Emergency Intervention Priorities

October 2013

The intervention categories (Urgent, Medium and Ongoing) are based on the media, field and refugees report of incidents.

GIS and Mapping by UNHCR.
For more information and updates contact:
Wali Ahadi (ahedi@unhcr.org, ahadia@un.org)

Urgent interventions: areas that need immediate action due to eminent threat to life, denial of access to services, helter/evictions, restriction of free movement etc

Medium term interventions: areas where there are multiple conflict triggers (sporadic/isolated incidents)

Ongoing/long-term interventions: areas with a high concentration of refugees and/or where tensions are rising, fear, resentment, mistrust

The boundaries, names, and designations used on this map do not imply official endorsement of the United Nations or UNHCR. All data used were the best available at the time of map production.
