

# Kakuma Camp & Kalobeyei Settlement, Kenya

1 – 31 October 2020

**198,146**

Refugees and asylum seekers registered in Kakuma camp and Kalobeyei settlement as of 31 October 2020

**5,008**

New arrivals refugees and asylum seekers registered in 2020.

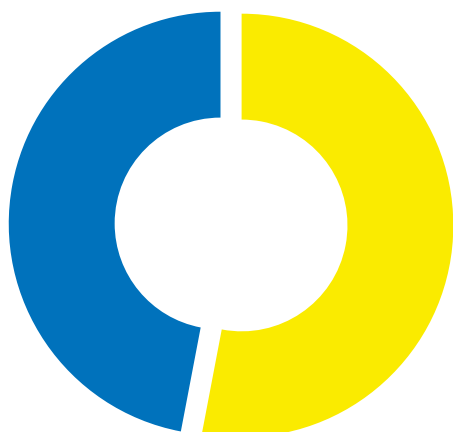

**24**

Nationalities hosted in Kakuma camp and Kalobeyei settlement

## FUNDING (AS OF 22 OCTOBER 2020)

**USD 164.6 M**

Requested for the Kenya Operation

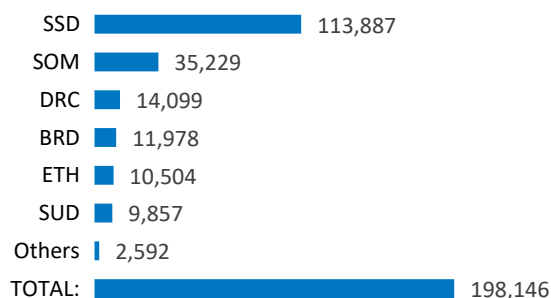

Unfunded 47%  
**77.54 M**

Funded  
53%  
**87.06 M**

## POPULATION OF CONCERN (31 AUGUST 2020)

### Country of origin

SSD – South Sudan  
SOM – Somalia  
DRC – Democratic Republic of Congo  
BRD – Burundi  
ETH – Ethiopia  
SUD – Sudan

## KEY INDICATORS

**133**

COVID-19 positive cases recorded in Kakuma during the month of October 2020

**3,714**

Cumulative COVID-19 tests conducted since the first case was recorded in May 2020

A learner from Arid Zone Primary School washes hands before accessing her classroom. As part of COVID-19 response, UNHCR has donated facemasks and handwashing stations to host community schools in Turkana West. UNCHR/Samuel Otiang

# Update on Achievements

## Highlights

**UNHCR and WFP conduct general CRI and Food distribution in Kakuma:** On 1 October, the World Food Programme (WFP), the UN Refugee Agency – UNHCR and partners commenced food and core relief Items (soap and firewood) distribution in Kakuma refugee camp. The distribution is ongoing under strict observance of Government set containment measures, including checking temperatures, installation of several hand washing facilities, observing physical distance and wearing of face masks for all individuals at the Food Distribution Centres.

**Stakeholders meet to take stock of progress made in the implementation of KISED P:** On 2 October, representatives from the national and county governmental agencies, elected representatives, UNHCR and all KISED P stakeholders came together during a West Turkana stakeholder forum to take stock of milestones implemented under the KISED P approach. This included highlighting the most significant achievements under the eight thematic areas including health for the host communities in Turkana West. The COVID-19 pandemic was emphasised as to have disrupted the implementation of some of the flagship projects. The meeting took place at the Kakuma Youth Centre in Kakuma town under observance of Ministry of Health guidelines on prevention of the spread of COVID-19.

*UNHCR Head of Sub Office Kakuma makes a presentation during the KISED P stake holders forum held in Kakuma town.  
UNCHR/Samuel Otieno*

**Refugee Affairs Secretariat (RAS) distributes non-food items to refugees affected by floods:** On 7 October, the Refugee Affairs Secretariat (RAS) distributed government NFIs to 40 refugee families- expectant women and families with young children - recently affected by floods. The NFIs included mosquito nets, blankets and beddings.

On 8 October, UNHCR handed over 3,500 reusable facemasks to the Kenya Police Service (3,000pcs) and the G4S guards (500 pcs) in support of the prevention of the spread of COVID-19.

**UNHCR donated communication equipment to the Kenya Police Service:** On 9 October, UNHCR handed over 46 new VHF handheld radios to the Kenya Police Service to support communication and enhance response to emergencies.

**UNHCR donates an ambulance in support of host community in Turkana West Sub County:** On 22 October, UNHCR officially handed over an Ambulance to the Kakuma Mission Hospital in support of health services to the host community under the spirit of KISEDPA.

**UNHCR supports safe reopening of Turkana West host community schools:** To support safe reopening of schools for host community, UNHCR, on 15 October, handed over assorted items to the Turkana West Sub-County Director for Education. In attendance to receive the assistance was the Sub-County Administrator and representation from the DCC, MCA and Member of Parliament. The assistance delivered in support of 63 primary schools and 8 Secondary school include: 30 hand washing stations, 13,112 reusable facemasks, 1,420 kgs of bar soap and 1,420 litres of liquid soap.

**Refugee learners are back in school following Governments directive on partial reopening of learning institutions across the country:** Schools in Kakuma and Kalobeyei settlement reopened on Monday, 19 October for grade 4, class 8 and form 4 learners. This comes following a directive from the Ministry of Education to reopen schools and higher learning institutions with most learners across the country having reported to school on 12 October.

**New fresh produce market launched in Kakuma town:** On 24 October, the Governor of Turkana County, together with representatives from the World Food Programme and UN Refugee Agency, UNHCR, officially launched Towo Kayeni fresh produce market in Kakuma town. This is one of the three markets constructed jointly between Turkana County Government and the World Food Programme with funding from the European Union Trust Fund. The two other markets are Natukobenyo and Tumaini fresh produce markets in Kalobeyei.

**Refugees and asylum seekers a step closer to benefiting from the National Health Insurance Fund NHIF:** UNHCR received registration certificated from the medical board confirming all health facilities in Kakuma refugee camp and Kalobeyei integrated settlement are registered as public health facilities. This paves way for accreditation of the facilities as NHIF supported facilities and subsequent enrolment of Persons of Concern into the Kenyan National Hospital Insurance Fund (NHIF).

## Achievements

### PROTECTION

#### Achievements and Impact

- **Registration:** 242 new arrivals and 37 newborn babies were registered during the reporting period. The majority of the new arrivals came from Somalia, Burundi, the Democratic Republic of the Congo, and South Sudan, specially from Sud-Kivu, Banadir, Juba Hoose, Shabelle Hoose, Muyinga, Eastern Equatoria, Juba Dhexe, and Jonglei.
- A rapid assessment was conducted to quickly identify the return intentions from a sample of Burundian refugees in Kakuma, and to facilitate coordination around returns and sustainable reintegration. 90% of the respondents were not willing to return due to insecurity and fear of persecution.
- Bank accounts belonging to 1,000 households living in Kalobeyei settlement were verified and updated in proGres to ensure no POC is left out in the process, and that the bank cards are given to the actual beneficiaries. The updating of POCs bank account details in proGres allows UNHCR to implement subsequent CashAssist programs using proGres v4 which is linked to CashAssist.

#### Identified Needs and Remaining Gaps

- On average, 400 newborn babies are recorded every month at health facilities in the camp and settlement but due to the COVID-19 pandemic, the registration of newborn babies is restricted to urgent cases. However, efforts have been made and newborn registration is likely resume in the coming weeks.
- **Sexual and Gender Based Violence (SGBV):**  
During the month of October, 66 new SGBV cases were identified and referred for assessment. 3 additional SGBV cases were follow up from the previous month. Out of the 66 new cases, 18 involve LGBTI individuals. All survivors received psychosocial support and are following a case plan under UNHCR supervision.
- SGBV Implementing Partners intensified awareness raising during food distribution and participated on one Radio Talk Show which discussed MHPSS.

- **Child Protection:** A total of 15 Best Interest Assessments (BIAs) from UNHCR Child Protection partners in Kakuma and Kalobeyei for review.
- A total of 30 Best Interest Determination (BIDs) from 2019 backlog were updated into progress during the reporting period hence effectively clearing the 2019 BID backlog.
- **Legal Assistance:**
- **Refugee Status Determination (RSD):** In the month of October 2020, UNHCR and RAS with representation from both Kakuma and Nairobi held several virtual meetings on resumption of RSD activities in the two locations. UNHCR provided technical guidance to RAS on the establishment implementation of remote interview for RSD case processing as well as on backlog reduction strategies.
- Technical Advisory Committee (TAC) meeting was held on 14 October 2020, about 90 individual RSD cases presented for deliberation and submission to the Commissioner for Refugee Affairs for endorsement.
- As of 31 October 2020, 2,053 asylum seekers were granted refugee status by the Commissioner of Refugee Affairs.
- **Access to asylum territory:** UNHCR and partners continued to conduct remote border monitoring throughout the reporting period. No detention of new arrivals incidents during the reporting period.
- During the month of October, asylum seekers continued to access the territory on humanitarian considerations despite the COVID-19 restrictions being implemented at the border entry points.
- **Detention monitoring:** The legal sector continued to intervene in cases of arbitrary arrest, asylum related cases in Kakuma and along the flight corridor.
- Intervention made for arrest of 10 Ethiopians at Kitale. They were discharged from Kitale Law courts and handed to the Kenya Red Cross. It was reported by Kenya Red Cross that the 10 Ethiopian nationals disappeared from the Transit Centre in Kitale and their whereabouts remain unknown.
- **Documentation:** 5 Conventional Travel Document (CTD) applications were completed in October and forwarded to UNHCR Branch Office Nairobi for processing. 4 CTDs were received from Nairobi out of which 3 have been handed over to the applicants.
- **Legal assistance:** UNHCR legal partner, Refugee Consortium of Kenya (RCK), maintained presence at various designated centres across the camp and settlement. Community sensitization forums were also held in Kakuma. The communities were mainly sensitized on justice system on issues such as reporting of cases, case follow up, bond bail, trial sentencing, rehabilitation and reintegration of offenders.
- The court held sessions except for one week, during the reporting period. However, due to the suspension of transportation of remandees to Lodwar prison, the court only handled cases on bond basis. However, court also handled cases of child offenders since they are not remanded in Lodwar Prison.

**EDUCATION****Achievements and Impact**

- During the month, following the Ministry of Education directive, schools in Kakuma refugee camp and Kalobeyei settlement were re-opened for Form 4, class 8 candidates and grade 4 learners. A total of 5,680 (2,086 female) learners in class 8, 1,241 (285 female) in form 4, and 6,314 (2,650 female) in grade 4 have reported to school.
- Learning Continuity in Primary, Secondary and Accelerated Education Programme through Radio lessons broadcasts supported by UNHCR on Radio Biblia Husema continued throughout the month. UNHCR and education partners, through the radio programme taskforce, revised the radio lessons timetable to focus on lower classes and grades for learners who are still at home.
- UNHCR supplied 5,000 free play radio handsets to Education Partners for further distribution to learners to enhance access to radio lessons programmes for learning continuity.
- UNHCR's partner for Secondary School Education, Windle International Kenya (WIK) continued to carry out community sensitization on girls' education targeting parents (both host and refugees) through Radio Atana Yeche and Radio Biblia Husema twice a week.
- A total of 14 new classrooms constructed by UNHCR in primary and secondary schools completed and awaiting handover to the respective school's management. The new classrooms will decongest existing classrooms and support physical distancing when schools resume fully.
- Procurement of 96 new desks, refurbishment and distribution of 243 desks by UNHCR's partner for Education in Kalobeyei Settlement the Finnish Church Aid (FCA) to the 6 Primary schools in Kalobeyei completed. Besides, 50 new desks were delivered to Pokotom Secondary School in support of learning for the host community children.
- In preparation of school reopening, the Ministry of Education (MoE) through the sub-county Education Office conducted an assessment in the 6 schools in Kalobeyei settlement. Schools in the country had been closed since March 2020 when the first case of COVID-19 was reported.
- FCA conducted advocacy training aimed at strengthening School level Social Advocacy Teams (SATs) for increased access to Psychosocial Support, Child Protection and prevention of School Related Gender Based Violence (GBV) and Violence Against Children (VAC) in schools for children at risk and adolescents. A total of 600 learners (360 female) attended the training.
- In order to improve sanitation and hygiene as a COVID-19 prevention measure, 1 block of 4 door latrine constructed at Vision Secondary School by NRC complete awaiting hand over to the school.
- Completion of Kenya National Examination Council (KNEC) Assessment for grade 4 and class 8 candidates in Kakuma and Kalobeyei. This follows the partial reopening of schools in Kenya.
- Feeding by WFP commenced in all primary schools in Kakuma camp and Kalobeyei Settlement targeting grade 4 and class 8 learners following partial reopening of schools.

- FCA conducted a two-day training for school management committees during which 36 (50% female) members were trained on roles on center management including sustainable operation and maintenance of WASH facilities.
- Community engagement forums were conducted by the Lutheran World Federation, UNHCR's partner for primary school education in Kakuma camp, to inform on the Barrier and Facilitator Assessment targeting Focus Group Discussions with 120 participants (parents/ caregivers of children with and without disabilities, children with and without disabilities, Special Needs Education teachers and those from regular classes from Kakuma 1-4).
- 47 sets of age-appropriate tables and chairs were distributed to Nasibunda Pre-Primary school in Kakuma in anticipation of school reopening.

**HEALTH****Achievements and Impact**

- The month of October witnessed a sustained upsurge of malaria cases associated with the ongoing rains. A total of 10,394 cases of malaria were treated across the 8 health facilities in Kakuma camp and Kalobeyei Integrated Settlement.
- During the month, only 15 cases were referred from Kakuma for specialized care: 14 cases to Lodwar and 1 case to Nairobi. These were mainly emergency cases in need of specialized care not available in Kakuma and for diagnostic imaging tests such as CT scan to assist in better management of various health conditions.
- Health partners undertook training of 14 teachers in Kalobeyei and 42 in Kakuma on COVID-19 measures in support of safe school reopening. The training focused on the new guidelines from the Ministry of Education and Ministry of Health on COVID-19 measures to be implemented in schools to minimize risk of spread during learning.
- General health indicators maintained within UNHCR with crude mortality rate of 0.2/1000/month and under 5 mortality rate of 0.7/1000/month which are within recommended standards of 0.8/1000/month and 1.5/1000/month respectively.
- UNHCR and health partners continue to respond to COVID-19 pandemic. A total of 133 individuals were diagnosed in the month of October to have COVID-19 compared to 99 individuals in September 2020.
- Two isolation facilities for COVID-19, one in Kakuma at the Ammusait General Hospital with 16 beds and one at Natukubeny facility in Kalobeyei with 35 beds remained operational throughout the month.
- In addition, the two reception centres, 1 in Kalobeyei and 1 in Kakuma continued to be used as quarantine facilities for new arrivals coming into Kakuma and any contacts of individuals diagnosed to have COVID-19. 405 individuals admitted into quarantine during the month of October 2020.

### Identified Needs and Remaining Gaps

- Influx of spontaneous returnees into Kakuma in large numbers from urban centres. There is a risk of overwhelming current quarantine facilities in Kakuma and importation of COVID-19.
- Shortage of some components of Personal Protective Equipment especially the N95 masks and face shields.
- Misinformation among persons of concern on quarantine and COVID-19 treatment centres leading to resistance.

### FOOD SECURITY AND NUTRITION

#### Achievements and Impact

- Health partners in Kakuma and Kalobyei continued to support and run the nutrition programs. The Outpatient Therapeutic Program targeting children with severe malnutrition served 184 children with severe malnutrition and 624 children with moderate malnutrition through the Supplementary Feeding Program across the 8 health facilities.
- Blanket Supplementary Feeding program targeting pregnant and lactating women served 2,287 individuals in the month of October.
- Health partners provided health education to the pregnant and lactating women and parents of children during the nutrition distribution sessions while observing the COVID-19 guidelines. A total of 7,406 beneficiaries of the nutrition programs and caretakers were reached with nutrition messages during this month.
- Training was conducted for 5 father-to-father support groups and 8 mother-to-mother support groups on nutrition screening for children. This involved self-use of Middle Upper Arm Circumference (MUAC) tape for the caretaker's screening of children under their care who have malnutrition and making self-referrals to nutrition facilities close to them. This reduces need for face-to-face interaction between health worker and patients while still ensuring children are referred early for care if suffering from moderate or severe malnutrition.

#### Identified Needs and Remaining Gaps

- Food assistance remains far from meeting Recommended Daily Intake of the population and leads to deteriorating nutrition status especially among young children and women.

**SHELTER AND CBI****Achievements and Impact**

- As of 31 October, a total of KES 67 million had been disbursed to persons of concern through UNHCR Cash Based Intervention (CBI) modality. Of this 86 % (KES 58.3 million) was disbursed as Cash for Shelter grants to 601 (3,078 individuals) families under Cycle 9 of the Cash for Shelter implementation while 14 percent (KES 9.4 million) was Cash for Core Relief Items (CRI) for 7,280 households (38,291 individuals). This cash was distributed to improve household income and allow the targeted families to purchase soap and enhance hygiene during this time of the COVID19 pandemic.
- In October, UNHCR Sub Office Kakuma deployed CashAssist for all the CBI implemented by the Office. CashAssist is UNHCR's corporate cash assistance management system that allows UNHCR and partners to deliver and track cash assistance to refugees and asylum-seekers.
- To substantiate the feasibility of CBI in Kakuma, UNHCR is at an advanced stage of preparation of a comprehensive market assessment. This will inform the expansion and scaling up of CBI to Kakuma camps into new sectors such as energy. The tools for data collection are being finalized for this exercise.

**WATER AND SANITATION****Achievements and Impact**

- To complement sanitation and hygiene promotion messaging, Community Led Total Sanitation (CLTS) facilitators visited 875 households to conduct demonstrations on proper handwashing. Besides, CLTS facilitators facilitated the installation of 737 leaky tins in Kalobyei settlement.
- 1,023 demonstration on installation of tippy tap/leaky tin were conducted by the CLTS facilitators through house to house visits. The aim of the exercise is to encourage the use of local resources and capacity/skills to create basic yet effective handwashing facilities to promote hygiene and sustain handwashing after using latrines.
- 2,135 households in Kalobyei were visited for follow up on latrine construction, maintenance and use. Issues addressed during visits include proper use of latrines, cleaning and maintenance, and the availability of squat hole covers and the use.
- Knowledge Attitude and Practices (KAP) survey was conducted in Kalobyei settlement and Kalobyei and Kakuma host communities. The exercise is aimed at generating data on current WASH situation in the respective areas for monitoring of existing and planning new and upcoming programs. Approximately 1,700 households were involved in the exercise.

- 304 individuals from 41 neighbourhoods in Kalobeyei village 3 benefitted from a targeted distribution of liquid soap by Peace Winds Japan. The aim of the distribution was to enhance the individual's capacity to frequently wash hands with soap and running water to prevent the spread of COVID-19 and diarrhoea related illnesses.
- 109 communal refuse collection sites were identified in Kalobeyei settlement. Further, 3 Community Based Organisations have been engaged to excavate refuse pits in the communal waste sites in support of organised and systematic waste management by persons of concern in Kalobeyei settlement.
- 2,355 simple hand washing devices were installed at various households in Kakuma refugee camp.
- To support safe reopening of schools, UNCHR partner for WASH fumigated two schools previously used as COVID-19 isolation and quarantine centers; Angelina Jolie Primary School and Morneau Shepell Secondary School. Besides the schools, fumigation was also conducted for the Kakuma reception centre, COVID-19 quarantine facility.
- UNHCR, the Ministry of Health, Peace Winds Japan, and AIC Health Ministries together with communities in Kalobeyei Settlement marked the Global Hand Washing day, 'themed Hand Hygiene for all' on 17 October. Hand washing demonstrations were conducted, and various hand washing technologies displayed including Sato tap - a technique that is easy and cheap to install and uses minimal water.
- 437 people were reached with COVID-19 messages through triggering sessions/meetings and a further 200 people (120 adults and 80 children) reached during Global Handwashing Day celebrations.
- During the month, local tailors produced a total of 3,085 re-usable pads for Peace Winds Japan. These are part of the 4,000 additional re-usable pads lined-up for production in support of adolescent girls (Age 9 - 14 years) on Menstrual Hygiene Management in Kalobeyei Settlement and host Communities. Besides, 90 CLTS facilitators were trained on SGBV mainstreaming and Menstrual Hygiene Management.
- 18,420 re-usable cloth facemasks were distributed to education partners to support schools re-opening in Kalobeyei (FCA - 1,000 masks; Windle Trust - 3,420 Masks and LWF) and Kakuma (LWF-14,000 Masks) in the context of COVID19.
- 1,643 reusable cloth facemasks were distributed among persons of concern in Kalobeyei settlement during the triggering exercises to enhance the prevention measures for COVID19.
- One live radio talk-back show to sensitize community on proper hand washing as a COVID-19 preventive measure was aired at Radio Atanayece during the week.
- 4,448 households (approximately 22,240 individuals) were reached through COVID-19 sensitization and awareness activities in Kakuma refugee camp.
- 2,415 Comic books for children were distributed during the week to enhance education of children on key facts of COVID-19 prevention measures and trigger dialogue with their parents at home. This will enhance understanding of the risks and reinforce behaviour change in complying with the laid down measures.
- 26 blocks in Kakuma refugee camp were sensitized on proper management of solid waste during which a general cleaning exercise was conducted for public places.

- 223 latrine pits in flood prone areas in K1, K2, K3 were installed with liners to prevent soil liquefaction and collapse during the rainy season. 8 communal latrines were constructed for newly arrived refugees who were discharged and relocated from the Kakuma reception center (quarantine facility).
- 80 latrine slabs distributed among the beneficiary communities in Kalobeyei village 3 to support the community to build makeshift latrines as part of enhancing latrine coverage in efforts to stop open defecation among the benefitting neighbourhoods. 12 new makeshift latrines were constructed during the reporting period.
- A total of 32 disability friendly latrines were constructed during the reporting period.
- UNHCR WASH partner, Norwegian Refugee Council (NRC) conducted dissemination of hygiene promotion messages and demonstration of proper hand washing with soap and clean running water at the food and firewood distribution centres during the general food distribution exercise.
- 228 house-to-house COVID-19 sensitizations were conducted in Kalobeyei settlement by the CLTS facilitators to enhance understanding and compliance with the key prevention measures. During these sensitizations, the community members highlighted the fact that they are unable to afford to buy the face masks for all household members, but they were aware of the importance.
- 69 hygiene promoters were recruited and trained to heighten COVID-19 awareness at the household level and in public places in Kakuma refugee camp.
- Peace Winds Japan (PWJ) delivered two 90KG refuse bins (Wheeled) to the Isolation and Treatment centre located at Nalemsokon Health Facility in Kalobeyei settlement.
- 1,320 households visited on latrine availability, use and maintenance. It was observed that most households are maintaining high standards of cleanliness in the latrines and around the latrines by ensuring even the children faeces have been collected and disposed of properly.
- NRC supported extension of water pipeline to Natir dispensary in the host community with 100 meters of 2" HDPE pipe and three pieces of 2" HDPE couplings.

#### Identified Needs and Remaining Gaps

- Double outbreak of COVID-19 and Cholera is straining implementation of projects as attention is focused in prevention and control of the two diseases.

#### COMMUNITY EMPOWERMENT AND SELF RELIANCE

##### Achievements and Impact

- TVET Officers completed C-19 inspection for five TVET centers in the Kakuma camp and Kakuma town effecting technical institutions reopening on 12th October 2020.

- Nine automotive mechanics trainees completed third and fourth phase Toyota Kenya Foundation virtual soft skills training implemented on 5 to 23 October. UNHCR Livelihoods facilitated connectivity at the Main Conference.
- 100 business incubates received coaching and mentorship to enhance their practical knowledge in budgeting, cash flow management, business strategy development and review.
- AEC Kenya awarded recovery business grant to 12 businesses to keep businesses afloat in the new normal.
- UNHCR Livelihoods unit connected ILO PROSEPECTS Enterprise project with host and refugee businesses to attend upcoming capacity building Financial inclusion trainings scheduled in November.
- UNHCRs partner for livelihoods, Action Africa Help – International (AAH-I) facilitated successful six business registration. Five host community owned and one refugee female owned businesses.
- 10 Village Savings and Loans Association (VSLA) groups of 208 (136 female) members continued with their savings and lending. Currently the groups have a cumulative savings of Kes 878,800 and loans worth Kes. 923, 650.

#### Identified Needs and Remaining Gaps

- Business recovery grants for refugee and host community businesses as post COVID-19 recovery strategy.
- Internet connectivity to support tertiary education and online jobs amid the current COVID-19 pandemic.
- Private sector linkages for markets and agricultural farm inputs/implements and value chains.

## Working in partnership

UNHCR continues to work closely with the Government of Kenya through the office of the Deputy County Commissioner (DCC), Turkana County Government, the Refugee Affairs Secretariat (RAS), and partners to ensure support to refugees and asylum seekers. Monthly Inter-Agency meetings chaired by UNHCR and RAS continue to be held virtually using Microsoft Teams platform.

To implement different sectors, since beginning of the year UNHCR signed Partner Project Agreement (PPAs) with 18 implementing Partners, (8 NNGOs and 9 INGOs) as well as a Bipartite Agreement with RAS. In addition, another 14 operational partners also implement activities with their own financial resources to compliment UNHCR efforts in ensuring support to refugees and asylum seekers.

## Financial Information

Total recorded contributions for the **Kenya Operation** amounts to **87.06 million** US dollars.

UNHCR is grateful for the critical support provided by donors who have contributed to the Kenya operation as well as those who have contributed to UNHCR programmes with unearmarked and broadly earmarked funds.

## External / Donors Relations
