Preamble

The IPC membership is composed of independent registered organisations that have freely agreed to join the IPC with the aim to support the development of the Paralympic Movement, its vision and mission and to deliver its responsibilities as members. The assembly of the IPC members is the ultimate governing body of the IPC.

The IPC management team shall keep an accurate record of the status of each organisation in membership with IPC, and shall keep public an updated official list of current membership.

The different categories of IPC members

Subject to compliance with the IPC Constitution, membership shall be open to the following categories:

- **National Paralympic Committee (NPC):** a national organisation recognised by the IPC as the sole representative of the Paralympic Movement in that country or territory to the IPC, and recognised as such by the respective national sports council or similar highest sports authority within a country. NPCs undertake the co-ordination within the respective country or territory and are responsible for relations and communications with the IPC.
- **International Organisations for Sport for Disabled (IOSD):** an independent organisation recognised by the IPC as the sole representative of a specific disability group to the IPC.
- **International Federation (IF):** an independent sport federation recognised by the IPC as the sole worldwide representative of the specific sport for athletes with impairment and being granted the status of Paralympic sport by the IPC Governing Board.
- **Regional Organisation:** an independent Regional Organisation recognised as the sole regional representative of IPC members within a specific region, as recognised by the IPC.

Provisional membership

An applicant for IPC membership that has complied with all conditions for IPC membership may be granted by the IPC Governing Board the status of 'Provisional IPC Membership' until such time as the IPC General Assembly can formally approve the IPC membership. 'Provisional membership' cannot be held beyond the first General Assembly taking place following the date

of IPC granting provisional membership. Provisional members shall have all the privileges of membership, with exception of the following rights: i) the right to vote at the General Assembly, ii) the right to submit motions, iii) the right to submit nominations for election to the IPC Governing Board, and iv) the right to submit nominations for the IPC Athletes Council elections. Provisional members shall comply with all obligations imposed on members in the IPC Constitution and bylaws and elsewhere. If the provisional member breaches any of the obligations imposed on full members this will be taken into account and may form a reason for the Governing Board not bringing forward a recommendation to the General Assembly to approve the membership.
