

PC Number: 2021-0075

Date: 2021-02-14

Whereas the Administrator in Council is of the opinion, based on the declaration of a pandemic by the World Health Organization, that there is an outbreak of a communicable disease, namely coronavirus disease 2019 (COVID-19), in the majority of foreign countries;

Whereas the Administrator in Council is of the opinion that the introduction or spread of the disease would pose an imminent and severe risk to public health in Canada;

Whereas the Administrator in Council is of the opinion that the entry of persons into Canada who have recently been in a foreign country may introduce or contribute to the spread in Canada of the disease or of new variants of the virus causing COVID-19 that pose risks that differ from those posed by other variants but that are equivalent or more serious;

And whereas the Administrator in Council is of the opinion that no reasonable alternatives to prevent the introduction or spread of the disease are available;

Therefore, His Excellency the Administrator of the Government of Canada in Council, on the recommendation of the Minister of Health, pursuant to section 58 of the *Quarantine Act*, makes the annexed *Minimizing the Risk of Exposure to COVID-19 in Canada Order (Quarantine, Isolation and Other Obligations)*.

Attendu que l'administrateur en conseil est d'avis, compte tenu de la déclaration de pandémie de l'Organisation mondiale de la santé, que la majorité des pays étrangers est aux prises avec l'apparition d'une maladie transmissible, soit la maladie à coronavirus 2019 (COVID-19);

Attendu que l'administrateur en conseil est d'avis que l'introduction ou la propagation de cette maladie présenterait un danger grave et imminent pour la santé publique au Canada;

Attendu que l'administrateur en conseil est d'avis que l'entrée au Canada de personnes qui ont récemment séjourné dans un pays étranger pourrait favoriser l'introduction ou la propagation au Canada de la maladie ou de nouveaux variants du virus qui cause la COVID-19, lesquels présentent des risques qui sont différents de ceux présentés par d'autres variants, mais qui sont équivalents ou plus graves;

Attendu que l'administrateur en conseil est d'avis qu'il n'existe aucune autre solution raisonnable permettant de prévenir l'introduction ou la propagation de la maladie au Canada,

À ces causes, sur recommandation de la ministre de la Santé et en vertu de l'article 58 de la *Loi sur la mise en quarantaine*, Son Excellence l'administrateur du gouvernement du Canada en conseil prend le *Décret visant la réduction du risque d'exposition à la COVID-19 au Canada (quarantaine, isolement et autres obligations)*, ci-après.
