Ministry of Interior
Minister of Industry, Trade and Supply

In reference to my letter no. 10/11/UNHCR/888, dated 10/12/2012, which includes the adoption of the MOI service card for Syrian refugees residing in the Kingdom, and connecting it to services provided to them.

We request to kindly instruct the concerned staff to consider the service card issued by the Ministry of Interior as a valid ID instead of submitting passports for those who are applying for licenses to establish certain projects (such as; Home Based Businesses Projects) given their current status, and upon the request of the World Bank's representative .

Sincerely,

Salameh Hammad Al Suhaim

Minister of Interior
