CHAPTER III – SUPERVISION OVER ALIENS

Article 10

(Reasons for placing an alien under supervision)

In terms of Article 99 of the Law, an alien is placed under supervision in order to ensure the enforcement of the administrative decision ordering his/her departure from BiH, whereas he/she has not left BiH voluntarily.

Article 11

(Issuing, enforcing an appealing a decision on supervision over an alien)

- (1) A decision on supervision over the alien is issued by the SFA, which hands it over to the alien and enforces it by accommodating the alien in the immigration center.
- (2) The decision on supervision over the alien is enforced by the SFA organizational unit, which has issued the decision. If so requested by the SFA, the enforcement of the decision is supported by the staff of the immigration center and police.
- (3) A decision on supervision over the alien determines that the alien shall be placed under supervision until its purpose is fulfilled, but for no more than 30 days, that the alien shall be accommodated in the immigration center, and it contains legal grounds for supervision over the alien, date and time of his/her accommodation.
- (4) The decision on supervision may be appealed before the MoS within 24 hours from its receipt and/or delivery. The appeal does not stay the execution of the decision.
- (5) If the MoS does not revoke the decision on supervision over the alien within 24 hours or does not decide upon the appeal within the set deadline, an administrative dispute may be initiated before the BiH Court with a lawsuit within 24 hours from the expiry of the deadline set for the MoS actions. The lawsuit does not stay the execution of the decision.
- (6) SFA shall make efforts to reduce the duration of supervision to the shortest period of time possible.

Article 12

(Decision on extension and decision on exceptional extension of supervision)

- (1) In case of reasons mentioned in Article 99 of the Law, the SFA may keep an alien under supervision even upon the expiry of a 30-day period, based on the decision on expansion of supervision.
- (2) Each time, supervision may be extended for maximum 30 days. The total period of supervision must not exceed 180 days.
- (3) By derogation from the preceding paragraph, when the alien prevents his/her removal or when the alien cannot be removed for any other reason whatsoever, the SFA may extend the total period of supervision beyond 180 days with a decision on exceptional extension of supervision.

(4) A decision on extension of supervision may be issued the latest seven days before the expiry of the deadline set for the preceding supervision.

(5) Decisions on extension of supervision may be challenged by way of legal remedies mentioned in the preceding Article of the present Bylaw.

Article 13

(Amending decisions on supervision in terms of the manner of their execution)

(1) SFA may amend a decision on supervision over the alien in terms of the manner of its execution, in a way to determine that the alien shall be accommodated outside rather than the inside of the immigration center and to restrict his/her movement to his/her place of residence or to his/her address as well as to require him/her to report regularly, in the set intervals of time, to the competent organizational unit. In that case, the alien's travel documents which could be used for border-crossing are confiscated and he/she is issued with a relevant attestation.

(2) The accommodation in the facilities of the State institutions and NGOs that have signed a co-operation protocol with the State and that fulfill minimum standards and requirements as laid down in the *Bylaw on Operational Standards and Other Issues Relevant for the Operation of the Immigration Center* is also considered as the stay outside the immigration center, with the movement restriction of the alien to his/her place of residence or his/her address.

(3) The co-operation protocol mentioned in paragraph (2) above is signed by the SFA director.

(4) In case of amending the decision on supervision over the alien in terms of paragraph (1) above, the decision cannot be appealed and provisions of Article 101 of the Law are not applied.
