

1.82 million

Estimated number of people displaced within and out of Borno state (Source DTM Round X and other sources)

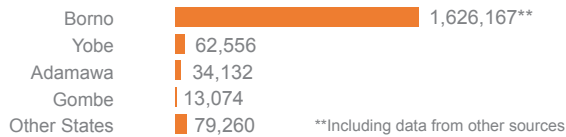

Areas of origin*

Although over half of the IDPs within/from Borno originate from Konduga, Mafa, Kukawa, Gwoza and Bama, the conflict has caused displacement from almost every LGA:

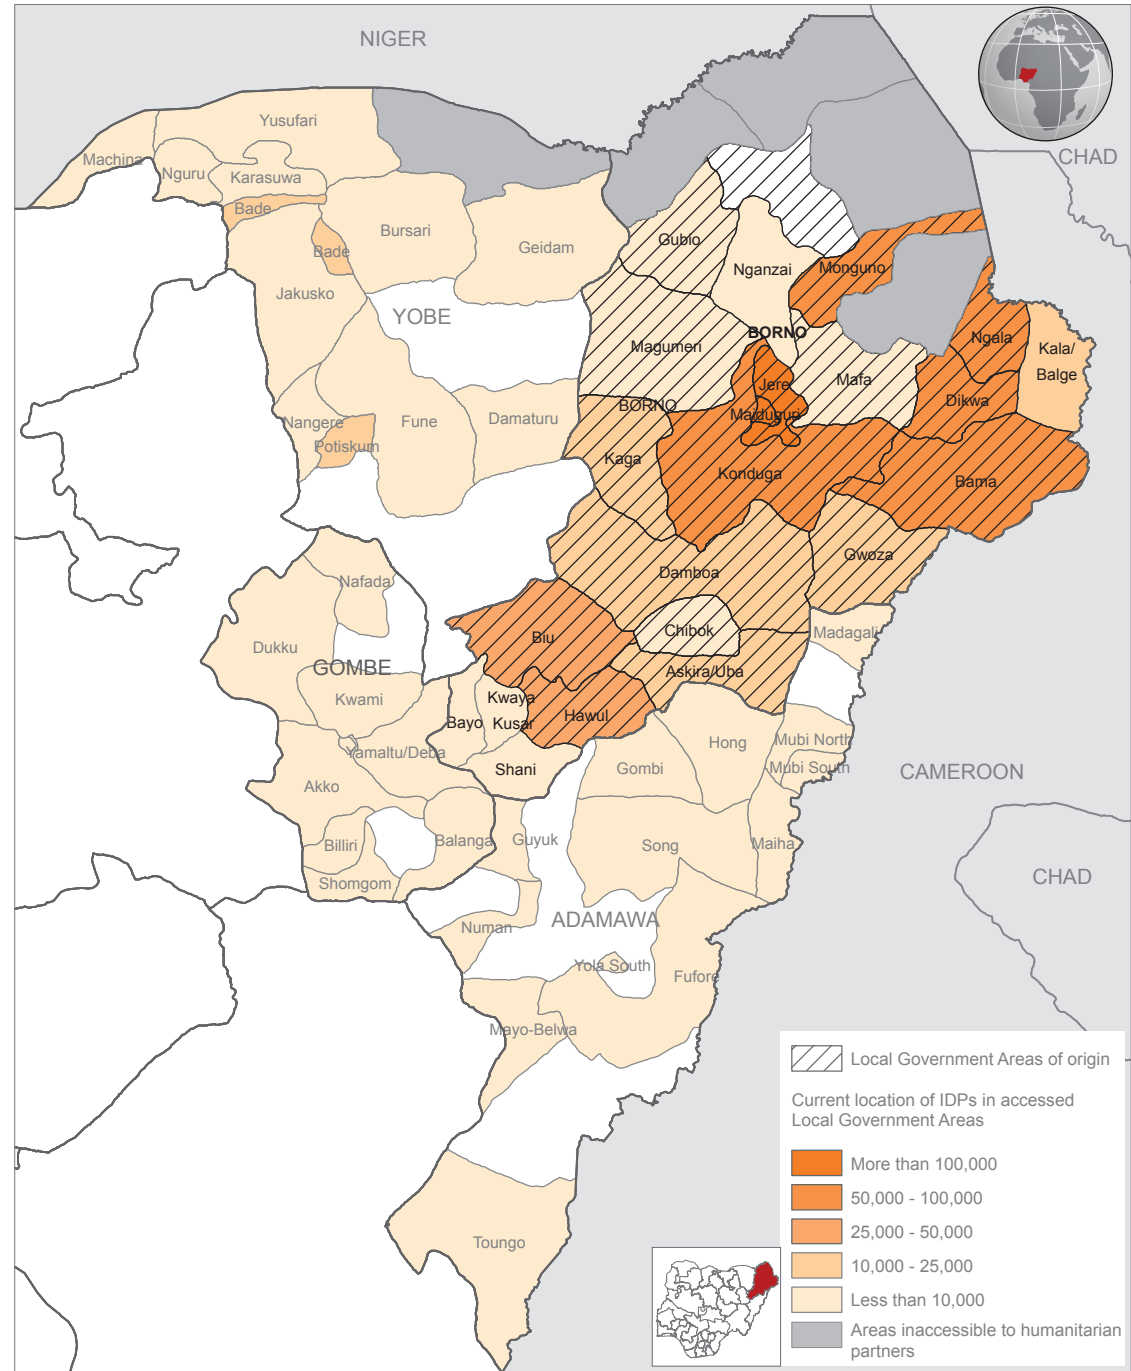

Current location

Of the IDPs within/from Borno State, the vast majority of have stayed within the state

A Note about IDP Numbers:

These numbers represent a "best estimate" at the time of publication and are compiled from various sources including the Displacement Tracking Matrix (IOM/NEMA), Nigerian authorities, NGOs, INGOs and others. Where possible, OCHA has attempted to verify estimates through triangulation of multiple sources. As the situation in the northeast remains fluid, population estimates are frequently changing and therefore should be used with the appropriate caution.
