Situationer

- At least 30 percent to 40 percent of the structures in Marawi City were damaged due to the almost five-month armed confrontations between the AFP and pro-ISIS militants. This includes residential buildings and structures (GMA Network News).
- Residents from nine (9) pilot barangays in Marawi City are set to return between the last days of October and the first days of November. This is the first of several "clustered returns" after the official termination of armed conflict in the city.
- Three years before Marawi received its charter as a city and eventually became sub-divided into 96 barangays, 66.67 sq. km. covered by Bureau of Lands Plan II-5919 was delineated for military purposes in 1953 by virtue of Proclamation No. 453. The military has expressed that it is not interested in utilizing the delineated land for military purposes.

Key advocacy / Protection Messages

- Ensure sustainable re-integration, voluntary return or resettlement of IDPs in safety, with dignity and without discrimination.
- Strengthen multi-purpose cadastral or other appropriate systems for the registration of housing, land and property, respecting the rights of the IDPs and their local practices and traditions on housing, land and property.
- Provision of legal advice and assistance to IDPs and returnees who have lost legal documents showing title or tenure over their land and property during the Marawi Crisis.
