

# TEACHING ABOUT REFUGEES: DISCUSSION QUESTIONS

## WHERE DO REFUGEES GO?

**Objective:** These questions can be used to set up a debate in class and to evaluate if your pupils have grasped basic concepts on refugees, asylum and migration.

You can choose a “for” group and an “against” group.

The questions can also be used for students to discuss and research findings in groups and write essays on their opinions and research.

**Age group:** This lesson is suitable for children aged 15 and over and can be used to teach about this subject in any discipline it may be relevant to.

1: Most refugees live in developing countries close to the countries they come from.

**Why do the richer countries in the world not provide more support and host more refugees?**

2: Some refugees live in refugee camps and spend much of their lives there, including getting married and having children. They often do this because they have nowhere else that is safe to go to.

**Who should be responsible for helping these refugees set up more permanent lives in sustainable situations?**
