STATEMENT BY THE PRESIDENT OF THE SECURITY COUNCIL

At the 3880th meeting of the Security Council, held on 14 May 1998, in connection with the Council's consideration of the item entitled "The situation between Iraq and Kuwait", the President of the Security Council made the following statement on behalf of the Council:

"The Security Council has reviewed the report of 16 April 1998 from the Executive Chairman of the United Nations Special Commission (S/1998/332) and the report of 9 April 1998 from the Director General of the International Atomic Energy Agency (IAEA) (S/1998/312). The Council welcomes the improved access provided to the Special Commission and the IAEA by the Government of Iraq following the signature of the Memorandum of Understanding by the Deputy Prime Minister of Iraq and the Secretary-General on 23 February 1998 (S/1998/166) and the adoption of its resolution 1154 (1998) of 2 March 1998. The Council calls for continued implementation of the Memorandum of Understanding.

"The Security Council expresses the hope that the agreement by the Government of Iraq to fulfil its obligation to provide immediate, unconditional, and unrestricted access to the Special Commission and the IAEA will reflect a new Iraqi spirit with regard to providing accurate and detailed information in all areas of concern to the Special Commission and the IAEA as required by the relevant resolutions.

"The Security Council expresses its concern that the most recent reports of the Special Commission, including the reports of the technical evaluation meetings (S/1998/176 and S/1998/308), indicate that Iraq has not provided full disclosure in a number of critical areas, in spite of repeated requests from the Special Commission, and calls upon Iraq to do so. The Council encourages the Special Commission to continue its efforts to improve its effectiveness and efficiency and looks forward to a technical meeting of the members of the Council with the Executive Chairman of the Special Commission as a follow-up to the review of sanctions held by the Council on 27 April 1998.

"The Security Council notes that the Special Commission and the IAEA must discharge their mandates as defined under resolutions 687 (1991) of 3 April 1991 and 707 (1991) of 15 August 1991 with full Iraqi cooperation in all areas, including fulfilment by Iraq of its obligation to provide full, final and complete declarations of all aspects of its prohibited programmes for weapons of mass destruction and missiles.

"The Security Council notes that the investigations by the IAEA over the past several years have yielded a technically coherent picture of Iraq's clandestine nuclear programme, although Iraq has not supplied full responses to all of the questions and concerns of the IAEA, including those specified in paragraphs 24 and 27 of the report of the Director General of 9 April 1998.

"The Council affirms its intention, given the progress of the IAEA, and in line with paragraphs 12 and 13 of resolution 687 (1991), to agree in a resolution that the IAEA dedicate its resources to implement the ongoing monitoring and verification activities of the IAEA under resolution 715 (1991) of 11 October 1991, upon receipt of a report from the Director General of the IAEA stating that the necessary technical and substantive clarifications have been made, including provision by Iraq of the necessary responses to all IAEA questions and concerns, in order to permit full implementation of the ongoing monitoring and verification plan approved by resolution 715 (1991). In this regard, the Council requests the Director General of the IAEA to provide this information in his report due on 11 October 1998 and to submit a status report by the end of July 1998 for possible action at that time.

"The Security Council acknowledges that the IAEA is focusing most of its resources on the implementation and strengthening of its activities under the ongoing monitoring and verification plan. The Council notes that, within the framework of its ongoing monitoring and verification responsibilities, the IAEA will continue to exercise its right to investigate any aspect of Iraq's clandestine nuclear programme, in particular through the follow-up of any new information developed by the IAEA or provided by Member States and to destroy, remove or render harmless any prohibited items discovered through such investigations falling under resolutions 687 (1991) and 707 (1991) in conformity with the IAEA's ongoing monitoring and verification plan approved by resolution 715 (1991)."
