Committee on the Rights of the Child

Sixty-ninth session

25 May–12 June 2015

Item 4 of the provisional agenda

Consideration of reports of States parties

List of issues relating to the combined fourth and fifth periodic reports of Honduras

The State party is requested to submit additional, updated information in writing, if possible by 15 March 2015 (no more than 10,700 words).

The Committee may take up any aspect of children's rights covered in the Convention during the dialogue with the State party.

Part I

In this section the State party is requested to submit replies to the following questions.

1. With reference to paragraphs 64 to 66 of the State party's report, please provide information on the results of the Opportunities Plan for Children and Adolescents, the budget for its implementation, and the monitoring and evaluation process. Please also provide information on the coordination of all other schemes and programmes adopted by the State party which may affect children.
2. Please provide information on the institutional reform process that led to the dissolution of the Honduran Institute for Children and the Family and the establishment of the Directorate for Children, Adolescents and Families. Please indicate what the Directorate's responsibilities are and what human, financial and technical resources have been allocated to it. Please also describe the terms of reference of the commission that was temporarily established pursuant to Executive Decree No. PCM-26-2014.
3. Please provide additional, updated information on the way in which the State party determines the budget allocations for activities relating to children and adolescents and what steps it has taken to reduce poverty and inequality among children and adolescents by ensuring that the distribution of funds among the various regions is balanced. Please also specify whether the State has mechanisms for monitoring and evaluating how effectively and efficiently these resources, including international cooperation funds, are used.

4. With reference to paragraph 62 (b) of the State party's report, please provide detailed information on the status of the bill on the Office of the Children's Advocate. Please also provide information on the steps taken to ensure that this institution operates in accordance with the Paris Principles, is accessible and child- and adolescent-friendly and has the authority to receive and take action on complaints submitted by private individuals regarding children's rights violations.
5. Please provide additional, updated information on how the Convention is publicized among children and adolescents and whether it has been incorporated into school curricula. Please also indicate whether the Convention has been integrated into training programmes for all professionals working with and for children and adolescents (particularly those working in the administration of justice, the education system, medical services and protection services) and, if so, explain how this was achieved.
6. Please provide information on the measures taken to combat persistent discrimination against girls, gender stereotyping and patriarchal attitudes that impede the full realization of girls' rights. Please also provide information on the measures taken to combat persistent discrimination against girls with disabilities as well as discrimination based on sexual orientation and gender identity.
7. Please provide detailed information on the measures adopted and the mechanisms put in place for the prevention and investigation of murders of children and adolescents, the punishment of those responsible and the full protection, rehabilitation and compensation of victims. Please also indicate what steps have been taken to implement the Comprehensive Policy on Citizen Coexistence and Security.
8. Please explain whether the application of the Act on the National Preventive Mechanism against Torture and Other Cruel, Inhuman or Degrading Treatment has been assessed and indicate what measures have been put in place to prevent children and adolescents from falling prey to such acts. Please also provide information on the steps taken in every case to investigate allegations of mistreatment and abuse at the hands of law enforcement officials and to prosecute and punish the perpetrators.
9. Please provide information on the specific measures undertaken to prevent and eradicate gender-based violence, including femicide, domestic violence and school bullying, and on the results of the National Policy on the Prevention of Violence against Children and Youth. Please also provide information on the steps taken to prosecute perpetrators of violence and to compensate and rehabilitate their victims and on the mechanisms available to those who seek advice or counselling.
10. Please provide further information on the measures adopted to provide appropriate support services for families at risk or in vulnerable situations with a view to avoiding the removal of children and adolescents from their family environment. Please also provide detailed information on the measures taken to promote deinstitutionalization and to support and provide training to foster families.
11. Please provide more information on the progress achieved in the protection of the rights of children and adolescents with disabilities, particularly in the areas of inclusive education, health, public services and accessibility, and in the implementation of the National Universal Accessibility Plan. Please also provide information on the current status of the National Council for Children with Disabilities (CONAMED).
12. Please describe the steps taken to ensure that all households have access to sanitation and safe drinking water, particularly in indigenous communities and in rural or remote areas.
13. Please provide further information on the impact and assessment of the various programmes described in the section of the State party's report on living standards.

14. Please provide information on the measures that are to be adopted in order to receive children and adolescents at risk of deportation from the United States of America and ensure that they are returned under humane and safe conditions. Please specify what institution is responsible for protecting and receiving migrant children and adolescents.

15. Please provide information on prevention measures and the physical and psychological rehabilitation and social reintegration services available to children and adolescents who have been recruited or used by armed groups (including gangs) in the State party.

16. Please describe any actions taken to effectively implement the regulations regarding restorative measures and the use of custodial sentences as a last resort. Please provide information on the amendment of article 332 of the Criminal Code to prevent children and adolescents from being arbitrarily arrested or detained. Please also provide further information on any measures that have been taken to improve the living conditions of adolescents deprived of their liberty and to prevent violence in detention centres. Lastly, please provide information on any measures designed to protect child and adolescent victims or witnesses during legal proceedings.

Part II

In this section, the Committee invites the State party to provide a brief update (no more than three pages) on the information presented in its report regarding:

- (a) New bills or enacted legislation and any accompanying regulations;
