

## SUMMARY

Ethiopia is one of the largest refugee-hosting countries in Africa, sheltering over **796,437** registered refugees and asylum seekers as of **31-October-2020**. UNHCR's main government counterpart to ensure the protection of refugees in Ethiopia is the **Agency for Refugees and Returnees Affairs (ARRA)**. In addition, UNHCR works in close coordination with **69** humanitarian partners and is part of the Humanitarian Country Team in Ethiopia where refugee programmes are discussed strategically to ensure the needs of refugees are adequately presented and addressed across the UN System. UNHCR is also building on a well-established coordination forum, including the inter-sector Refugee Coordination Group, together with national and regional sector working groups. As part of the CRRF, UNHCR is furthering partnerships with line ministries, regional and local authorities, as well as development partners and the private sector.
