ANNUAL GLOBAL MEETING 2020

# 127722

...affect local markets and supply chains,

...reduce commodity and service availability,

...increase (or destabilize) prices,

...create inflation.

Return and reintegration financial support to IDPs, refugees, former fighters, etc. to allow them to either start businesses, practice a profession or cope with the expenses in the area of return.

Construction and Rehabilitation of shelters through conditional household cash grants, complemented by technical support.

Rehabilitation of communal facilities through Cash for Work (roads, water points, water canals, rehabilitating and building markets, etc.).

Cash Grants to SMEs or individuals to start-up or enhance their businesses.

- Links to CM Standards
- Considers risks and mitigation measures
- Discusses how CBI can be used not just for individual households, but to support whole communities

# Thank you!

# Any Questions?
