

S&S Contribution to NRC's Global Response Plan (GRP): COVID-19

Pillar 1: GRP

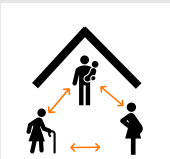

Partner with health actors to **rehabilitate** / **construct** health facilities and adapt existing non-medical facilities to **increase health access**

Pillar 2: GRP

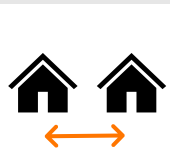

Improve **housing conditions** to reduce **chronic respiratory** related health related conditions

Pillar 2: GRP

Create more **living space** to reduce **over-crowding** and open possibilities for **self-isolation**

Pillar 2: GRP

Reduce settlement **density** to maintain **social distancing** and **reduce transmission**

Pillar 3: GRP

Continue to provide **adequate shelter** and **essential household items** to the most vulnerable
