Needs for Jordan Resettlement

747,602
Registered Refugees

Submissions and Departures from 2013 to 2020 (May)

5,500 estimated submissions in 2020

- Resettlement is an important gesture of responsibility sharing and solidarity with the government of Jordan;
- Resettlement is also a durable solution and a protection tool based on criteria related to protection rather than integration potential in the resettlement country
- UNHCR follows a one refugee approach and prioritizes refugees of all nationalities for resettlement according to protection needs

Resettlement Process
