Please inform the Committee of the measures taken to prevent and put an end to the use of schools by security forces, armed groups and political parties. 6. Taking into account that half of the children are not registered at birth, please indicate how the State party proceeds with the age verification of voluntary recruits and how it ensures that recruitments are genuinely voluntary.

7. Please indicate the reasons why the State party has still not adopted legislation prohibiting and criminalizing the recruitment and use of children in armed conflict by State and non-State armed groups. Please indicate whether the State party defines in its domestic legislation the recruitment of children below the age of 15 as a war crime and whether it intends to ratify the Rome Statute of the International Criminal Court.

8. Please provide detailed information on the measures taken to ensure effective accountability for violations and abuse committed against children by both parties during and after the conflict. With reference to paragraph 32 of the 2010 report of the Secretary-General of the United Nations (S/2010/181), please provide updated information on the outcome of the legal proceedings undertaken and the sanctions pronounced against the members of the former Royal Nepal Army who tortured and killed Maina Sunuwar.

9. Please clarify whether the Commission on Investigation of Disappeared Persons, Truth and Reconciliation Act of 25 April 2014 contains provisions that enable perpetrators of crimes against children — including the recruitment and use of children in armed conflict — to benefit from impunity. Please also indicate whether the Act specifically deals with the impact of the conflict on children, and whether the participation of children in the Truth and Reconciliation Commission has been envisaged and following what modalities.

10. Please provide information on the results achieved through the implementation of the 2010 National Plan of Action for the Rehabilitation and Reintegration of Children Affected by Armed Conflict. In particular, please indicate the measures taken to:

(a) Identify children affected by armed conflict and provide them with programmes and services for their physical and mental recovery as well as their psychosocial reintegration;

(b) Address the situation of all the children whose parents were killed or were forcibly disappeared, and who were unable to get compensation or reparation due to the reported lack of information on the availability of relief packages.
