

In 2017, Côte d'Ivoire made a significant advancement in efforts to eliminate the worst forms of child labor. The government adopted a revised Hazardous Work List that includes prohibitions against children using sharp tools and work in mining, as well as new Regulations on Light Work. The child labor monitoring system SOSTECI was expanded into 19 new communities and the government launched SOSTECI (2018 – 2020), which aims to expand the system into 33 new departments. The First Lady of Côte d'Ivoire hosted a Conference of First Ladies in October 2017 which brought together First Ladies from 14 African countries to pledge support to their governments' efforts to prevent child labor, support victims, enhance regional cooperation, and mobilize resources. The Ministry of Justice worked with UNICEF to provide birth certificates to 1,165,325 primary school students. In addition, three World Bank projects trained 24,000 teachers, built or rehabilitated 1,272 classrooms, and provided cash transfers to 5,000 households. However, children in Côte d'Ivoire engage in the worst forms of child labor in the harvesting of cocoa and coffee, sometimes as result of human trafficking. Gaps remain in resources, personnel, and training for law enforcement, which resulted in victims being arrested for crimes they were forced to commit. Furthermore, the Labor Inspectorate is not authorized to assess penalties.

I. PREVALENCE AND SECTORAL DISTRIBUTION OF CHILD LABOR

Children in Côte d'Ivoire engage in the worst forms of child labor, including in the harvesting of cocoa and coffee, sometimes as a result of human trafficking. (1; 2; 3; 4) According to a multiple indicator cluster survey conducted in 2016, 21.5 percent of children ages 5–17 are engaged in hazardous work. (5) Table 1 provides key indicators on children's work and education in Côte d'Ivoire.

Table 1. Statistics on Children's Work and Education

Children	Age	Percent
Working (% and population)	5 to 14	31.5 (1,682,754)
Attending School (%)	5 to 14	63.5

Based on a review of available information, Table 2 provides an overview of children's work by sector and activity.

	Commercial sexual exploitation, sometimes as a result of human trafficking (22; 16; 4)
	Use in illicit activities, including drug trafficking (15)
	Forced begging by Koranic teachers, sometimes as a result of human trafficking (19; 25; 15)

[†] Determined by national law or regulation as hazardous and, as such, relevant to Article 3(d) of ILO C. 182.

[‡] Child labor understood as the worst forms of child labor *per se* under Article 3(a)–(c) of ILO C. 182.

Children from Côte d'Ivoire are subjected to human trafficking for forced labor in domestic work within the country and North Africa. Children are also brought from neighboring West African countries to Côte d'Ivoire for commercial sexual exploitation and forced labor, including in begging, cocoa production, and artisanal mining. (1; 10; 21; 16; 4; 15) IOM indicates that some parents send their boys to Tunisia so they can play soccer, but upon arrival, the boys' identity documents are confiscated and they are subject to forced labor until they can repay the cost of their plane ticket. (26)

Although the Law on Education provides for free education, students are often required to pay for textbooks, school fees, or uniforms, which may be prohibitive to some families. (17; 27; 28; 29; 30; 31; 15) Approximately 23 percent of primary school-aged children and 41 percent of secondary-school aged children in Côte d'Ivoire are not enrolled in school, with the highest rates of non-enrollment found in the North, Northwest, and West regions. (31; 5) Although the government recruited 5,000 teacher assistants in 2017, distributed school kits, and constructed 4,510 new classrooms between 2015 and 2017, a lack of teachers, transportation, sanitation facilities, and schools, particularly in rural areas, remains. (12; 32; 15; 33; 17; 20; 34) Research also suggests that some students are physically and sexually abused at school, which may deter some students from attending school. (31; 32)

II. LEGAL FRAMEWORK FOR CHILD LABOR

Côte d'Ivoire has ratified all key international conventions concerning child labor (Table 3).

Table 3. Ratification of International Conventions on Child Labor

In 2017, the government also ratified the UN Protocol against the Smuggling of Migrants by Land, Sea and Air, and the Ministry of Justice is drafting a related law. (35; 26)

The government's laws and regulations are in line with relevant international standards (Table 4).

In 2017, the government adopted new Regulations on Light Work and a revised Hazardous Work List which includes prohibitions against children using sharp tools and work in mining. (47; 38) A draft law providing greater protection to domestic workers is no longer being actively considered, although government officials have noted the need for such a law. (48) The government also adopted a decree on the function and composition of a new anti-trafficking committee in April 2017 in support of the 2016 Anti-Trafficking Law. (49; 50)

III. ENFORCEMENT OF LAWS ON CHILD LABOR

The government has established institutional mechanisms for the enforcement of laws and regulations on child labor (Table 5). However, gaps exist within the authority of the Ministry of Employment and Social Protection (MEPS) that may hinder adequate enforcement of their child labor laws.

Table 5. Agencies Responsible for Child Labor Law Enforcement

Organization/Agency	Role
Ministry of Employment and Social Protection (MEPS)	Develop, propose, and enforce all labor laws, including those related to child labor. (48) Collaborate with the Anti-Trafficking Unit (ATU) and Ministry of Women, Child Protection, and Social Affairs (MWCPSA) to provide support to victims of child trafficking and other forms of child labor. (21; 32; 15) Implement the child labor monitoring system, <i>Système d'Observation et de Suivi du Travail des Enfants en Côte d'Ivoire</i> (SOSTECI), which enables communities to collect and analyze statistical data on the worst forms of child labor. (14; 12) In 2017, SOSTECI received a budget of approximately \$307,000, which permitted its expansion to 19 new communities and the Direction of the Fight Against Child Labor received a 7 percent increase in its budget from the previous year. (12; 16)

Table 5. Agencies Responsible for Child Labor Law Enforcement (cont)

Organization/Agency	Role
Ministry of Interior and Security	Through its ATU, lead efforts to enforce criminal laws against child trafficking. (51; 4; 26) Through its Mondaine Brigades, combat commercial sexual exploitation, including exploitation of children. (4; 26) In 2017, investigated and prosecuted nine cases of commercial sexual exploitation believed to involve victims of child trafficking. (26) Through its Unit for Combatting Transnational Organized Crime (UCT),* supports the UNODC's West Africa Coast Initiative, which aims to improve cross-border cooperation to combat crimes, including human trafficking. (52; 26) In 2017, the UCT received a budget of almost \$130,000, and participated in 8 operations against human trafficking, some of which resulted in arrests. Three investigations were ongoing as of 2018, and five were referred to the MOJ for prosecution. (26)
Ministry of Defense	Through its National Gendarmes Force, investigate child labor violations in rural areas without a police presence. (15)
Ministry of Justice (MOJ)	Investigate and prosecute crimes related to child labor, including its worst forms. Through its Directorate of Judicial Protection of Childhood and Youth (DPJEJ), assist with investigations and implement the ministry's child protection policy. (15)
Ministry of Women, Child Protection, and Social Affairs (MWCPA)	Lead the government's efforts to combat human trafficking and implement a National Policy on Child Protection. (53; 4) Maintain the 116 Allo hotline for child labor issues, and respond to complaints. (15; 34) Respond and provide support to child labor victims in coordination with the MEPS. (54; 15)
National Commission of Human Rights (CNDHCI)	Maintain a hotline for reporting human rights abuses. (55)

* Agency responsible for child labor enforcement was created during the reporting period.

In 2017, the Ministry of Employment and Social Protection (MEPS) created 4 new Regional Labor Directorates and 1 new Departmental Labor Directorate, making 38 total offices throughout the country. The General Labor Directorate in Abidjan coordinates the regional offices and their efforts to combat child labor. (15; 56)

Labor Law Enforcement

In 2017, labor law enforcement agencies in Côte d'Ivoire took actions to combat child labor (Table 6). However, gaps exist within the operations of the MEPS that may hinder adequate labor law enforcement, including human resource allocation and authority to assess penalties for violations.

* The government does not publish this information.

† Data are from January 1, 2016 to September 30, 2016.

The government provided training to 30 labor and medical inspectors on the new hazardous and light work laws in August 2017. (56) No inspections were conducted in the informal sector during the reporting period, which is where the majority of child labor occurs. (15) In addition, the number of labor inspectors is likely insufficient for the size of Côte d'Ivoire's workforce, which includes over 8.5 million workers. (60) According to the ILO technical advice of a ratio approaching 1 inspector for every 15,000 workers in developing economies, Côte d'Ivoire should employ about 569 inspectors. (60; 61; 62) Labor inspectors are also tasked with dispute conciliation, which may detract from their primary duties of inspection. (63; 37)

The labor inspectorate suffers from a lack of resources, including insufficient staff, office facilities, and transportation. (17; 64; 63; 32; 15) As a result, inspectors primarily receive and resolve complaints, focusing on the formal sector. (63)

Criminal Law Enforcement

In 2017, criminal law enforcement agencies in Côte d'Ivoire took actions to combat child labor (Table 7). However, gaps exist within the operations of the criminal enforcement agencies that may hinder adequate criminal law enforcement, including training for criminal investigators and financial resource allocation.

Table 7. Criminal Law Enforcement Efforts Related to Child Labor

Number of Convictions	8 (55)	4 (26)

During the reporting period, the Ministry of Interior and Security worked with IOM to strengthen border control capacities along the frontier with Burkina Faso and the Anti-Trafficking Unit (ATU)'s 13 Abidjan-based investigators identified 25 victims of child trafficking and 16 cases of child economic exploitation. (15; 4)

However, the ATU lacks the resources and personnel to adequately enforce criminal child labor laws throughout the country and research indicates that criminal law enforcement officials may benefit from additional training on existing laws related to the worst forms of child labor. (10; 55; 68; 4) As a result, nine children were arrested for illicit activities involving drug distribution rather than being treated as victims. (15)

IV. COORDINATION OF GOVERNMENT EFFORTS ON CHILD LABOR

The government has established mechanisms to coordinate its efforts to address child labor (Table 8). However, gaps exist that hinder the effective coordination of efforts to address child labor, including coordination among agencies.

Table 8. Key Mechanisms to Coordinate Government Efforts on Child Labor

Coordinating Body	Role and Description
National Monitoring Committee on Actions to Combat Trafficking, Exploitation, and Child Labor (CNS)	Supervise, monitor, and evaluate all government activities related to child labor and child trafficking, including making policy recommendations and harmonizing laws with international conventions. (69; 70) Chaired by the First Lady of Côte d'Ivoire and comprises 14 international and domestic partners. (21; 51; 69; 71) In 2017, launched an awareness raising campaign for the new Regulations on Light Work, published booklets and pictures explaining light work, and held a two-day work shop for labor inspectors. (15) Under the leadership of First Lady Dominique Ouattara, hosted a Conference of First Ladies in October 2017 which brought together First Ladies from 14 countries to demonstrate what they are doing to combat child labor and pledged to support their governments' efforts to prevent child labor, support victims, enhance regional cooperation, and mobilize resources (72; 73)

Table 8. Key Mechanisms to Coordinate Government Efforts on Child Labor

Coordinating Body	Role and Description
Interministerial Committee on the Fight Against Trafficking, Exploitation, and Child Labor (CIM)	Design, coordinate, and implement all government actions to combat the worst forms of child labor, and monitor relevant programs implemented by partner organizations. (69; 71; 74; 34) Chaired by MEPS, includes representatives from 13 other ministries. (21; 69; 71; 74)
National Committee for the Fight Against Trafficking (CNLTP)*	In support of the 2016 Anti-Trafficking Law, chaired by the Prime Minister and aims to fight human trafficking throughout Côte d'Ivoire. Oversees the implementation of the National Action Plan and Strategy Against Human Trafficking, validates programs, coordinates government efforts, and monitors implementation of all projects related to human trafficking. (50) Includes representation at the local level through dedicated units charged with implementing the National Action Plan and Strategy Against Human Trafficking. (49; 50) The MWCPA serves as the executive secretariat and the committee comprises 13 ministries. This committee replaces a previous committee by the same name, which was defunct. (15) As of February 2018, this committee had not convened since its establishment in April 2017, although it has worked together informally to resolve some cases of human trafficking. (26)

* Mechanism to coordinate efforts to address child labor was created during the reporting period.

Government ministries coordinated effectively during the reporting period, and platforms bring together government offices and civil society members at the departmental and regional level to address issues of child labor. However, coordination on data collection among ministries and between different regions remains a challenge. (15)

V. GOVERNMENT POLICIES ON CHILD LABOR

The government has established policies related to child labor (Table 9). However, policy gaps exist that hinder efforts to address child labor, including funding and mainstreaming child labor issues into relevant policies.

Table 9. Key Policies Related to Child Labor‡

Policy	Description
2010 Declaration of Joint Action to Support the Implementation of the Harkin-Engel Protocol (2010 Declaration) and Its Accompanying Framework of Action	Joint declaration by the Governments of Ghana, Côte d'Ivoire, and the United States, and the International Cocoa and Chocolate Industry. (75; 76; 34) Provides resources and coordinates with key stakeholders on efforts to reduce the worst forms of child labor in cocoa-producing areas. (75; 76) Ensures that all project efforts implemented under the Declaration and Framework align with Côte d'Ivoire's national action plans to promote coherence and sustainability. (75; 76; 34) USDOL-funded projects and some industry-funded projects carried out activities that support the spirit of this policy during the reporting period. (34)
Partnership Agreement	Forms an agreement between the International Cocoa Initiative (ICI) and CNS in support of the National Action Plan for the Fight Against the Worst Forms of Child Labor. Aims to reinforce and expand SOSTECI and improve school infrastructure. (77; 78) In November 2017, ICI and CNS signed another agreement to revise the training and awareness-raising tool by ICI and coordinate child labor monitoring and remediation efforts in cocoa growing areas. (15; 56)
Joint Declarations Against Cross-Border Trafficking	Bilateral declarations or cooperative agreements between Côte d'Ivoire, Ghana, and Burkina Faso to combat child trafficking and the worst forms of child labor. (79; 80; 81; 82) In 2017, Côte d'Ivoire and Burkina Faso agreed to implement a previously signed agreement to create and operationalize a permanent commission to combat the cross-border trafficking of children. (83)
Child Protection Policies	Includes the National Policy on Child Protection (PNPE) (2014–2018), led by the MWCPA, which seeks to reduce the incidence of violence, abuse, and exploitation of children; and the National Policy of Judicial Protection of Childhood and Youth (PNPJEJ) (2016–2020), led by the MOJ, aims to provide judicial protection to child victims of forced labor, which has yet to be officially adopted by the Council of Ministers. (84; 85) In 2017, the MWCPA began drafting a decree to establish a monitoring and coordination committee for the policy's implementation. (15)
National Development Plan (2016–2020)	Aims to improve governance and accelerate human capital development, including by combatting child labor. Allocates almost \$6.1 million over 5 years to conduct diagnostic studies on child labor and child trafficking; creates a unit to combat the worst forms of child labor in regional labor inspectorate offices; expands SOSTECI into 10 new departments; constructs 3 transit centers; and develops a national action plan to combat human trafficking, particularly of girls. (86) In 2017, launched SOSTECI (2018 – 2020)† which aims to expand SOSTECI into 33 new departments with a proposed budget of \$4.3 million. (12; 56)

Table 9. Key Policies Related to Child Labor‡ (cont)

Policy	Description
Compulsory Education Policy	In support of the Law on Education, aims to achieve 100 percent enrollment in primary school by 2020 and 100 percent enrollment in junior high by 2025. (29; 87) Allocates \$1.34 billion to modernize the education system, including by building new classrooms, providing free textbooks to low-income families, and providing additional pedagogical training to teachers. (29) In 2017, the Ministry of Education constructed 8,166 primary school classrooms, 36 school cantinas, 74 latrines, and distributed 4.4 million school kits. The Cocoa and Coffee Council distributed a further 60,000 school kits and the MEPS distributed 100 school kits. (56)
Decent Work Country Program (2017–2020)†	In collaboration with the ILO, this program aims to improve working conditions, strengthen SOSTECl, and combat the worst forms of child labor. (66; 88) It is pending adoption by the Council of Ministers. (26)

† Policy was approved during the reporting period.

‡ The government had other policies that may have addressed child labor issues or had an impact on child labor. (30; 31)

In 2017, the government pledged to intensify its efforts to prevent the worst forms of child labor and protect its victims at the IV Global Conference on the Sustained Eradication of Child Labor. (89) However, the government has not included child labor elimination and prevention strategies into the World Bank's Country Partnership Framework. (90)

VI. SOCIAL PROGRAMS TO ADDRESS CHILD LABOR

In 2017, the government funded and participated in programs that include the goal of eliminating or preventing child labor (Table 10). However, gaps exist in these social programs, including adequacy of programs to address the full scope of the problem in all sectors.

Table 10. Key Social Programs to Address Child Labor‡

Program	Description
National Action Plan for the Fight Against the Worst Forms of Child Labor (NAP) (2015–2017)†	Coordinated by the CNS and the CIM, \$24.4 million project aimed to significantly reduce the number of children engaged in the worst forms of child labor by improving the legal framework, sensitizing high-risk communities to the dangers of exploitative child labor, improving victim services, building the capacity of law enforcement, and improving educational infrastructure. (14; 71; 32) In 2017, received a budget of approximately \$7.5 million. (56) At the IV Global Conference on the Sustained Eradication of Child Labor, the government pledged to develop a new National Action Plan to Combat Trafficking, Exploitation, and Child Labor. (89)
National Action Plan and Strategy Against Human Trafficking (2016–2020)†	With the support of UNODC and coordinated by CNLTP, \$14.8 million project that aims to prevent human trafficking, expand social services for victims by improving physical infrastructure, provide training for law enforcement personnel and other stakeholders, promote coordination, and collect data on human trafficking. (65; 91) This plan will begin implementation after the CNLTP becomes functional. (26)
National Awareness Campaign Against Child Labor (2015–2017)†	CNS-led national awareness campaign against child labor which disseminated information to increase public awareness through television and radio broadcasts, billboards, and newspapers in French and local languages. Called on national actors to take a greater role in media campaigns to raise awareness about child labor. (91) In 2017, held two awareness campaigns and revised a 2013 agreement with the media to promote children's rights and combat child labor, which was signed by 191 media partners. (66; 92; 56)
USDOL-Funded Projects in Support of the 2010 Declaration	USDOL projects in cocoa-growing areas of Côte d'Ivoire and Ghana that aim to eliminate child labor through research, improved monitoring and enforcement, and implementation and expansion of SOSTECl. These projects include: Country Level Engagement and Assistance to Reduce Child Labor (CLEAR) (2013–2017), \$7.95 million project implemented in at least 10 countries by the ILO; Assessing Progress in Reducing Child Labor in Cocoa-Growing Areas of Côte d'Ivoire and Ghana (2015–2019), \$3 million project implemented by NORC at the University of Chicago; and Eliminating Child Labor in Cocoa (2015–2019), \$4.5 million project implemented by the International Cocoa Initiative. (93; 94; 95) For additional information, please see our website.
Industry-Funded Projects	Industry-funded projects to increase sustainability in the cocoa sector, improve farmer livelihoods and access to education, and combat the worst forms of child labor in cocoa-growing areas. Some projects support World Cocoa Foundation (WCF)'s CocoaAction (2014–2020) strategy and the spirit of the 2010 Declaration. (96; 34)
Centers for Vulnerable Children†	Operates approximately 90 MWCPA- and MEPS-funded social centers and 36 special education centers throughout the country that receive women and children who are victims of crime or violence, including children who are victims of the worst forms of child labor. (26) International NGOs also operate additional centers that provide meals and basic education. (91) In 2017, provided assistance to 167 victims of child trafficking or labor exploitation. (26)

Program	Description
Programs to Promote Education†	These programs aim to raise school attendance rates in rural areas, particularly among girls, by providing school meals, birth registration, and constructing community schools (<i>écoles de proximité</i>). Programs include: the Integrated Program for Sustainable School Feeding, a \$42.5 million WFP-funded program; the Ministry of National Education School Feeding Program; and the McGovern-Dole School Feeding Program, a \$31 million joint initiative between WFP and the U.S. Department of Agriculture, in coordination with the Ministry of National Education; and the Birth Registration Program, a MOJ and UNICEF program that aims to provide birth registration to 1 million children who are currently enrolled in primary school. (65; 97; 98; 16) In 2017, provided birth certificates to 1,165,325 primary school students. (56)
World Bank-funded Projects	Programs aim to improve access to education and provide poverty relief. Includes: Emergency Support Project for Basic Education (2012–2017), \$41.4 million project to construct and rehabilitate classrooms and school latrines; Second Fiscal Management, Education, Energy and Cocoa Reforms Development Policy Operation (2017–2020), \$125 million project to increase the number of primary school teachers; Productive Social Safety Net (2015–2020), \$50 million cash transfer project to poor households in the Central, Northern, and Western regions of Côte d'Ivoire. (99; 100; 101) By the end of 2017, recruited or trained 24,000 teachers, built or rehabilitated 1,272 classrooms, provided cash transfers to 5,000 households, (102; 103)
Community Animation Program for Child Protection (2015–2020)†	\$228,168 MWCPA program as part of the National Policy on Child Protection, implemented with technical assistance from UNICEF, provides a service package for behavior change and improving communication at the community level that can be tailored to meet local needs. (57; 104; 105) At the IV Global Conference on the Sustained Eradication of Child Labor, the government pledged to intensify social protection programs and continue support for the Community Animation Program. (89)
National Solidarity Fund†	\$2.5 million fund that provides assistance to poor households, including victims of human trafficking. (55; 106) In 2017, provided funding to assist in the repatriation of human trafficking victims. (26)

† Program is funded by the Government of Côte d'Ivoire.

‡ The government had other social programs that may have included the goal of eliminating or preventing child labor. (107; 108; 109)

The government dedicated funding to SOSTECI for its expansion and disbursed funds to the National Action Plan for the Fight Against the Worst Forms of Child Labor (NAP), but the scope of existing programs is insufficient to fully address the extent of the problem, and not all relevant sectors are addressed. (15) In addition, the government primarily relies on NGOs to provide social services to victims of child labor and child trafficking and government services are under-resourced. (16; 110; 4)
