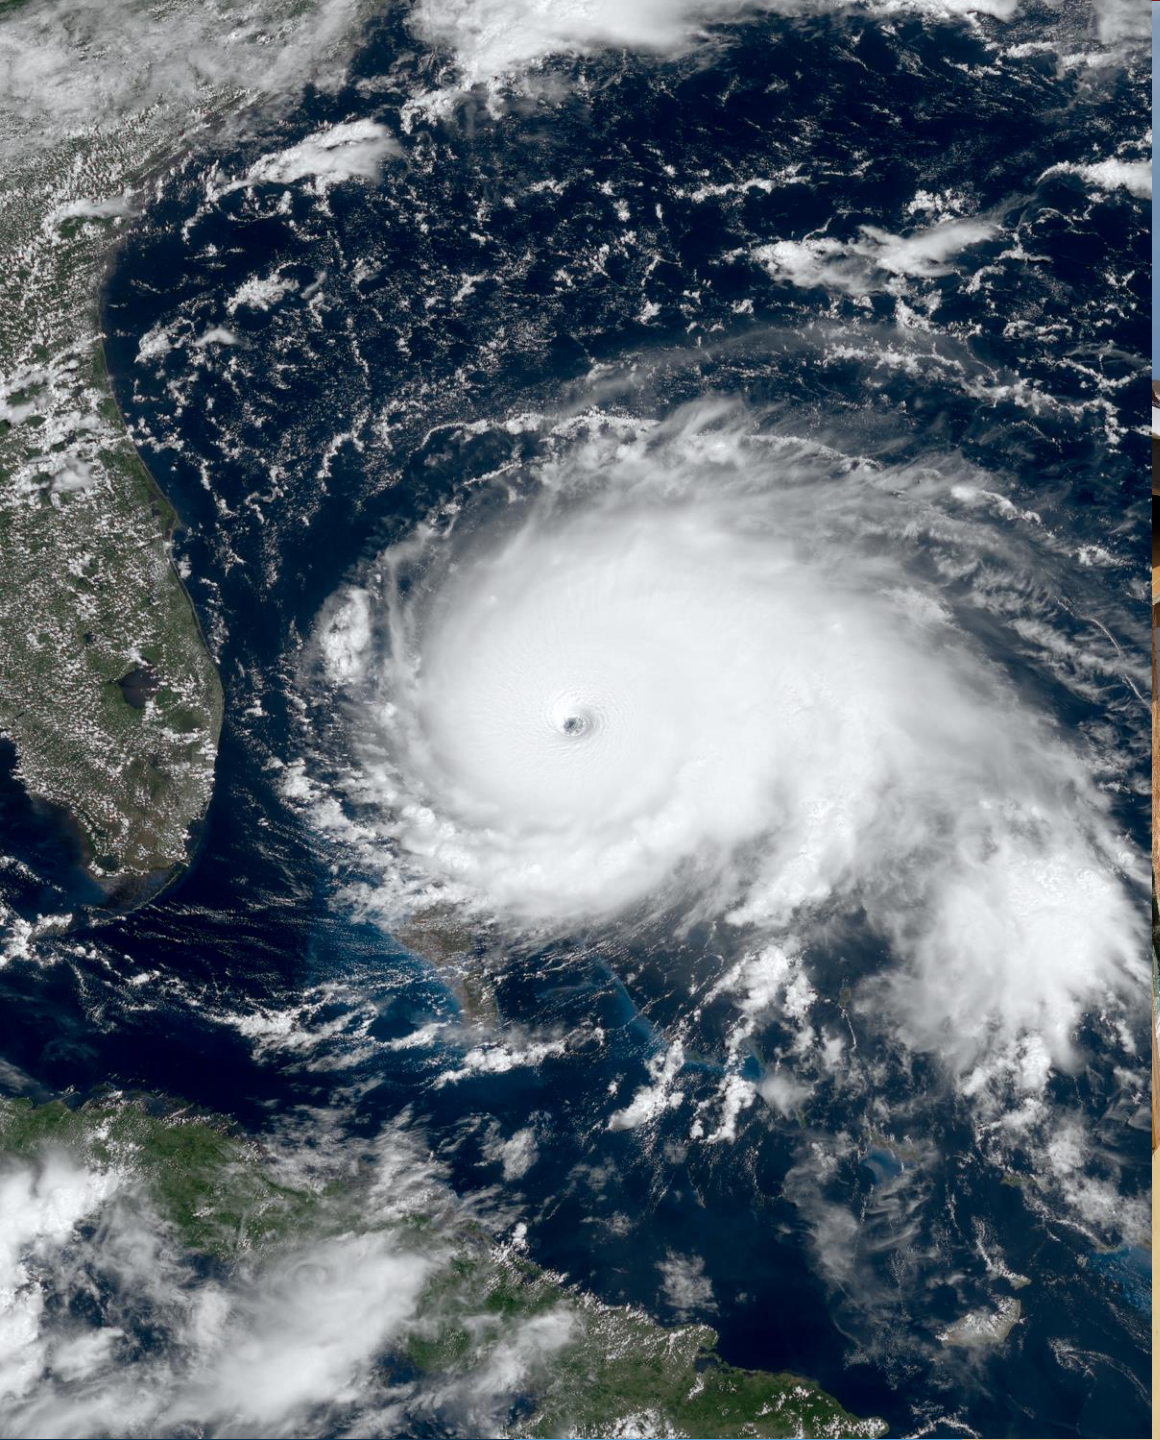
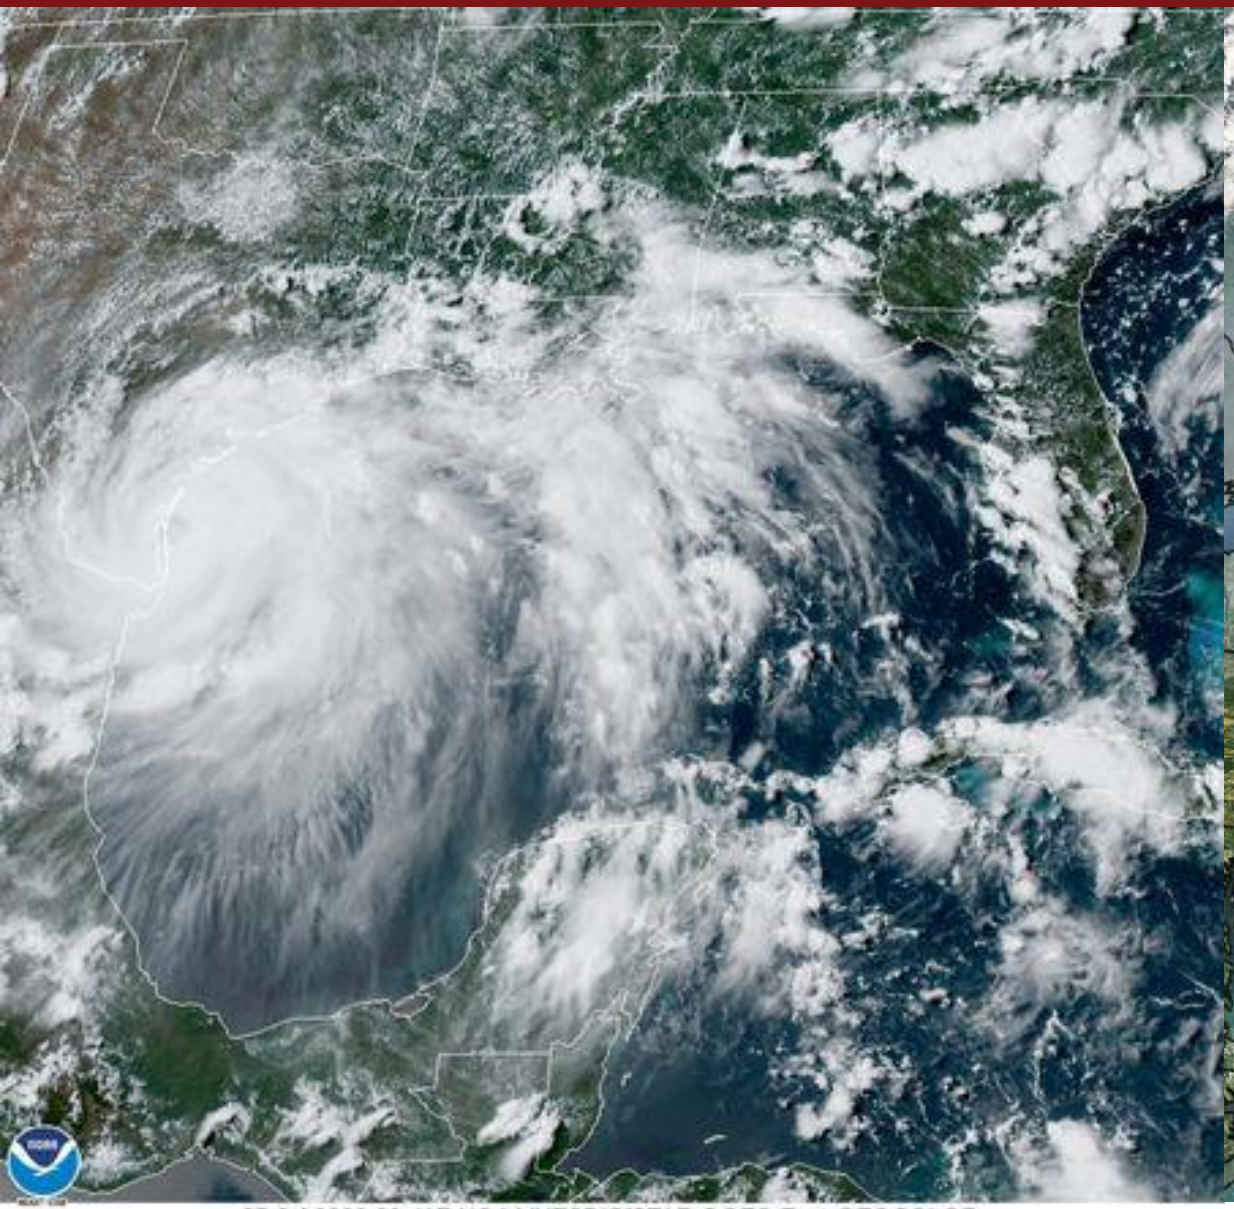
Shelter/CCCM Hurricane preparedness Working Group

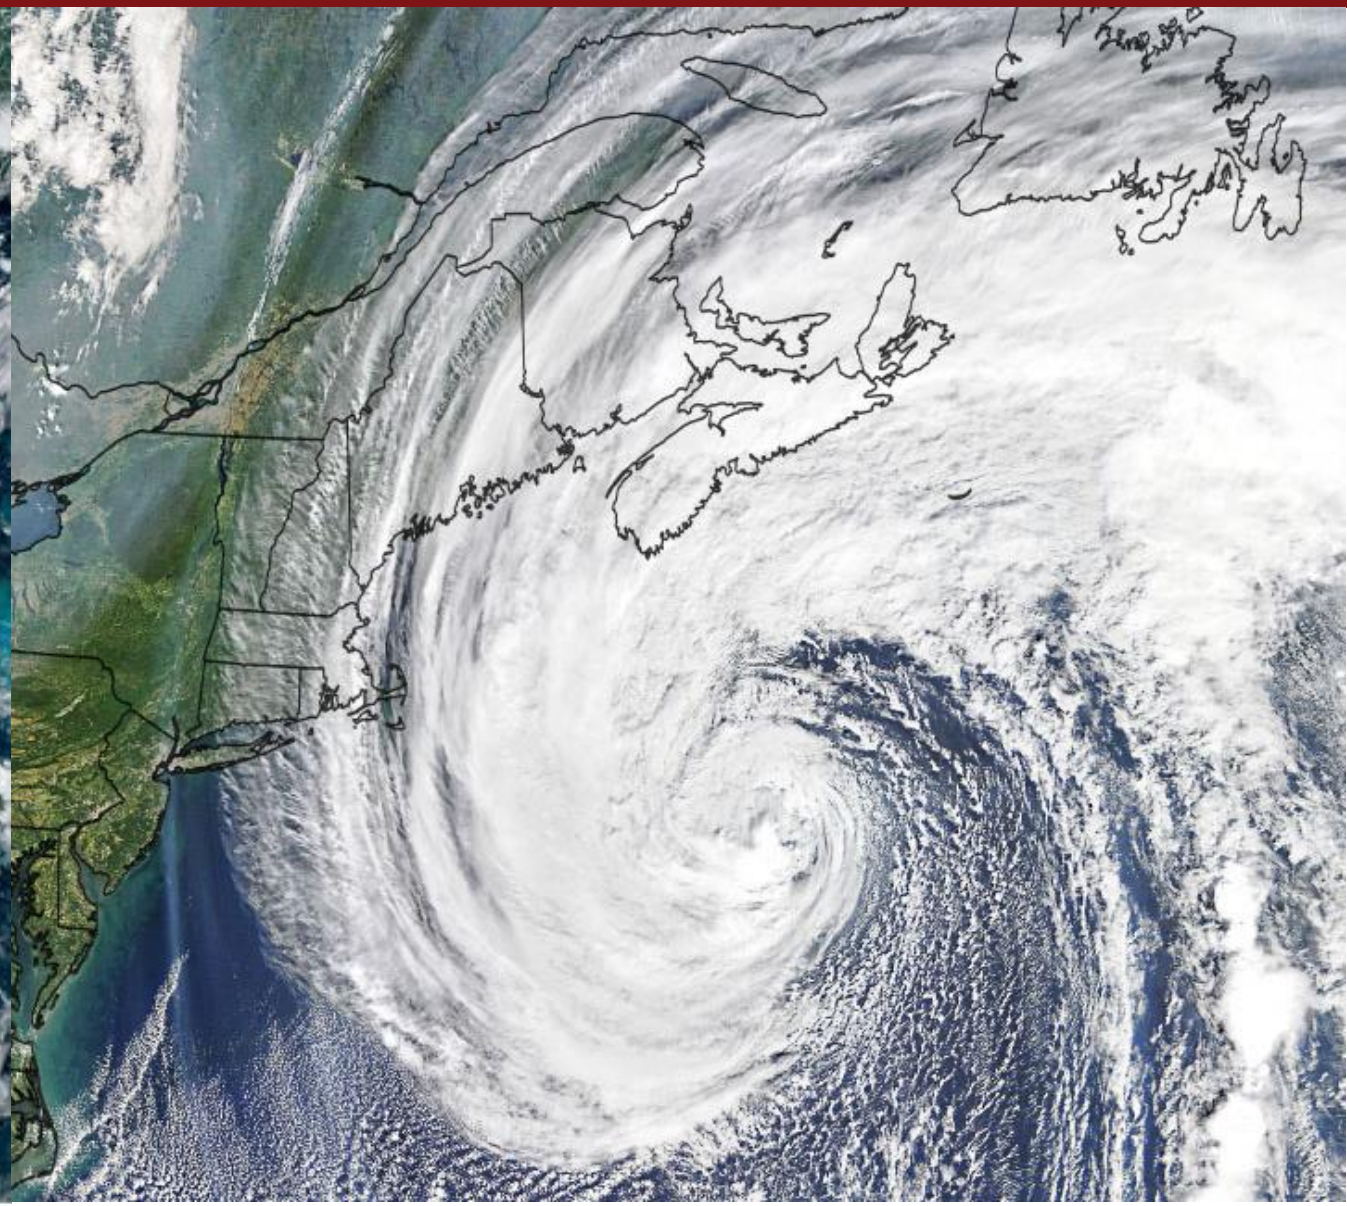
Global Shelter Cluster Meeting

8 of October 2020



DUKE



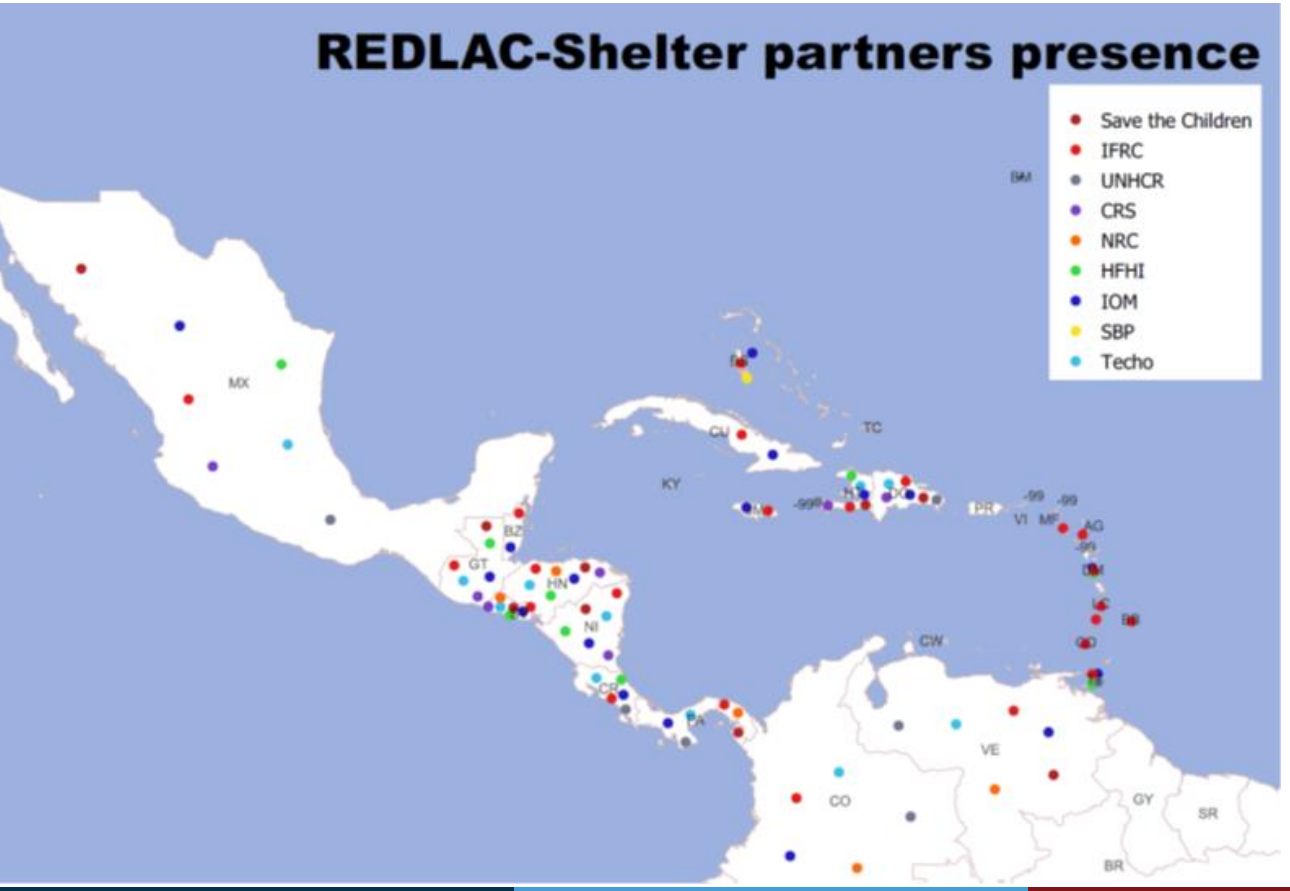


25 Jul 2020 20:41Z NOAA/NESDIS/STAR GOES-East GEOCOLOR

POLL 1

REDLAC-Shelter

To respond to the impact of COVID-19 the Regional Group on Risks, Emergencies and Disasters in Latin America and the Caribbean (**REDLAC)** convened 9 sectoral working groups (corresponding to global clusters)



Shelter/CCCM hurricane preparedness working group

Objectives

- To outline coordination arrangements and preparedness actions to address the shelter needs of vulnerable people and communities.
- To promote cooperation and coordination among relevant organizations, including national governments, NGOs,INGOs, UN Agencies, and the private sector.
- To strengthen connection to and support for local actors, particularly to overcome the added challenges due to the COVID-19 pandemic.

Preparedness Workplan

A — COORDINATION

- Support to coordination platforms in the region - **CDEMA** and **CEPREDENAC**
- Mapping of partners per country
- Collective shelter management - Mapping of collective shelters
- Partners capacity self -assessment
- Identification of shelter coordination country focal points
- Training of country focal points in shelter coordination and collective shelter management
- Shelter pre-strategy for hurricane response
- *Review of ToR*

B — TECHNICAL AND PROGRAMMATIC PREPAREDNESS

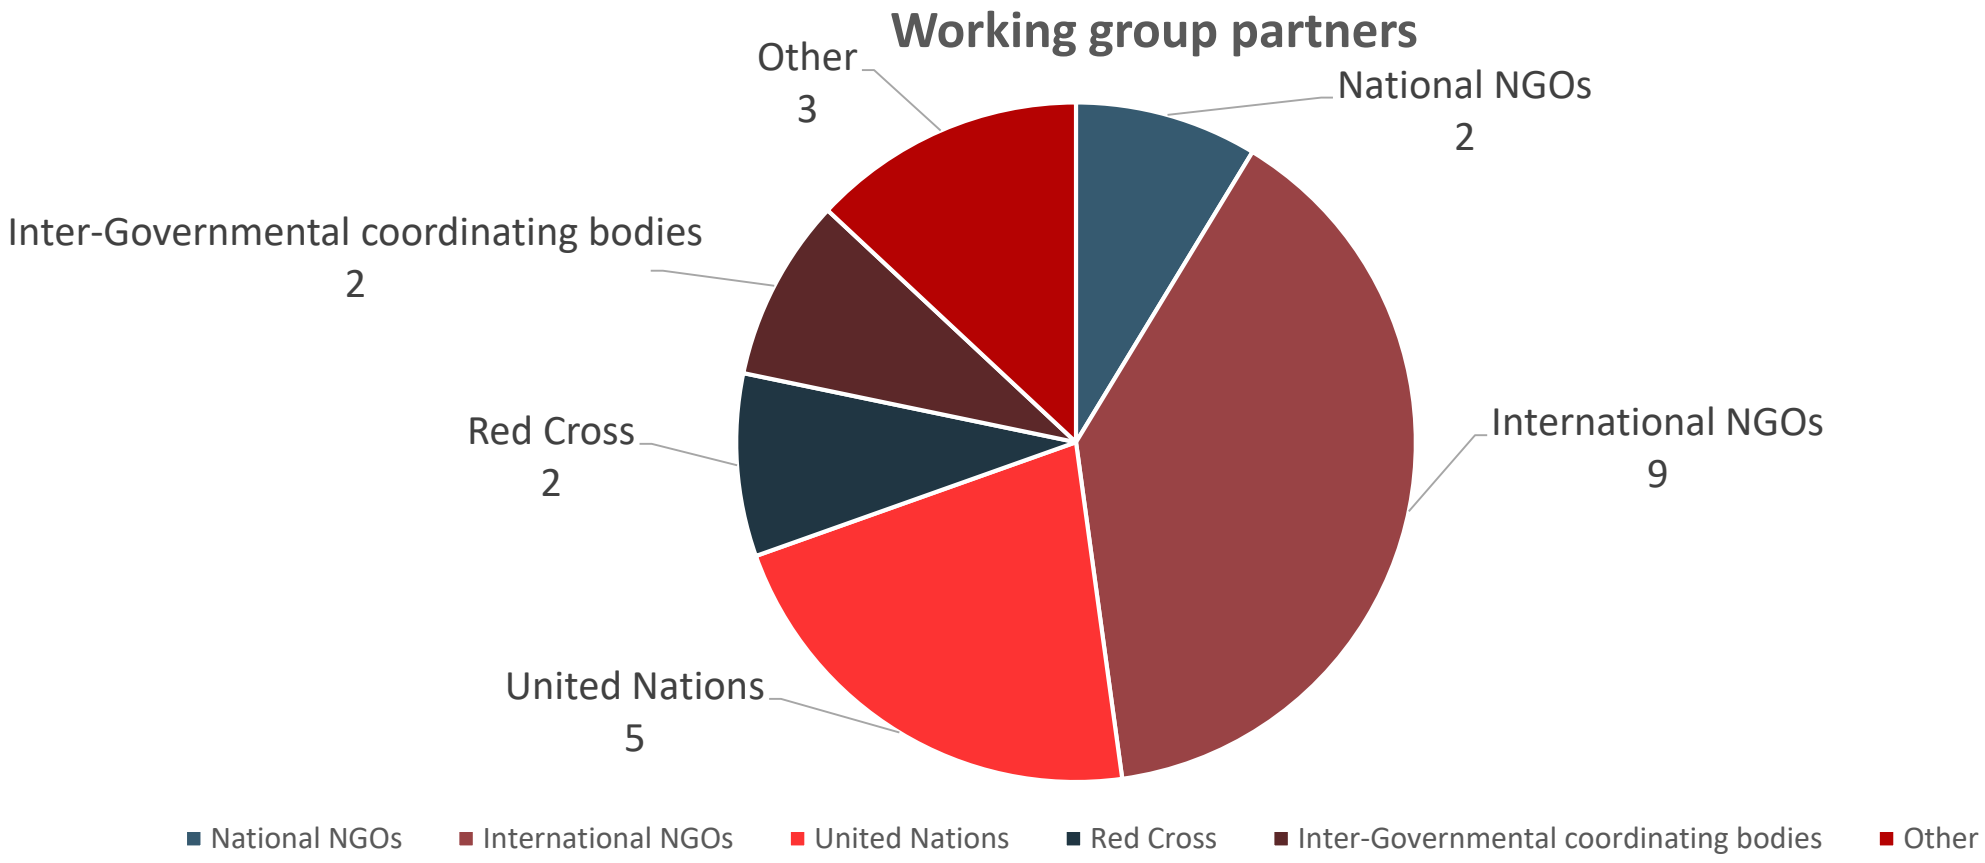
- Review and update of CDEMA shelter policy guidelines
- Mapping of potential local NFI/construction material suppliers
- Agree on standards for:
  - Collective shelters
  - Emergency shelter relief package
  - Preparedness Kit (which could be used to strengthen house in preparation for hurricanes).
  - Shelter-related Non-food items
- Up-to-date list of pre-positioned shelter items and shelter-related NFIs
- Assessment of shelter vulnerabilities
- Technical trainings (Build back better, PASSA, etc.)

C — INFORMATION MANAGEMENT

- Develop/share possible disaster scenarios
- Mapping of collective shelters in each country
- Updated 4W per country, including country-based NGOs
- Baseline/household data available for the region. (*Transportation/Ports/Hydrology/Location of key infrastructure)*
- Poverty data available
- Information on traditional building practices, typologies and materials
- Clear and understood shelter damage assessment procedures in place.
- *Mapping of communication infrastructure (feasible?)*

POLLS 2 AND 3

Priority actions – Mapping



CDEMA (Caribbean Disaster Emergency Management Agency

NORTH WESTERN — Jamaica

- Bahamas
- Belize
- Haiti
- Turks and Caicos

EASTERN — Antigua and Barbuda

- Anguilla
- Montserrat
- St. Kitts and Nevis
- British Virgin Islands

CENTRAL — Barbados

- Dominica
- Saint Lucia
- St Vincent and the Grenadines

SOUTHERN — Trinidad and Tobago

- Grenada
- Guyana
- Suriname

CEPREDENAC (Centro de Coordinación para la Prevención de los Desastres Naturales en Centroamérica)

- Costa Rica
- El Salvador
- Guatemala
- Honduras
- Nicaragua
- Panamá
- Belize
- Dominican Republic
