KEY FIGURES

KEY DRIVERS OF THE CRISIS

Recurring natural disasters such as droughts and floods combined with the volatility of markets, pushed many households and communities into chronic vulnerability.

Conflict in northern Nigeria and CAR has displaced refugees to Cameroon, and caused internal displacements. In addition, increasing insecurity in the far North of Cameroon and along the border of CAR hampers humanitarian access.

Poor coverage of sanitation and access to clean water remain the main causes of malnutrition and water-borne diseases.

HDI Ranking*

153/188

Life Expectancy*

55

GDP Growth Rate*

6,3%

U5 Child Mortality*

94,5/1,000

Fertility Rate*

4,9%

Literacy Rate*

71%

Maternal Mortality*

590/100,000

Pop. below the Poverty Line*

39,9%

* As of 2015 (U5 Child Mortality, Maternal Mortality, GDP Growth Rate), 2014 (HDI Ranking) 2013 (Life Expectancy), 2012 (Fertility Rate, Literacy Rate), 2007 (Pop. below the Poverty Line)
