## **I. Organizational and other matters**

### **A. States parties to the Convention on the Rights of Persons with Disabilities and its Optional Protocol**

1. As at 27 February 2009, the closing date of the first session of the Committee on the Rights of Persons with Disabilities, there were 47 States parties to the Convention on the Rights of Persons with Disabilities and 29 States parties to its Optional Protocol. The Convention and its Optional Protocol were adopted by the General Assembly in its resolution 61/611 of 13 December 2006 and opened for signature, ratification and accession on 30 March 2007. In accordance with its article 45, paragraph 1, the Convention entered into force on 3 May 2008. In accordance with its article 13, the Optional Protocol also entered into force on 3 May 2008, at the same time as the Convention.

2. A list of States parties to the Convention and to the Optional Protocol is contained in annex I of this report.

### **B. Opening of the first session of the Committee on the Rights of Persons with Disabilities**

3. The session was opened by the Deputy United Nations High Commissioner for Human Rights, Ms. Kyung-wha Kang, who underlined the important focus of the work of the Committee on the Rights of Persons with Disabilities, and assured the members of her commitment, and of that of her Office, to fully comply with the spirit of the Convention. She promised them the best possible support as they carried out their mandate which she considered key to guarantee equal protection to the rights of the persons with disabilities.

### **C. Solemn declaration by members of the Committee**

4. At the opening of the first session, on 23 February 2009, the 12 members of the Committee made a solemn declaration reflecting the provisions of article 12 of the provisional rules of procedure of the Committee.

### **D. Adoption of the agenda and organization of work**

5. The Committee amended the draft provisional agenda (CRPD/C/1/1), to include key issues relating to its work.

6. The Committee postponed elections of its Bureau members to its second day of work, in order to be able to consider the provisional rule of procedure regarding the election of officers and composition of the Bureau (i.e. rules 13 to 18).

### **E. Membership of the Committee**

7. The Committee on the Rights of Persons with Disabilities was established in accordance with article 34, paragraph 1, of the Convention, with the first 12 members of the Committee being elected by the Conference of States parties on 3 November 2008.

8. A list of members of the Committee, indicating the duration of their terms of office, is contained in annex II of the present report. All members attended the session.

## II. Action taken during the first session

### A. Working methods

9. The Committee used the following as its working languages: English, Spanish, Arabic, Chinese and French.

10. The Committee began its discussion of various issues related to working methods, including:

(a) The issue of ensuring the accessibility of information and material as a matter of priority, including for those people whose forms of disabilities are not represented by a member of the Committee, such as sign language;

(b) The creation of working groups to work on the draft rules of procedure;

(c) The creation of a pre-sessional working group;

(d) The possibility of holding one Committee session in New York;

(e) The need for exploring the possibilities for cooperating with States, if they should require advice from the Committee.

11. The Committee noted that there was insufficient time in the timetable for an examination of all of these important areas in detail. It resolved to return to these matters in exchanges among the members between sessions, and eventually hold a first meeting of the second session in a country willing to host the Committee, if the Office of the United Nations High Commissioner for Human Rights (OHCHR) is unable to provide funding for such a meeting. This would enable it to finish the discussion of these important issues at the time of the second meeting of the second session in October 2009.

### B. Induction course

12. The Committee was provided with an induction course regarding the various aspects of the work of the Committee, and the work of OHCHR and ways it could support the Committee.

### C. Election of the Committee Chairperson and its Bureau

13. The Committee has elected by consensus the following members to its Bureau for a term of two years in accordance with rules 13 and 15 (1) of the provisional rules of procedure. After a misunderstanding arose as to the meaning of "simple majority" under the provisional rules of procedure, under which Mr. Al-Tarawneh was elected, an agreement was proposed that Mr. Al-Tarawneh would perform as Chairperson during the first year and that Ms. Pelaez-Narvaez would act as Chairperson for the second year of the term, as they got respectively 5 and 4 votes in the Committee. By a further consensus, the composition of the Bureau was agreed to be as follows:

Chairperson: Mohamed Al-Tarawneh (Jordan) for 2009  
Ana Pelaez-Narvaez (Spain) for 2010;

Vice-Chairperson: Ana Pelaez-Narvaez (Spain) for 2009  
Mohamed Al-Tarawneh (Jordan) for 2010;

Vice-Chairperson: Edah. W. Maina (Kenya) for 2009  
Lotfi Ben Lallahom (Tunisia) for 2010;

Vice-Chairperson:	Jia Yang (China) for 2009 Monsur A. Chowdhuri (Bangladesh) for 2010;
Vice-Chairperson:	Gyorgy Konczei (Hungary) for 2009 Cveto Ursic (Slovenia) for 2010;
Vice-Chairperson:	German X. Torres Correa (Ecuador) for 2009 Maria S. Cisternas Reyes (Chile) for 2010;
Rapporteur:	Ronald McCallum (Australia) (General issues)
Rapporteur:	Amna A. Al-Suwaidi (Qatar) (Optional Protocol)

14. Acting by consensus, the Committee elected its officers with a particular regard paid to geographical, disability and gender representation, and provided that officers will hold their positions alternately so as to ensure the widest representation. The members of the Bureau will hold the position of Vice-Chairperson on a rotating basis, respectively for a term of one year each.

#### **D. Press conference**

15. The Committee met with journalists during a press conference on the last day of the session, to brief them about the work of the new human rights treaty Committee and issued a press statement, entitled “First Declaration by the Committee on the Rights of Persons with Disabilities: Looking forward”.<sup>1</sup>

#### **E. Other decisions**

16. The Committee took a number of other decisions, which are listed below and in annex IV.

17. To ensure accessibility, the Committee decided to request the Secretariat to provide support in the form of hearing devices, sign language and visual captioning for its forthcoming sessions.

18. The Committee decided to establish three working groups, to work respectively on the rules of procedure; on the reporting guidelines; and on working methods other than reporting guidelines.

#### **F. Future sessions**

19. In accordance with the Calendar of Conferences adopted by the General Assembly, the Committee confirmed the date of its second session, to be held from 19 to 23 October 2009 in Geneva. It also encouraged the Secretariat to explore the possibility of convening informal meetings of the Committee or its working groups.

20. The Committee also requested the Secretariat to explore the possibility of having some of its sessions in New York.

21. For the second session, to be held in October 2009, the Committee decided on a provisional list of matters to be placed on the agenda (see annex V).

<sup>1</sup> See annex VI.

## **G. Accessibility of information**

22. The Committee observed that information concerning it on the OHCHR website was not readily accessible, in particular to persons with visual impairments. The Committee hoped that more accessible information would be provided, including in a variety of languages and in a format which would be easily accessible to persons with disabilities.

## **III. Relations with other bodies**

### **A. Cooperation with other United Nations organs**

23. On 25 February 2009 (7th meeting), the Committee met with the representatives of other United Nations bodies and agencies, and discussed ways of cooperation, as provided by article 38 of the Convention.

### **B. Cooperation with non-governmental organizations**

24. On 26 February 2009 (8th meeting), the Committee met with representatives of several non-governmental organizations: Disabled People International; the European Disability Forum; International Disability Alliance and the Centre on Human Rights for People with Disabilities (see annex IV).

25. The Committee welcomed the contribution made by civil society both during the elaboration of the Convention and of its Optional Protocol and in encouraging its entry into force. The Committee expressed the hope that non-governmental organizations would continue to work with the Committee to promote further ratification of and accession to the Convention and its Optional Protocol.

## Annex VI

### **Text of the first declaration by the Committee on the Rights of Persons with Disabilities “Committee on the Rights of Persons with Disabilities: Looking forward”**

In Geneva, on 27 February 2009, the Committee on the Rights of Persons with Disabilities, (hereinafter the Committee):

1. Considering the provisions in article 34, paragraph 1 and paragraph 2, of the Convention on the Rights of Persons with Disabilities (the Convention), the Committee has proceeded to its formal establishment, holding its first session between 23 and 27 February 2009;
2. Complying with the provisions of article 34 (10) of the Convention, the Committee has proceeded with the election of the Bureau of the Committee;
3. In a spirit of promoting, protecting and ensuring the full and equal enjoyment of all human rights and fundamental freedoms by all persons with disabilities; with the aim of promoting respect for their inherent dignity, as set forth in article 1 of the Convention and in accordance with the principles set out in article 3; having particular regard to the situation of more than 650 million persons with disabilities around the world;
4. Acknowledging the importance of involving civil society, in particular organizations of persons with disabilities in all matters that affect them, in conformity with article 4, paragraph 3, of the Convention and other relevant articles;
5. Emphasizing the need to raise awareness of persons with disabilities, and of enhancing the visibility of their rights and roles in society, in accordance with article 8 of the Convention.

*The Committee hereby declares:*

1. That it welcomes and considers the progress achieved by States Parties following the signature and ratification of the Convention. It calls on those States that have not yet ratified the Convention and its Optional Protocol that they do so as soon as possible and without reservations and/or declarations;
2. That it shall afford equal attention and priority to all persons with disabilities considering the specific conditions of those who are vulnerable, such as women; children; older persons; persons with disabilities in rural areas or in areas of armed conflict; persons with multiple disabilities, including those who require more intensive support; indigenous people; migrants and asylum-seekers and others;
3. That it recognizes the importance of immediate transition from the medical model to the human rights and social model of disability in accordance with the Convention. It shall endeavour to provide required support to States Parties in realizing this important transition;
4. That it acknowledges the importance of contributions by States Parties, regional integration organizations, specialized organs and other competent entities within and outside the United Nations system and of civil society entities of persons with disabilities. Each of these actors shall play a significant role, from their own perspective and following their own cooperation procedures and channels. At the same time, the Committee invites all relevant stakeholders to undertake strong efforts towards the implementation of the Convention at the national level;

5. That it considers of the utmost importance to consider and examine the situation of all persons with disabilities in order to fulfil the Millennium Development Goals for the eradication of poverty; the Beijing Declaration and Platform for Action; and to comply with other international plans of action, particularly the application of human development indexes, human poverty index and the disability and gender empowerment measure;

6. The fundamental importance of inclusive social development for the full enjoyment of the rights of persons with disabilities and for the betterment of their quality of life. Due to this consideration States are invited to double their efforts in this area and to refrain from letting economic and financial instabilities — which by their nature are of a temporary character — affect the achievement of this objective. There can be no doubt that persons with disabilities are at particular risk in the current economic crisis and it is important that States pay special attention to the situation of persons with disabilities in the current situation. This is an obligation of each and every State, but it is also an issue in which international cooperation plays an important role, especially in regard to developing countries. The provisions of article 32 of the Convention are especially relevant in the current context;

7. That it shall request and enhance the implementation and monitoring of the Convention, and it shall be available to provide technical support to States parties, United Nations entities and international cooperation on different thematic areas of the Convention and its Optional Protocol.

The Committee calls on the Office of the United Nations High Commissioner for Human Rights to ensure that this declaration be disseminated as widely as possible in the United Nations official languages and in accessible formats.
