, in relation to the making and execution of the order.

(7) An order made under subsection (3) shall provide for notice to be given to persons affected by the order in such manner as the Judge directs or as may be prescribed by rules of court.

(8) A copy of the order made under subsection (3) shall be filed in the Registry of the Supreme Court against any property affected by the

order.

(9) An order made under the provisions of this section shall cease to have effect at the end of the period of forty-eight hours following the hour the order was made if the person against whom such order was made has not been charged with a money laundering offence within that time.

(10) Any person to whom notice of an order made under subsection (3) is given in accordance with this section and who, while the order is in force, acts in contravention of or fails to comply with the order is, without prejudice to any other remedy provided at law, guilty of an offence punishable on summary conviction to imprisonment for a term not exceeding two years.

20.-(1) When a person is convicted of a money laundering offence, the Court shall order that the property, proceeds or instrumentalities derived from or connected or related to such an offence be forfeited and disposed of in such manner as the Minister may direct.

Forfeiture of
property,
proceeds or
instrumentalities.

(2) When, as a result of any act or omission of the person convicted, any of the property, proceeds or instrumentalities described in subsection (1) above cannot be forfeited, the Court shall order the forfeiture of any other property of the person convicted, for an equivalent value, or shall order the person convicted to pay a fine of such value.

(3) In determining whether or not any property is derived from or connected or related to a money laundering offence the Court shall apply the standard of proof required in civil proceedings.

(4) In making a forfeiture order the Court may give directions for the purpose of determining any dispute as to the ownership of the property or any part thereof.

(5) For the purpose of this Act, the Court may infer that property

was obtained or derived as a result of the commission of a money laundering offence where evidence established that the value, after the commission of that offence, of all the property of the person alleged to have committed the offence exceeds the value of all the property of that person before the commission of that offence and the Court is satisfied that the income of that person from his legitimate sources as disclosed by him to the Court pursuant to subsection (6) cannot reasonably account for such an increase in value.

(6) A person convicted or absolutely or conditionally discharged of a money laundering offence may be summoned to appear before the Court at the instance of the competent authority and to give information as to his legitimate sources of income.

Rights of *bona fide* third parties.

21.-(1) The measures and sanctions referred to in sections 19 and 20 shall apply without prejudice to the rights of *bona fide* third parties.

(2) Proper notifications shall be made so that all those claiming legitimate legal interest in property, proceeds or instrumentalities may appear in support of their claims.

(3) A third party's lack of good faith may be inferred, at the discretion of the court or other competent authority, from the objective circumstances of the case.

(4) The Court or other competent authority shall return the property, proceeds or instrumentalities to the claimant, when it has been demonstrated to its satisfaction that:-

- (a) the claimant has a legitimate legal interest in the property, proceeds or instrumentalities;
- (b) no participation, collusion or involvement with respect to the money laundering offence which is the subject of

[CAP. 104]

the proceedings can be imputed to the claimant;

- (c) the claimant lacked knowledge and was not intentionally ignorant of the illegal use of the property, proceeds or instrumentalities or if he had knowledge, did not freely consent to its illegal use;
- (d) the claimant did not acquire any right in the property, proceeds or instrumentalities from a person proceeded against under circumstances that give rise to a reasonable inference that any right was transferred for the purpose of avoiding the eventual subsequent forfeiture of the property, proceeds or instrumentalities, and
- (e) the claimant did all that could reasonably be expected to prevent the illegal use of the property, proceeds or instrumentalities.

22. The provisions of sections 19 and 20 shall only apply to property coming into the possession or under the control of a person after the coming into force of this Act.

Limitations on freezing or forfeiture of property.

23.-(1) The Court or other competent authority shall cooperate with the Court or other competent authority of another State, taking the appropriate measures to provide assistance in matters concerning money laundering offences, in accordance with this Act, and within the limits of their respective legal systems.

from the Court or other competent authority of another State to identify, trace, freeze, seize or forfeit the property, proceeds, or instrumentalities connected to money laundering offences, and may take appropriate actions, including those contained in sections 19 and 20 of this Act.

(3) A final judicial order of judgment that provides for the forfeiture of property, proceeds or instrumentalities connected to money laundering offences, issued by a Court or other competent authority of another State, may be recognised as evidence that the property, proceeds or instrumentalities referred to by such order or judgment may be subject to forfeiture in accordance with the law.

(4) The Court or other competent authority may receive and take appropriate measures with respect to a request from a Court or other competent authority from another State, for assistance related to a civil, criminal, or administrative investigation, prosecution or proceedings, as the case may be, involving money laundering offences, or violations of any provision of this Act. Such assistance may include providing original or certified copies of relevant documents and records, including those of financial institutions and government agencies, obtaining testimony in the requested States; facilitating the voluntary presence or availability in the requesting State of persons, including those in custody, to give testimony, locating or identifying persons, service of documents; examining objects and places; executing searches and seizures; providing information and evidentiary items, and provisional measures.

(5) Any provisions referring to bank secrecy or confidentiality shall not be an impediment to compliance with this section, when the information is requested by or shared with the Court or other competent authority.

(6) Assistance referred to in this section shall be provided only to those countries with whom Belize has entered into mutual assistance treaties on a bilateral or multilateral basis, and all such assistance shall be subject to the terms of such treaties.
