**Accessibility & Inclusion**
Promote inclusion of persons with disabilities, female leadership, and accessible language and ICT learning opportunities

Monitoring & Reporting
Build a standard reporting framework to collect and share reliable application, enrolment, cost and entitlement data

Admission Pathways
Strengthen the secondary to tertiary transition, particularly for women, by investing in alumni networks and college counselors and by providing transparent information on access to higher education

15by30

Partnerships
Ensure participation of refugees and host communities in decision-making to strengthen cross country and sector partnerships and realize higher education GRF pledges

Policy & Advocacy
Advocate for inclusive policies, replace restrictive documentation and credential validation processes, and coordinate with development actors to include refugees in national development plans

Financial Inclusion
Reduce financial barriers by increasing scholarships and financial support for refugees while providing cash-based opportunities for higher education directly to students
