FIELD & SITE MANAGEMENT OBJECTIVES

- 1 Coordinate and monitor field activities comprehensively addressing them or reaching out to responsible sectors/units
- 2 Continued implementation of the **Capacity Sharing Initiative (CSI)** and remote management tool
- 3 Provide an efficient and effective delivery of **CRIs, LPGs**, and other distributions to the persons of concern
- 4 Ensure that relocation of refugees is organised and implemented in line with protection standards
- 5 Prepare and respond to any emergency need caused by weather related events and other emergency situations such as **COVID-19**
- 6 Promote **community representation** structures for refugee camp and block committees

PROGRESS (JANUARY - AUGUST 2020)

FSMU continues to share and reinforcing **CiC/ACiCs** capacities in camps, strengthening the camp level coordination through **Multi-Functional Team (MFT)** approach. The unit aims to enhance refugee community representation across camps working with both RRRC and CiCs in camps. The unit ensures; regular coordination and service monitoring is conducted, **CFRM** are established in camps, protection mainstreaming, relocation of affected families followed accordingly, camp care and maintenance, capacity building through the **Capacity Sharing Initiative (CSI)** and information management amongst others. Emergency preparedness and response is embedded in FSMU activities, that ensures camp level **EPR** plans are prepared, distribution of pre monsoon tie down kits, community awareness conducted in EPR activities. An ERT team is also prepared in advance in case of emergency response in affected camps for rapid needs assessments, coordination and response.

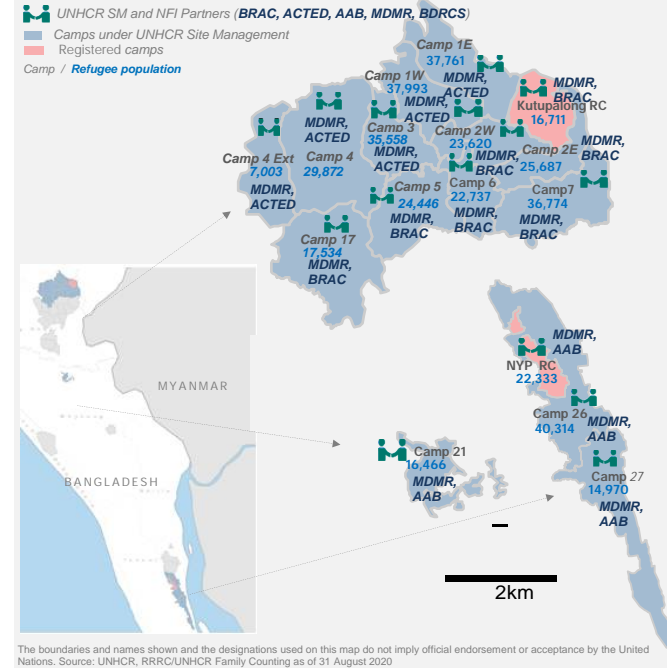

WAY FORWARD

- ✓ Plans are underway to Rollout “**pop-up shop**”; as alternative model of distribution, to empower refugees chose items they need. FSMU is progressively implementing the **Remote SMS Monitoring System**; putting community at the centre of reporting. **MFTs**; which were rolled out in 2019 have become standardized and systematized across UNHCR camps. Regular coordination meetings among inter-unit camp focal have increased harmonization, collaborative and coordinated approach in camps. **Community Led Projects**; augmented implementation of projects identified and selected by community members themselves enhancing community participation and engagement, empowering the community to respond to their own needs through their own identified projects in the blocks and camp at large. On **Capacity Sharing Initiative**; FSMU has prepared updated activities to progress with CSI including relaunching of modular trainings for CiC and Site Management staff, evaluation of CSI trainings and impact, integrating the nationalization agenda and follow up with respective authorities for planning purposes for 2021.
