Manufacturer Identification Guidelines Tokyo 2020 Paralympic Games

1 Introduction

The International Paralympic Committee (IPC) is pleased to present the IPC Manufacturer Identification Guidelines for the Tokyo 2020 Paralympic Games. This guide contains the general rules concerning the manufacturer identification and the specific details for the different categories (equipment, clothing, accessories and footwear) for the Tokyo 2020 Paralympic Games.

The Paralympic Games place the national and Paralympic identity of athletes at the forefront, which helps to further distinguish the Paralympic Games, whilst respecting the significant contribution that sporting goods manufacturers provide. Founded on the approach followed by the International Olympic Committee (IOC) for the Olympic Games, one of the key factors that differentiate the Paralympic Games from other sporting events is the visual presentation of the Games, which includes the 'look' of the participants, the venues and the field of play.

The purpose of these guidelines is to clarify the use of trademarks using visual diagrams to illustrate the regulations of the IPC Handbook, Section I, Sub-Section 3 (Paralympic Games Principles). These guidelines apply to all persons participating in the Paralympic Games.

These guidelines aim at providing certain clarifications on how the Identification of the manufacturer may be used (or not) in general and specific situations. They are not intended to restrict or otherwise impair new, innovative technological design features of clothing, equipment and accessories as long as those are in conformity with the rules and regulations applicable for the Paralympic sports concerned and these guidelines.

Notwithstanding the above, these guidelines are to be used subject to the understanding that (i) in case any term of these guidelines is in contradiction with the IPC Handbook, the latter shall prevail and (ii) the IPC Governing Board shall be the sole authority to finally determine whether the use of a manufacturer name, designation, trademark, logo or any other distinctive sign complies with the IPC Handbook and these guidelines.

The IPC Manufacturer Identification Guidelines have been distributed to all National Paralympic Committees (NPCs) and International Federations (IFs). We encourage all parties to make use of this reference manual during the design and production of clothing, equipment, accessories and footwear items for the Tokyo 2020 Paralympic Games.

- Introduction

2 Changes from previous versions (Rio 2016 / PyeongChang 2018)

Topic	Modification
Definition	Updated definitions within the list of "Authorised Identifications" and "Items".
Size and frequency of Authorised Identifications	Clothing One identification of the manufacturer will be permitted on zippers and buttons, and should appear in the same colour as the concerned item (i.e. tone-on-tone), as long as such identifications are deemed not conspicuous by the IPC.
Eyewear	Eyewear may carry the identification of the manufacturer as generally used on products sold through the retail trade during the period of six (6) months or more prior to the Games, with the identifications permitted on the lenses so long as such identifications are tone-on-tone, engraved into the lens, and is not deemed as conspicuous by the IPC.
Headgear	Additional option – Two identifications of the manufacturer per accessory item will be permitted, to a maximum size of 5cm ² each, placed above each ear.
Footwear	In principle, athletes' names are not allowed on the footwear unless listed as a technical requirement on the sport-by-sport list or are found on shoes sold on the retail consumer market six (6) months prior to the Games.
Sport-by-sport list	Inclusion of illustrative specifications from IF technical regulations, including: <ul style="list-style-type: none">▪ National identifications▪ Personal identifications▪ Homologation marks and processes▪ Coaches clothing

3 Definitions

For the purpose of these Guidelines:
“Authorised Identification” means any of the following identification:

Name	Definition
Identification of the Manufacturer	<p>Means the normal display of the name, designation, trademark, logo or any other distinctive sign of the manufacturer of an item (excluding encrypted or encoded supports, such as barcodes or QR codes, as well as URLs, social media accounts and hashtags), including, in particular, but without limitation, Exclusive Identifiers (as defined below).</p> <p>Exclusive Identifier(s) means any design or sign (or part or variation thereof) used by the manufacturer on clothing, equipment or accessories in the preceding edition of, respectively, the Paralympic Games and Paralympic Winter Games. (i.e. Exclusive Identifier(s) can be used for one Summer and one Paralympic Winter Games, but must be changed before the following Summer or Winter Games, as the case may be).</p> <p>The identified manufacturer of the item must be in the principal business of manufacturing, providing, distributing and selling respective items.</p>
NPC Emblem	Either (i) the institutional or (ii) the commercial emblem of a participating NPC, as approved by the IPC.
IF Identification	Refers to the official emblem of the International Federation (IF) and/or the official name of the IF.
Tokyo 2020 Emblem	The official emblem of the Tokyo 2020 Paralympic Games, as approved by the IPC.
Tokyo 2020 Wordmark	The words “Tokyo 2020”.
Product Technology Identification	The technical identification (which shall not include any Identification of the Manufacturer, or any part thereof) used on clothing to identify any fabric technology.

- Definitions

“Item” means any piece of clothing, equipment, accessory or any other item used or worn by any person participating in the Paralympic Games, appearing on the field of play or within other Paralympic Games venues and sites, of which in particular, but without limitation:

Name	Definition
Accessory	Any article that is of an accessory nature (e.g. bag, eyewear, arm bands, gloves, socks, etc.), worn or used by a participant. These articles are not essential to the participation in the event.
Clothing	<p>This category includes any piece of attire worn by a participant within Paralympic Games venues and sites. Clothing may be divided in the following categories:</p> <ul style="list-style-type: none">a. Competition clothing Includes articles of clothing worn by a participant during all training sessions and competitions. Competition clothing is subject to additional IF regulations, specific to the respective sport.b. Formal uniforms Formal uniforms include all articles of clothing worn by a participant for all Paralympic Ceremonies (e.g. Team Welcome Ceremony, Opening, Closing and Victory Ceremonies).c. Casual wear Any additional articles of clothing worn by a participant within Paralympic Games venues and sites.
Footwear	Any footwear (e.g. shoes, boots, etc.) worn by a participant.
Sports equipment	Any sport-specific and necessary equipment used during sports competition (e.g. rackets, bicycles, rifles, etc.). These articles are essential to the participation in the event.
Mobility equipment	Any equipment used by a participant for mobility purposes (e.g. wheelchair, prosthetics).
Technical gear	Such installations, equipment and other apparatus not worn or used by participants (e.g. timing equipment and scoreboards).

General Guidelines

- Definitions

“Participant” refers to any person participating in the Paralympic Games, in particular, but not limited to, athletes, officials, technicians (e.g. equipment technicians) and other accredited personnel within Paralympic Games venues, sites and press areas.

For the avoidance of doubt, when referring to a “person participating in the Paralympic Games”, these guidelines refer to any athlete, official and any other accredited person within Paralympic Games venues, sites and press areas.

“Sport Brand” means an Identification of the Manufacturer principally used in the business of manufacturing, providing, distributing and selling sporting goods and which is (i) not principally used for non-sport products, (ii) not confusingly similar or identical to an identification used in another line of business, unrelated to sporting goods.

“Clothing Brand” means an Identification of the Manufacturer principally used in the business of manufacturing, providing, distributing and selling clothes and which is (i) not principally used for non-clothes products, (ii) not confusingly similar or identical to an identification used in another line of business, unrelated to clothes.

Please note that any Olympic marks are not authorised identifications.

4 General Principles

Pursuant to the IPC Handbook, Section I, Sub-Section 3 (Paralympic Games Principles), no form of publicity or propaganda, commercial or otherwise, may appear on persons, sportswear, accessories or, more generally, on any article of clothing or equipment whatsoever worn or used by persons participating in the Paralympic Games, except for the Identification of the Manufacturer of the article or equipment concerned, provided that such identification shall not be marked conspicuously for advertising purposes.

An authorised identification may only be used in compliance with the terms of the IPC Handbook, the present guidelines or as further approved in writing by the IPC.

The IPC reserves the right to prohibit the use of any authorised identification on any given item in order to ensure the spirit of the principles of the IPC Handbook and these guidelines are respected.

General Guidelines

- Definitions
- General Principles

Unless specifically mentioned otherwise hereinafter (in particular in the “Sport-by-Sport list”) or unless otherwise indicated in writing by the IPC, the following general principles shall apply:

- No use of any Identification of the Manufacturer may be made in a conspicuous way and no item may be used for advertising purposes. An item is in particular considered to be used for advertising purposes when the identification on such item is not in relation to sport or is only featured or used for the purpose of conspicuous exposure during the Paralympic Games.
- No identification other than an Authorised Identification may appear on any item.
- Only one Identification of the Manufacturer per item shall be permitted unless explicitly indicated in the Sport-by-Sport list.
- Exception: Where one-piece body suits are used in competition, one Identification of the Manufacturer shall be permitted above the waist and one below the waist, provided all other principles are respected.
- Where the Identification of the Manufacturer is not a sports brand, such identifications shall not be permitted, except for clothing, for which the Identification of the Manufacturer may be that of a clothing brand.
- Participants must refrain from contributing to or participating in any conspicuous advertising within Paralympic venues and sites, and in particular on the field of play.

Personal mobility equipment refers to personal wheelchairs, prosthetics, etc., which are used outside of competition. For usage of mobility equipment inside competition, please refer to the respective Sport-by-Sport list. Personal mobility equipment is accepted in the Paralympic Games venues as commercially available.

5 Size and frequency of Authorised Identifications

The table below outlines the size and frequency an Identification of the Manufacturer shall respect, it being understood that unless expressly excluded, the general principles and other principles outlined in these guidelines apply as well in addition:

Manufacturer Identification
Guidelines
Tokyo 2020 Paralympic Games

General Guidelines

- General Principles
- Size and frequency of Authorised Identification

Item	Maximum size and frequency
Accessory	<p>Accessories may carry Identifications of the Manufacturer as per the following, subject to any stricter IF rules which would prevail for each concerned sport, as indicated within the Sport-by-Sport list and as long as such identifications are deemed not conspicuous by the IPC:</p> <ul style="list-style-type: none">▪ Socks: One Identification of the Manufacturer per item, with a maximum size of 10cm².▪ Headgear: One Identification of the Manufacturer per item, with a maximum size of 10cm² or two Identifications of the Manufacturer per accessory item will be permitted, to a maximum size of 5cm² each, placed above each ear.▪ Eyewear: May carry the Identification of the Manufacturer as generally used on products sold through the retail trade during the period of six (6) months or more prior to the Games, with no identification permitted on the lenses so long as such identifications are engraved into the lens and is not deemed as conspicuous by the IPC.▪ Armbands: One Identification of the Manufacturer per item, with a maximum size of 6cm².▪ Gloves: One Identification of the Manufacturer per item, with a maximum size of 8cm².▪ Bag: One Identification of the Manufacturer per item, not greater than 10 per cent of the surface area, to a maximum size of 60cm². <p>For any accessories not listed above, the size of the Identification of the Manufacturer shall not exceed 6cm².</p>
Clothing	<p>The size of an Identification of the Manufacturer shall not exceed 30cm² for clothing.</p> <p>One additional identification, strictly limited to Product Technology Identifications, shall be permitted per clothing item and shall not exceed 10cm².</p> <p>Where one-piece body suits are used in competition, such identifications shall be permitted once above and once below the waist, provided all other principles respected.</p> <p>One Identification of the Manufacturer will be permitted on zippers and buttons, and should appear in the same colour as the concerned item (i.e. tone-on-tone), as long as such identifications are deemed not conspicuous by the IPC.</p>

General Guidelines

- Size and frequency of
Authorised Identification

Sports equipment For any sport equipment supplied by the NPC or athlete, the size and frequency of an Identification of the Manufacturer shall be as featured on sports equipment sold on the retail consumer market six (6) months prior to the Games, subject to any stricter IF rules which would prevail for each concerned sport (as indicated within the Sport-by-Sport list), as long as such identification are deemed not conspicuous by the IPC.

In principle, athletes' names are not allowed on sports equipment unless listed as a technical requirement in the Sport-by-Sport list or found on equipment sold on the retail consumer market six (6) months prior to the Games. This includes personalised equipment as this is not deemed as the general design and/or identification used on products sold through the retail trade.

For any sports equipment supplied by the OCOG, the size of an Identification of the Manufacturer shall not exceed 10 per cent of the surface area (up to a maximum of 60cm²).

Mobility equipment For any mobility equipment supplied by the NPC or athlete, the size and frequency of an Identification of the Manufacturer shall be as featured on mobility equipment sold on the retail consumer market six (6) months prior to the Games, subject to any stricter IF rules which would prevail for each concerned sport (as indicated within the Sport-by-Sport list), as long as such identification are deemed not conspicuous by the IPC.

Footwear All footwear items may carry the Identification of the Manufacturer as generally used on products sold through the retail trade during the period of six (6) months prior to the Games, as long as such identifications are deemed not conspicuous by the IPC.

In principle, athletes' names are not allowed on footwear unless listed as a technical requirement in the Sport-by-Sport list or found on shoes sold on the retail consumer market six (6) months prior to the Games. This includes personalised shoes as this is not deemed as the general design and/or identification used on products sold through the retail trade.

Specific sizes and display frequency are applicable as per the Sport-by-Sport list hereinafter. In all instances where the item contains elastic material (such as LYCRA®), the Authorised Identification size shall be measured stretched (e.g. as worn by the athlete or once the item is fully extended as used during competition).

General Guidelines

- Size and frequency of Authorised Identification

6 Guidance on placement

No Authorised Identification may appear on the neck or the collar, on the body (e.g., tattoo) of any person participating in the Games or on any of the following items including but not limited to headphones, water bottles, coolers, umbrellas, towels, bandages (e.g. kinesiology tape), contact lenses, earplugs, mouth guards, nose clips, face masks and face shields. This list is exemplary and non-exhaustive and may be amended and completed from time to time by the IPC. Any such shall be communicated by the IPC to the NPCs and IFs.

On upper body clothing items Identifications of the Manufacturer should as much as possible be placed on the chest or on the sleeve.

No Identification of the Manufacturer may appear in combination with any other Authorised Identification.

Identifications of the Manufacturer may not appear close or adjacent to each other, in order to avoid a composite logo effect or a repetitive effect. This applies also in case of several layers of items worn by the same person or for one-piece body suits.

Please refer to chapter 12 for further details on using the Tokyo 2020 trademarks.

7 Third party identification

No third party reference including the names or nicknames of the participants or any other persons (unless listed as a technical requirement in the Sport-by-Sport list), designation, trademark, logo, URL, social media account, hashtags, corporate design or colour scheme (including, but not limited to, those of sponsors, National Federations, International Federations, public or governmental authorities, and clubs, with the exception of International Federations identification as authorised by the IPC) or any other distinctive sign (whether direct or indirect, such as QR codes or barcode) may appear on any item.

Please note: For the avoidance of doubt, this includes but is not limited to technical sport homologation designations (such as “official equipment of...”, “official [IF] size”, etc.)

Manufacturer Identification
Guidelines
Tokyo 2020 Paralympic Games

General Guidelines

- Guidance on placement
- Third party identification

No item may feature any identification that relates to a product, service or in any other way does not comply with the principles of the IPC Handbook.

The use of certain Authorised Identifications (such as IF Identifications, the Tokyo 2020 emblem or the Tokyo 2020 wordmark) is limited and restricted to certain items only and may not be used otherwise as specifically indicated herein.

All items must be those which are normally worn or used by a participant in the Paralympic Games.

8 Designs

Designs of items must comply with the specifications of these guidelines. In particular, a design may be used for one Paralympic Summer and one Paralympic Winter Games, but must be changed before the following Summer or Winter Games, as the case may be.

Authorised Identifications or any portion or variations thereof (such as graphic and/or text that serve as concept extensions) cannot be used in designs (e.g., repetitions, extensions, distortions, watermarks, patterns, etc.) of items.

For the avoidance of doubt, drawings, colour schemes, combinations, patterns, prints, letters, numerals, geometric elements, slogans, taglines, words or designs that derive or refer or otherwise create the impression that they are identical or similar to an Identification of the Manufacturer (including, in particular, exclusive identifiers), may not be used in designs of items for the Paralympic Games.

9 Maximising national and Paralympic identity

Subject to the above, NPCs are encouraged to use their national colours, name, flag and emblems, as well as NPC Emblems (hereinafter “National Identifications”), in order to visually enhance the national identity of their items. NPCs have the right to choose the National Identification(s) which will be used by their delegations on clothing (for instance, NPC emblem or national flag).

No maximum frequency or sizes are applied to National Identifications, unless limitations are imposed within a specific sport’s technical regulations (please refer in particular to the Sport-by-Sport list for more details).

No item may feature the wording or lyrics from national anthems, motivational words, public/ political messaging or slogans related to national identity.

NPCs, in particular the NPC of the country hosting the Paralympic Games (in the present case, the Japanese Paralympic Committee), may not use the “Look of the Games” in any way which creates confusion between the Tokyo 2020 workforce and the participants of the host country delegation.

Wherever possible, NPCs are encouraged to utilise all opportunities to maximise their national and Paralympic identity on all Paralympic Games clothing, equipment and accessories. This may be achieved through the use of:

- The NPC emblem
- The official national colours
- The official country name and/or acronym
- The official national flag (as approved for Paralympic Ceremonies)
- Tokyo 2020 trademarks (Tokyo 2020 approval is necessary).

NPCs **MUST NOT** use:

- Any Olympic marks (e.g., Olympic Rings, NOC emblem, “National Olympic Committee of COUNTRY”)
- International or National Sport Federation emblems
- IPC marks (e.g. Paralympic symbol) as a stand-alone element
- Any form of publicity or propaganda (commercial or otherwise)
- National anthems, motivational words, public/political messaging or slogans.

Manufacturer Identification
Guidelines
Tokyo 2020 Paralympic Games

General Guidelines

- Maximising national and Paralympic identity

10 International Federation identifications

IF identifications are only authorised for use on uniforms worn by the IF officials; this includes all categories of IF staff as well as technical officials.

For clothing worn by the IF officials, one IF identification per item shall be permitted with a maximum size of 30cm².

11 Homologation marks

If any identification is necessary for safety reasons and is prescribed within IF rules and regulations (e.g. “CE” or similar non-commercial certification logo) and included within the Sport-by-Sport list, such identification will be permitted on the item, in a location that allows technical verification by officials.

12 Using the Tokyo 2020 emblem and wordmark

NPCs may enhance the Paralympic identity of their uniforms (clothing only) by using the Tokyo 2020 emblem or wordmark on a limited basis, provided the following conditions are observed. In general, the Tokyo 2020 emblem and the Tokyo 2020 wordmark must:

- be sourced directly from Tokyo 2020 and used in accordance with the Tokyo 2020 Marks Usage Guidelines
- not be used for any commercial purposes including, but not limited to, licensed and replica merchandise
- only be used once per item of clothing, with a maximum size of 30cm².

Manufacturer Identification
Guidelines
Tokyo 2020 Paralympic Games

General Guidelines

- International Federation identifications
- Homologation marks
- Using the Tokyo 2020 emblem and Tokyo 2020 wordmark

In particular,

- it is forbidden to associate the Tokyo 2020 wordmark with an Identification of the Manufacturer
- when used in conjunction with the NPC emblem or IF identification, the Tokyo 2020 wordmark should be positioned under the NPC emblem or IF identification with a distinctive gap or separation between the Tokyo 2020 wordmark and the NPC emblem or IF identification or separated by a small dividing line. The Tokyo 2020 wordmark can only be reproduced in its entirety as defined in the Marks Usage Guidelines or in a generic font (i.e. Arial, Helvetia, etc.).
- the Tokyo 2020 emblem may be used on both competition, IF technical delegates (field of play) and NPC clothing, and must absolutely appear alone. It is forbidden to associate the Tokyo 2020 emblem with any other Authorised Identification (such as an Identification of the Manufacturer or a NPC emblem or IF identification). The Tokyo 2020 emblem can only be reproduced in its entirety as defined in the Marks Usage Guidelines.

TOKYO 2020

13 Victory ceremonies

No Sports Equipment or Accessories may be brought to the flower or victory ceremony. This applies also to interviews, with the exception of the mixed zone when used as an exit from the competition area, or if the Sports Equipment is worn by the athlete (e.g. helmet, eyewear, etc.).

No personal accessories, including but not limited to mobile phones, plush toys, water bottles, national flags and point of view camera devices, are permitted on podiums.

14 Responsibility for compliance

It is the NPCs responsibility to comply with the rules and regulations of the IPC Handbook including but not limited to the IPC Manufacturer Identification Guidelines. NPCs shall be primarily responsible for ensuring that all items worn or used by the members of their delegation comply with these guidelines. Under the supervision of the IPC and with the support of OCOG personnel, the IFs, shall implement a system of enforcing the compliance of items (e.g. sports equipment) in relation to their respective sport.

15 Consequences of infringement to the Guidelines

The IPC and OCOG will remain vigilant throughout the Paralympic Games. At any time, those, which are not in compliance with the IPC rules and regulations, may be subject to sanction. According to the IPC Handbook Section I, Sub-Section 3, Paralympic Games Principles, any violation of these rules could lead to disqualification or withdrawal of the accreditation of the person concerned as well as other possible sanctions, in accordance with the decision of the IPC Governing Board, or in accordance with the technical rules of the respective sport. Any Identification of the Manufacturer (including, in particular, any usage of Exclusive Identifiers) infringing upon these guidelines shall be removed or covered (as applicable) in accordance with the instructions given by representatives of the IPC, OCOG or the relevant IF to the participant.

16 Measuring Authorised Identifications

16.1 Regular shapes

Where the Identification of the Manufacturer appears as a rectangle or square, the mathematical rules used to calculate the surface area of the shape will be applied.

Area = a x b

16.2 Irregular shapes

Where the Identification of the Manufacturer is an irregular shape, a rectangle or square will be traced around the identification, and the mathematical rules used to calculate the surface area of the rectangle or square shall be applied.

Area = a x b

16.3 Combined Shapes

Where the Identification of the Manufacturer combines the manufacturer name with the manufacturer logo, a rectangle or square will be traced around the combined identification and the surface area of the rectangle or square shall be calculated in its entirety.

Area = a x b

17 Submission process and questions

The submission process will be co-ordinated via a specific module of the Sport Data Management System (SDMS). To upload any visual examples for IPC pre-inspection, please visit <https://www.paralympic.org/sdms>, entering the access codes used by the NPC Primary User for SDMS. If you want to apply for an additional account, please follow the steps described in the IPC Team Uniform Inspection Application Guidelines User's Guide, located on the right hand corner of the homepage (<https://www.paralympic.org/sdms>).

Specific information and assistance is available through the IPC Brand and Communications Department. The IPC welcomes and encourages all NPCs to consult with:

Section 7. Third party Identifications (athlete names)

The athlete's name must appear on the back of the shirt for all matches. The athlete's name must correspond to the name indicated on the final list of players.

The colours used for the athlete's name appearing on the shirt must be clearly legible and distinguishable by all athletes, the international technical officials, spectators and media from the colours used for the shirts. The distinction may be achieved by displaying the athlete's name on a single-coloured patch. The athlete's name may be surrounded by a border or shadow outline.

The letters used for the athlete's name must be of the identical colours as the colours used for the number displayed on the back of the shirt.

The athlete's name must be positioned above the number on the back of the shirt. The letters used for the athlete's name shall be between 5 and 7.5cm in height and must be separated from the number by at least 4cm.

Section 9. Maximising national and Paralympic Identity

One national flag or NPC emblem, with a maximum size of 25cm², must be positioned at chest level on the front of the shirt. It shall not limit the legibility of the number positioned on the front of the shirt.

On each shirt sleeve, between the shoulder point and the elbow point, the teams may display the national flag or NPC emblem once to a maximum size of 25cm². The national flag or NPC emblem may also be displayed in the collar zone to a maximum size of 15cm².

The national flag or NPC emblem may be displayed on the front of the shorts on one leg to a maximum size of 25cm².

IF specific technical requirements

The following IF technical requirements apply in relation to the General Guidelines:

Section 7. Third party Identifications (athlete names)

The family name must be placed on the upper front of the uniform and also on the buttocks. The initial of the first name may be added before the family name; athletes with the same family name are encouraged to add the initial of the first name. The representation of the family name must meet the following criteria:

- **Font:** The font type must be Arial. Letters for the family name must be in upper case, unless the name is more than nine (9) letters, in which case lower case letters should be used following the first capital letter.
- **Colour:** If the uniform is a dark colour, the letters must be white. If the uniform is a light colour, the letters must be black.
- **Position:** The athlete's family name must be positioned above the NPC code both on the front and back of the uniform. The position on the back must be below the waistline to ensure it is clearly visible when the athlete is on the bike.
- **Size:** The letters of the family name must measure 5cm in height and between 12 and 15cm in length.

The uniform of the athlete's guides in the PT5 sport class must comply with the rules above. At the family name space, the uniform of the guide must have the word "Guide". The font type must be Arial, the height 5cm and the width 12cm. The athlete's full name(s) or family name(s) or initial of the first name and family name(s), may appear once on the bike, either on the horizontal bar of the bike or on the shaft of the seat, with a maximum size of 10cm².

- **Font:** The font type must be Arial.
- **Colour:** If the uniform is a dark colour, the letters must be white. If the uniform is a light colour, the letters must be black.
- **Position:** The NPC code must be positioned below the athlete's family name on the front and back of the uniform.
- **Size:** The letters of the NPC code must measure 5cm in height and between 6 and 10 cm in length.

NPC flags, country code or country name are allowed on the bike of the athlete.

Section 11. Homologation marks

No homologation marks required by the IF.

Section 17. Submission process

The design of the competition uniform (Tri-suit) and the wetsuit should be submitted to the ITU in writing by 25 July 2020, to the following address: sport@triathlon.org.

20 Summary

All parties involved in the design, production and use of items are advised to study the contents of these guidelines carefully. The IPC, IFs and LOCOG will work diligently prior to, and during, the Paralympic Games to implement and enforce these regulations and are available to provide clarification as needed.

The Paralympic Family must work together to raise awareness and recognition for the Paralympic Movement, wherever possible. The Paralympians are the most recognizable ambassadors of the Paralympic Movement and their pictures are carried all around the world. For this reason it is important that we do not miss this opportunity to increase the awareness of our movement through the athletes, while protecting equity among the various stakeholders.

Each NPC shall be responsible for ensuring all items worn or used by the members of its delegation comply with the guidelines. To maintain equity, any identification infringing upon these guidelines shall be removed or covered in accordance with the instructions given by the IPC, LOCOG or IF. To reiterate, any breach of the guidelines may lead to disqualification of or sanctions imposed on the athlete, NPC team official or the NPC, in accordance with the decision of the IPC Governing Board, or in accordance with the technical rules of the respective sport.
