- Ukraine Cash Working Group cash roll-out snapshot can be found [here](#).

The war against Ukraine has entered its third month and continues to exacerbate a massive humanitarian crisis and prompt further displacement.

Since the start of the war, UNHCR has been continuing to expand the scale of programmes and their reach, with the aim of delivering assistance and services as close as possible to the place where people are sheltering or have been displaced. **UNHCR operates as part of the inter-agency emergency response** and is leading **three clusters** - Protection, Shelter and NFIs (non-food items), and CCCM (Camp Coordination and Camp Management).

The overall goal of UNHCR's operational delivery is to provide immediate relief to those fleeing military hostilities, while laying the groundwork for **sustainable and durable solutions**, working closely in coordination with state and local authorities, community-based actors and partners.

In mid-April, UNHCR signed Memoranda of Understanding with three key Ministries, which help to **ensure alignment between UNHCR's activities and social programmes**, and that our response is effectively reinforcing and complementing national systems.

Key areas of response include:

- Protection:** Providing **integrated protection advice and services**, including psychosocial support and legal aid, at border crossing points, online and in locations where people have fled.
- Cash Assistance:** Rolling out a **large-scale multi-purpose cash assistance programme** in *eleven oblasts* to support displaced people to meet their immediate basic needs with expansion to further oblasts and enrolment of referrals from the Ministry of Social Policy forthcoming.
- Essential Items:** Delivering **essential items such as bedding and hygiene kits, food and shelter materials** to individuals and households, including in **hard-to reach areas** with humanitarian convoys.
- Shelter & CCCM:** Supporting local authorities in IDP-receiving locations to **expand the capacity of reception and collective centres** with essential items and refurbishments, while also planning **diverse housing solutions** for medium and longer-term stay and **site coordination** to ensure IDPs' safe access to services.

KEY RESPONSE IN NUMBERS as of 9 May

DELIVERED WITH PARTNERS (Since 24 February)
