UPDATE ON ACHIEVEMENTS

Operational Context

PUNTLAND

The number of persons arriving from Yemen to Bossaso has decreased, but still remains unpredictable, despite the declared cessation of hostilities and the diplomatic efforts underway in Yemen. Larger displacements may yet occur.

SOMALILAND

Since March 2015, 9,966 new arrivals (3,323 families) have been recorded in Somaliland, including 1,941 Yemenis, 7,877 Somalis, 114 Ethiopians and 23 people of other nationalities. The total number of new arrivals in Somaliland remains relatively low.

Achievements

PUNTLAND

During the reporting period, a total of 45 individuals -40 Somali returnees and 5 Yemeni refugees- arrived in Puntland through the port of Bossaso on a boat that made landing on 2 May. All were registered by UNHCR in collaboration with local authorities and partners Bossaso.

At their point of entry, the new arrivals were assisted with refreshments provided by Danish Refugee Council (DRC), transport from the port to the Reception Centre and biometric registration for all arrivals. Three meals a day are provided for up to five days by WFP to all new arrivals at the reception Centre.

SOMALILAND

On 25 April a boat that had departed from Aden with 5 people on board –four Yemenis and one Somali national- made landing in Berbera, Somaliland. Two days later, on 27 April, a second boat carrying in total seven individuals (six households) -five Yemenis and two Ethiopians- reached Berbera. The “Zacim” had departed from Makha port and reached the Somaliland coastline at 7:00 AM. The boat was able to dock at 8:00 AM. The travel cost from Makha to Berbera was \$100. Finally, on 5 May, the port of Berbera received a boat carrying 42 individuals (29 households) -20 Yemenis, 21 Somalis, and one Yemeni who had already been in Somaliland, had returned to Yemen and now has come back again to Somaliland. The “Noba 2” had departed from Ma’alla port and reached the Somaliland coastline at 5:00 PM and was able to dock immediately. The travel cost from Aden (Ma’alla port) to Berbera was \$150, while children travelled free of charge. The new arrivals did not report any case of armed, physical violence or GBV during their journey.

Reception services were provided by DRC, UNHCR and Somali Red Crescent Society (SRCS) teams. The entry formalities were duly conducted by the Government agencies and the Immigration office operating at the sea-port of entry. There were no undocumented foreigners among the newly disembarked. All persons were found to be in good health condition, and, after provision of food and water, they were accommodated in the Reception Centre.

Basic needs -including water, food and emergency health care facilities- have been made available for the new arrivals at the Centre. UNHCR partner Comprehensive Community Based Rehabilitation in Somaliland (CCBRS) conducted vulnerability assessments for the provision of Onward Transportation Allowance (OTA) by IOM. Most new arrivals

reported that the ongoing war in Yemen had forced them to leave their country and that transportation between towns and cities inside Yemen is very difficult, if not altogether impossible in some provinces. All people of concern were provided by DRC with non-food item (NFI) kits, water and accommodation at the Reception Centre.
